Mr. R. P. Masani, Joint Secretary. To commence his duties on the termination of his appointment as Secretary to the Bombay Provincial Banking Enquiry Committee.

In the meantime, the sudden and much lamented death of Mr. B. F. Madon has created an unexpected vacancy in the Central Committee. The late Mr. Madon was one of the two members nominated in consultation with the Federation of Indian Chambers, and the Government of India have been informed that the Federation in communication with its constituent bodies is arranging to nominate another member to [illegible] his place. The resulting appoint[illegible] be announced in due course.

2. In accord[illegible] ention stated in the Press [illegible] e terms of reference were [illegible] Central Committee in consu[illegible] e Hon'ble the Finance Member of the Governor-General's Executive Council at its first meeting held in Bombay at the end of last month. The Government of India have now decided that the terms of reference to the Committee should be as follows:—

To investigate past records and existing conditions of banking in India including the organisation of the Money Market and to consider the steps, if any, that are feasible and desirable under the following main headings:—

(*a*) the Development of Banking with a view to the expansion of indigenous, co-operative and joint stock banking with special reference to the needs of agriculture, commerce and industry;

(*b*) the Regulation of Banking with a view to protecting the interests of the public; and

(*c*) Banking Education with a view to the provision of Indian personnel in adequate numbers and with the necessary qualifications to meet the increasing needs of the country for a sound and well managed national system of banking.

3. At the same meeting the final allocation of the subjects covered by the Enquiry

as between itself and the Provincial Committees was considered by the Central Committee in consultation with the Hon'ble the Finance Member. It was decided that the heads of enquiry entrusted to the Provincial Committees should be set out in the form of a standard questionnaire and that this questionnaire should be forwarded by the Government of India to the Provincial Governments with the request that it might be issued by the Provincial Committees after they had added any additional questions which they considered necessary for the purpose of eliciting information regarding special local or provincial features. The Government of India realise that it is inevitable that there should be some overlapping in any allocation of subjects between the Central and the Provincial Committees, but they hope that it will be possible for the Central and the Provincial Committees by mutual co-operation to get over any difficulties on account of such over-lapping.

4. Five Provincial Committees have already been constituted and the Government of India hope that the remaining Provincial Committees will be set up in the course of this month and that all the Committees will begin regular work by the beginning of August and submit their reports by March 1930. It will be duty of the Central Committee to examine the material contained in these reports besides investigating any heads of enquiry which are not specially referred to the Provincial Committees.

5. The Government of India contemplate that before making its recommendations to Government, the Central Committee should have the assistance of a small body of experts selected by Government either from England or from other coun[illegible] possessing well developed systems of [illegible] credit and industrial banking. [illegible] tion that these experts should [illegible] sions with the Central Comm[illegible] its advisers. The experts w[illegible] d to submit a separate repo[illegible] necessary, to the Central Co[illegible] in that case the Central Committee should submit the report of the experts together with its own report to the Government of India.

CALCUTTA, THE 14TH AUGUST 1929.

RESOLUTION—No. 590REGN.

Read—

Paragraph 13 of resolution No. 1410T.R., dated the 24th September 1917, regarding the formation of the district advisory committees for selection of candidates for appointment as Muhammadan Registrars and Kazis.

Read—

Resolution No. 802Regn., dated the 24th April 1926, sanctioning the constitution of the existing permanent committee for the supervision of Muhammadan Registrars and Kazis for the Bengal Presidency.

Prior to 1918 there was a centralized permanent committee for the entire Province. Under rule I of the rules issued under notification No. 4000Regn., dated the 30th April 1918, local advisory committees were formed at the headquarters of each district other than Calcutta to assist the Registrar in selecting candidates for the posts of Muhammadan Registrars and Kazis. Under rule 3 of the said rules the functions of the permanent committee were restricted to those of an examining board or of an advisory body on general questions, and the bulk of its work in connection with the selection of candidates for the posts of Muhammadan Registrars and Kazis all over the Province (with the exception of Calcutta) was transferred to the district advisory committees.

It has been found, however, that the working of district advisory committees has not been entirely satisfactory, and after consideration, the Government of Bengal have decided to revert to the old system of having a centralized permanent committee for the whole Province and to abolish both the district advisory committees and the existing permanent committee. All questions of appointments of Muhammadan Registrars and Kazis which were hitherto being dealt with by the existing advisory committees will henceforth be dealt with by the permanent committee hereby constituted.

2. The permanent committee shall consist of five or more members appointed by the Local Government. Ordinarily the number of members should not exceed 12, but the Local Government shall have power to co-opt

one or two more, if necessary. The appointment of members of the committee will be notified in the *Calcutta Gazette*. The Inspector-General of Registration shall be the *ex-officio* President of the committee. Members shall hold office for a term of three years and shall be eligible for re-appointment on the expiry of the term.

3. The Government of Bengal are accordingly pleased to appoint the following members to constitute the first permanent committee mentioned above:—

The Inspector-General of Registration, Bengal, President (*ex-officio*).

Mr. A. F. Rahman, B.A. (Oxon.), M.L.C. (Jalpaiguri).

Nawab Khwaja Habibulla, M.L.C. (Dacca).

Khan Bahadur K. G. M. Faroqui, M.L.C. (Tippera).

Dr. A. Suhrawardy, Ph.D., M.L.A. (Midnapore).

Khan Bahadur Haji Khundkar Fazlul Haq, B.C.S. (retired) (Murshidabad).

Shams-ul-Ulama Khan Bahadur Dr. M. Hidayat Husain, M.A., Ph.D., Principal, Calcutta Madrasah (offg.).

Maulvi Agha Muhammad Kazim Shirazi (Calcutta).

Secretary, Central National Muhammadan Association (Calcutta).

Maulvi Abdul Karim, M.L.C. (Calcutta).

Maulvi Abdul Huq Dobash, Merchant (Chittagong).

Haji Chaudhury Muhammad Ismail Khan, M.L.A. (Barisal).

The duties and functions of the committee will be in accordance with the rules approved by the Local Government.

ORDER.—Ordered that this resolution be published in the *Calcutta Gazette*.

Ordered also that copies of this resolution be forwarded to the Inspector-General of Registration, Bengal, and to all District Registrars for information.

III of 1923. III of 1884.

STATEMENT OF OBJECTS AND REASONS.

The Calcutta Municipal Act, 1923, as it was originally framed, did not include in its local extent the Cossipur-Chitpur area, and the Bill even when it emerged from the Select Committee did not include that area. This area was amalgamated with Calcutta in the teeth of vehement opposition by the rate-payers and against the deliberate and considered recommendations and opinions to the contrary made and given by the Amalgamation Commission appointed by Government, the then District Magistrate of 24-Parganas, and the Commissioners of the old Cossipur-Chitpur Municipality. The motion for amalgamation was carried by a very narrow majority in the Bengal Legislative Council, even the Hon'ble Minister in charge of the Bill voting against the same. It was generally thought that the step of increasing the liabilities and obligations of the Corporation of Calcutta by adding to the already extensive city the aforesaid vast area of Cossipur-Chitpur, covering more than four square miles and comprising many mills, factories and business houses, was a menace to the health and population of the city. Even before the amalgamation of that area, the Corporation of Calcutta was not in a position to meet its statutory obligations as regards the city proper in a satisfactory way. And this has been much more the case after the amalgamation, as it was bound to be, both in respect of the city proper and the said added area; and the position has been rendered worse on account of the financial difficulties of the Corporation. For this reason, many good schemes have either been abandoned or postponed, and there is very little hope of the said schemes being ever carried out if the aforesaid vast area is any longer kept within the limits of the Corporation of Calcutta. On the other hand, the people of the said added area, will not certainly for many years to come enjoy the amenities which are now being enjoyed by the residents of the city though the former have been called upon to pay rates and taxes many times more than their former assessment, ignoring the salutary provision made by the Legislature for levying a lower and progressive rate under section 7 of the Calcutta Municipal (No. II) Act, 1923, thus causing much dissatisfaction amongst the rate-payers of that area, notwithstanding the partial reduction of valuation of holdings made in some cases by the Chief Executive Officer in the exercise of his powers under section 146 of the Calcutta Municipal Act, 1923. Moreover, the administration by the Corporation of Calcutta is costlier than that by the old Municipality, which was commended in successive Government annual reports, and under which the people enjoyed many privileges and facilities of which they have now been deprived. In fact, there was no case made out for amalgamating the said area with Calcutta by abolishing a flourishing and popular Municipality which effected considerable improvements in every direction within the said area, and had a combined surface drainage and sewerage scheme and other important schemes ready for being taken up, though it derived a much lower income by taxation under the system provided for in the Bengal Municipal Act, 1884.

Most of the above reasons also apply to the case of the Garden Reach area, which comprises nearly 4½ square miles and is mostly undeveloped and consists extensively of jungles, ditches, tanks and paddy lands without lights, filtered water, roads or drains. Most of the inhabitants of this area are very poor and they can ill-afford to pay the exorbitant taxes imposed upon them by the Corporation of Calcutta, as a result of which their goods have been seized under distress warrants and many of them have been rendered homeless. Owing to their inability to pay taxes, almost all the inhabitants have been disenfranchised; where there were nearly 600 Muhammadan electors before, there were less than 50 at the last General Election.

It will be remembered that a Bill with the same object as the present one was introduced by Dr. Suhrawardy and passed by the Legislative Council on the 18th August, 1926, but the same was not assented to by the then Governor of the Province. But in his letter to Dr. A. Suhrawardy His Excellency, observed: "It will be always open to the next Council, should they desire to do so, to consider at leisure a fresh Bill with the same object." The present Bill is introduced with necessary amendments, and it is hoped that the present Council will extend to it the same sympathy and support as was given by the Council to Dr. A Suhrawardy's Bill.

And it may also be mentioned that a similar Bill was introduced by Rai Harendra Nath Chaudhuri in the last Council on the 14th December, 1927, but the same lapsed owing to the fact that no opportunity was found to move the second reading thereof during the next two sessions.

In addition to the details required on the reverse clear information should be given below under the following heads :—

(*a*) If the ordinary surplus is insufficient to meet the charges of the proposed loan, the particular steps which the municipality has taken or has agreed to take, in order to make good the deficiency.

(*a*) The latrine fund, from which the payment of the charges of this loan will be made, is more than self-supporting and there is a sufficient credit balance of the fund as well. So there will not be any difficulty to make payment of the annual charge of this loan.

(*b*) The reserve of taxation or other possible means of increase in the revenue of the municipality. The rates at which each of the taxes mentioned in column 12 on the reverse are levied, other than tax on persons should be stated here.

(*b*) The rapid expansion of the city is constantly increasing its revenue in the shape of rates and taxes. The house tax is levied at 10 per cent. of the annual value of holdings, water tax at 5 per cent. on houses having water connection and at 2 per cent. in houses having no water connection and the latrine tax is levied at a sliding scale triplicate copy of which is enclosed.

(*c*) A statement of all outstanding loans specifying in respect of each loan, the date when taken, the purpose (very briefly), the amount, the annual charges involved and the amount still payable.

(*d*) Any explanation in regard to receipts and expenditure to show the true financial position of the municipality when such position is otherwise than the ordinary surplus would indicate.

(*d*) The ordinary surplus shown in column 20 of the loan application overleaf may be taken to be a little higher than the actual normal surplus as the realisation under the heads taxes and rates contain some arrear collections as well. QUESTIONNAIRE OF THE BENGAL PROVINCIAL BANKING ENQUIRY COMMITTEE.

(NOTE.—The following memorandum is published in order to assist witnesses in the preparation of their evidence. It is not to be regarded as exhaustive, nor is it desired that each witness should necessarily attempt to deal with all the questions raised.)

I.—Agricultural credit and credit facilities for small industries.

1. (*i*) Describe the present system by which the agriculturist in your district or province obtains finance—

(*a*) for expenses during cultivation,

(*b*) for capital and permanent improvements, and

(*c*) for other special needs, e.g., failure of monsoon, for land revenue, *rent*, etc.

(*ii*) What are the rates of interest charged in your district or province in respect of advances, the period for which loans are taken, the nature of the security given and accepted (e.g., standing crops, etc.), and other conditions attaching to the grant of such loans?

What in your estimate are the percentages of secured and unsecured loans to the agriculturists in your part of the country?

(*iii*) Describe the part played in agricultural finance by Government, the Imperial Bank of India, the Joint Stock Banks, Co-operative Banks, the Indigenous Banks and bankers, professional money-lenders, merchants and dealers, and other organisations giving credit (e.g., companies trading in fertilisers, etc.).

(*iv*) Can you give an estimate of the total amount of capital required for the various purposes stated above for your district or province?

(*v*) State defects, if any, in the present system of financing agriculture, and the reasons for the existence of such defects. Do you suggest any remedies?

(*vi*) Is there co-ordination among the various credit agencies including Government, and is there scope for improvement in that direction?

2. (*i*) Describe the present method of marketing principal crops in your district or province *by the raiyat*.

Is he unable to hold up his crop for a better price? If so, for what reasons?

(*ii*) What in your opinion are the possibilities of forming pools and of co-operative effort generally in marketing produce?

(*vi*) What is the part played by the different classes of banks and bankers and merchants and dealers in the financing of—

(*b*) *the import trade from these ports to the distributing centres and ultimately to the consumer?*

(*vi-a*) *What are the terms on which the financing of trade during the above stages is done? Are any difficulties experienced in connection with the above financing, and have you any suggestions to*

make for removing those difficulties and for improving in any way the existing financial facilities available for the movement of imported and exportable articles?

(*vi-b*) *It has been suggested that the grower of produce in India does not get the full value for his produce on account of the speculative buying and selling activities of firms and companies who deal in the export trade and on account of the control of prices by these and other bodies. What are your views on this suggestion? Please supplement your views by any facts and figures within your knowledge. Have you any observations to make with a view to ensure a better, return to the growers of produce in India?*

(*vii*) *Have you any reason to think that the lack of banking facilities to persons engaged in the movement of the principal crops of your district (such as paddy and jute) is due to causes other than borrowers' lack of credit, e.g., any position of monopoly which the buyers might enjoy or to the want of a definite standard of quality?*

(*viii*) What are the existing facilities available to the public, including banks and bankers, for internal remittance?

(*ix*) State any defects in the existing system and any suggestions for improvement?

(*xvii*) What different kinds of instruments of ownership of goods and produce (e.g., railway receipts) and documents are employed for raising money during the process of marketing?

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 2nd September, 1929:—

L. A. BILL No. 13 OF 1929.

A BILL

to provide for the levy of a cess on soft coke despatched by rail from collieries in the provinces of Bengal and Bihar and Orissa.

WHEREAS it is expedient to provide for the creation of a fund to be expended by a Committee specially constituted in this behalf for the promotion of the interests of the soft coke industry in the provinces of Bengal and Bihar and Orissa;

AND WHEREAS for this purpose it is expedient to levy a cess on soft coke despatched by rail from collieries in the said provinces;

It is hereby enacted as follows:—

Short title, extent and commencement.

1. (*1*) This Act may be called the Indian Soft Coke Cess Act, 1929.

(*2*) It extends to the whole of British India, except Aden.

(*3*) It shall come into force on such date as the Governor-General in Council may, by notification in the Gazette of India, appoint.

Definitions.

2. In this Act, unless there is anything repugnant in the subject or context,—

(*a*) " Committee " means the Soft Coke Cess Committee constituted under section 4;

(*b*) " prescribed " means prescribed by rules made under this Act; and

(*c*) " soft coke " means all coke which is unsuitable for metallurgical purposes.

Imposition of soft coke cess.

3. (*1*) There shall be levied and collected on all soft coke despatched by rail from collieries in the provinces of Bengal and Bihar and Orissa a cess at the rate of two annas per ton.

(*2*) The cess shall be collected by the Railway Administrations concerned by means of a surcharge on freight and shall be paid to the Committee, after deduction of the expenses of collection (if any), in such manner as may be prescribed.

Constitution of soft Coke Cess Committee.

4. (*1*) The Governor-General in Council shall constitute a Committee, consisting of the following members, to receive and expend the proceeds of the cess:—

(*i*) the Chief Mining Engineer to the Railway Board, *ex-officio*;

(*ii*) one person nominated by the Local Government of Bengal;

(*iii*) one person nominated by the Local Government of Bihar and Orissa;

(*iv*) seven persons nominated by the Indian Mining Federation; and

(*v*) one person nominated by the Indian Mining Association:

Provided that, if within the period prescribed in this behalf, any authority or body fails to make any nomination which it is entitled to make under this section, the Governor-General in Council may himself nominate a member to fill the vacancy.

(*2*) The Chief Mining Engineer to the Railway Board shall be *ex-officio* President of the Committee.

(*3*) Where a nominated member dies, resigns, ceases to reside in British India or becomes incapable of acting, the Governor-General in Council may, on the recommendation of the authority or body which would have been entitled to make the nomination if it had been a first nomination under sub-section (*1*), or where such recommendation is not made within the prescribed period, then on his own initiative, nominate a person to fill the vacancy.

(*4*) No act done by the Committee shall be questioned on the ground merely of the existence of any vacancy in, or any defect in the constitution of, the Committee.

Application of proceeds of soft coke cess.

5. The proceeds of the cess and any other monies received by the Committee shall be applied to meeting the expenses of the Committee and the cost of such measures as it may consider advisable to take for promoting the sale and improving the methods of manufacture of soft coke.

Keeping and auditing of accounts.

6. (*1*) The Committee shall keep accounts of all monies received and expended under section 5.

(*2*) Such accounts shall be examined and audited annually by auditors appointed in this behalf by the Governor-General in Council; and such auditors may disallow any item which has, in their opinion, been expended out of any monies so received otherwise than as directed by or under this Act.

(*3*) If any item is disallowed, an appeal shall lie to the Governor-General in Council, whose decision shall be final.

Power to make rules.

7. (*1*) The Governor-General in Council may, after consulting the Committee and after previous publication, make rules to carry out the purposes of this Act.

(*2*) In particular and without prejudice to the generality of the foregoing power, such rules may provide for—

(*a*) the regulation of the nomination of members of the Committee, and the procedure of the Committee,

(*b*) the regulation of the levy, collection and payment of the cess, and

(*c*) the form of accounts to be kept and the publication of an abstract of such accounts with the report of the auditors thereon.

(*3*) All such rules shall be published in the Gazette of India.

Time during which sections 2 to 7 are to remain in force.

8. Sections 2 to 7 shall remain in force only until the 31st December, 1934:

Provided that the Governor-General in Council may, on the recommendation of the Committee, declare, by notification in the Gazette of India, that the said sections shall continue in force for any further period specified in such notification.

Disposal of surplus proceeds.

9. When sections 2 to 7 cease to be in force, all monies and other property in the possession of the Committee shall revert to His Majesty.

STATEMENT OF OBJECTS AND REASONS.

Indian collieries have for some years past suffered from trade depression, particularly those producing the quality of coal generally known as second class. The owners of such collieries have found some relief in the manufacture and sale of soft coke, suitable for domestic consumption, but the market for soft coke is limited, partly owing to the competition of other fuels, and partly because the value of soft coke as a domestic fuel is not generally realised. In these circumstances, the Indian Mining Federation approached the Government of India with the suggestion that a cess should be collected by official agency from the trade, and that the proceeds of the cess be devoted to expenditure on measures to popularise soft coke in Indian markets. It is, therefore, considered desirable to impose by legislation a cess of 2 annas per ton on all soft coke despatched by rail from collieries in Bengal and Bihar and Orissa for the purpose of creating a fund to finance measures for promoting the sale and improving the methods of manufacture of soft coke. It is proposed to entrust the administration of the fund to a Soft Coke Cess Committee, consisting of members representing the two Local Governments concerned, the Indian Mining Federation and the Indian Mining Association, and including the Chief Mining Engineer to the Railway Board, who will also be *ex-officio* President of the Committee. The Bill, which is largely based on the Tea Cess Act and the Lac Cess Act, is intended to give effect to this proposal. It has the support of the Indian Mining Federation which represents the interests of the soft coke industry.

The following Bill was introduced in the Legislative Assembly on the 2nd September, 1929:—

L. A. BILL No. 15 OF 1929.

A Bill further to amend the Indian Boilers Act, 1923, for certain purposes.

WHEREAS it is expedient further to amend the Indian Boilers Act, 1923, for the purposes hereinafter appearing; It is hereby enacted as follows:— V of 1923.

Short title.

1. This Act may be called the Indian Boilers (Amendment) Act, 1929.

Amendment of section 2, Act V of 1923.

2. In clause (*b*) of section 2 of the Indian Boilers Act, 1923 (hereinafter referred to as the said Act), the words " for use outside such vessel " shall be omitted. V of 1923.

Amendment of section 34, Act V of 1923.

3. Section 34 of the said Act shall be re-numbered as sub-section (*2*) of section 34 and the following sub-section shall be inserted as sub-section (*1*) of that section, namely:—

Exemptions.

" 34. (*1*) The Local Government may, by notification in the local official Gazette, exempt, from the operation of this Act, subject to such conditions and restrictions as it thinks fit, any boilers or classes or types of boilers used exclusively for the heating of buildings or the supply of hot water."

STATEMENT OF OBJECTS AND REASONS.

The definition of " boiler " in clause (*b*) of section 2 of the Indian Boilers Act, 1923, is defective, as it excludes vessels used for generating steam under pressure for use *inside* such vessels. Such vessels are as much liable as other vessels to explode if improperly constructed, used or maintained and may be a source of considerable danger. It has therefore been decided to omit the words " for use outside such vessel " from the clause.

2. Clause (2) of Regulation 3 of the Indian Boiler Regulations, 1924, prohibits the registration and consequently the use of a boiler if a structural part subject to pressure is made of cast-iron. Cast-iron boilers are, however, extensively used in Europe and in America, and it has been pointed out that the restriction imposed by the law in India on the use of cast-iron boilers is a serious impediment to the economic heating of buildings and the supply of hot water. It has therefore been decided that a new clause should be added to section 34 of the Indian Boilers Act, 1923, so as to empower Local Governments to exempt from the operation of the Act, subject to such conditions and restrictions as they may think fit to impose, any boilers or classes or types of boilers which are used exclusively for the heating of buildings or for the supply of hot water.

Amendment of section 35, Act VI of 1923.

17. In section 35 of the said Act, clause (*a*) of sub-section (*2*) shall be omitted.

STATEMENT OF OBJECTS AND REASONS.

The Cantonments (House-Accommodation) Act, 1923, was intended to continue the powers possessed by the military authorities to appropriate, where the need arose, such houses in cantonments as were originally intended, and were suitable, for occupation by military officers or messes; and to safeguard the rights of house-owners, and to secure for them fair rents and equitable conditions of tenancy, when their houses were appropriated.

The working of the Act during the past five years has shown that some of its provisions are obscure, and others are defective with reference to one or other of the two main intentions stated above. The present Bill aims at removing these obscurities and defects.

Further as the law stands at present, the question of the rent of, and repairs to, a building appropriated under the Act may be

referred on appeal first to a Committee of Arbitration and then to the Civil Court. The Committee of Arbitration is composed of a Chairman (who must be a person neither in the service of Government or the Cantonment Authority, nor having any interest in house property liable to appropriation under the Act), two persons nominated by the Officer Commanding the Station, and two local residents nominated by the owner. Difficulties have been experienced in obtaining a Chairman and non-official members with the requisite qualifications to undertake these thankless and, in many cases, laborious honorary duties, and when a Committee has been appointed, it is frequently unable to reach a decision within a short time. In order to obviate the inconveniences and delays of the present system, it is proposed to abolish the Arbitration Committees and provide for the reference of the above-mentioned matters to the Civil Courts direct.

The opportunity has been taken at the same time to introduce certain other improvements of minor importance. Notes on the clauses are attached.

SIMLA:

NOTES ON CLAUSES.

Clause 2 (a). Owing to the proposed abolition of Arbitration Committees, the words "Cantonment Authority" will disappear from the Act and a definition is no longer required.

Clause 2 (b).—The proposed addition to the definition of "Officer Commanding the Station" brings it into line with the definition in section 2 (xr) of the Cantonments Act, 1924. Thus the Officer Commanding the District can in no case be called upon to perform the duties of the Officer Commanding the Station and remains in all cases the administrative appellate authority under the Act.

Clause 2 (c).—The revisional jurisdiction under section 2 (2) of the Act is not magisterial in character. It is exercised by the officer in his administrative capacity and it is therefore preferable to call him "the Collector."

Clause 3.—The amendment of section 6 is designed to afford a clearer definition of the circumstances in which the liability under section 5 may be enforced than the somewhat obscure instructions at present contained in section 8. Two main sets of circumstances are contemplated. The liability may be enforced in the first place as a result of an application from an individual officer, but only if he can satisfy the Officer Commanding the Station that he cannot be provided with Government quarters and that after making all reasonable efforts he has been unable to make satisfactory private arrangements. In the second place, a shortage of accommodation in the Cantonment as a whole may render it necessary for the Officer Commanding to take more comprehensive action on his own initiative instead of awaiting applications from individual officers, and new section 6 (*1*) (*b*) describes the circumstances in which he may do so. The "inspection" notice for which the section provides is intended to enable the Officer Commanding the Station to judge whether the building is a "house" as defined by the Act—namely, suitable for occupation by a military officer or mess.

Clause 4.—Section 7 (*3*) (*a*) of the Act, as it stands at present, makes it incumbent upon Government without any qualification to redeliver a house to an owner, on the expiration of the lease, in a state of reasonable repair as defined in section 2 (*1*) (*i*). The ordinary rule, according to the provisions of the Transfer of Property Act, 1882, is that a lessee shall hand back the property in as good condition as it was at the time when he was put in possession, subject only to the changes caused by reasonable wear and tear or irresistible force; and that a lease should, at the option of the lessee, be void if any material part of the property is wholly destroyed, or rendered unfit for the purposes for which it was let, as a result of fire, tempest, flood or violence, provided that the injury was not occasioned by the wrongful act or default of the lessee. The Government have no intention of departing from the principle of section 7 (*3*) (*a*), which is already more than usually favourable to the lessor, but they see no reason why they should be excluded from the latter benefit mentioned above, and the Bill accordingly provides for the protection of Government in this respect to the same extent as in the case of an ordinary lessee.

Clause 5.—The omission of section 8 of the Act and of the words "with the previous sanction of the Officer Commanding the District" in the previous section [clause 4 (*a*)] is due to the fact that the Officer Commanding the District is himself, under section 30, the appellate authority against a decision to appropriate a house. The grounds which would justify such a decision are fully explained for the guidance of the Officer Commanding the Station in section 6 as amended, and it is illogical that the previous sanction of the Officer Commanding the District should be required to a decision on the correction of which he may himself be called upon to adjudicate in appeal.

Clause 6.—The amendments to section 10 are designed, firstly, to protect the existing *bona fide* owner-occupier from disturbance, but to make it difficult or impossible for owners of houses in future to defeat the first object of the Act (*i.e.*, to secure accommodation for military officers) by going into "bogus occupation" on the eve of contemplated appropriation proceedings; and secondly, to make it clear that Government do not intend to appropriate houses built on private property which were not originally intended to provide accommodation for military officers.

Clauses 7, 8 and 9.—The reference to a Committee of Arbitration on the questions of the purchase value of a house, its rental value, or the amount of repairs required is done away with and the new clauses provide for a direct reference to the civil courts in these matters. The time allowed for the reference on the question of rent and repairs is extended to 30

days and the new sub-section (3) of section 16 gives the owner an opportunity to set forth his case on the question of repairs before the civil court.

Clause 10.—The new section makes it clear that the owner's failure to execute the repairs in time or his reference to the civil court need not cause any delay in the appropriation proceedings and thus prevent the Government from making use of the house for which they are paying rent. The Government is empowered to execute the repairs in spite of the reference, and the interests of the owner are safeguarded by the express provision that his liability is limited to the amount finally fixed by the courts.

Clause 11.—The chapter dealing with the procedure of Committees of Arbitration becomes superfluous and is replaced by a chapter explaining the procedure to be followed in hearing references to the civil courts made under sections 13, 15 and 16. The new sections are self-explanatory.

Clause 12.—The amended section provides for an appeal to the High Court, in place of the appeal to the civil court which previously lay from the decision of the Arbitration Committee.

Clause 13.—The amendment is consequential on the alteration of the definition of the Officer Commanding the Station [see clause 2 (*b*)].

Clause 14.—The first part of the amendment is consequential. The second part requires the Officer Commanding the District to record his reasons when deciding an appeal, which was not previously necessary.

Clause 15.—The amendment is consequential.

Clause 16.—The amendment extends to all references and appeals under the Act the provision in existing section 30 (*2*), to the effect that the period allowed for making an appeal should be computed in accordance with the provisions of the Indian Limitation Act, 1908.

Clause 17.—The amendment is consequential.

Secretary of the Legislative Assembly.

REPORT ON THE ADMINISTRATION OF THE EXCISE DEPARTMENT IN BENGAL, FOR THE YEAR 1928-29.

Excise.

NOTIFICATION.

No. 523 T. A. I.—17th September 1929.—The following extracts from the report of the Commissioner of Excise and Salt, on the administration of the Excise Department in Bengal, during the year 1928-29, are published for general information:—

G. P. HOGG,
Secy. to the Govt. of Bengal.

No. 3176E., dated Calcutta, the 1st August 1929.

FROM—RAI A. K. MUKHARJI BAHADUR, Commissioner of Excise and Salt, Bengal (offg.),

TO The Secretary to the Government of Bengal, Department of Agriculture and Industries.

I have the honour to submit the following report on the administration of the Excise Department in the Presidency of Bengal for the year 1928-29.

Mr. G. P. Hogg, I.C.S., held charge of the Department from the 1st April 1928 to the 5th June 1928 and Rai S K. Raha Bahadur from the 6th June 1928 to the end of the year.

* * * *

4. **Administrative changes and reforms.**—(1) "Isopropyl Alcohol" was declared to be an intoxicating drug for the purpose of the Bengal Excise Act, 1909, to prevent its misuse (vide Notification No. 88 T.A.I., dated the 30th April 1928).

* * * * * *

(3) Thanas Habra and Amdanga of the Baraset subdivision of the 24-Parganas district were included in the area in which the tree-tax system of tari is in force. (Vide Notifications No. 3816 Ex., dated the 27th July 1928 and No. 3966 Ex., dated the 24th August 1928).

(4) Some excise officers of the Bakarganj district were empowered to exercise powers under section 14 of the Opium Act, 1878 (I of 1878), in thanas Lakshimpur, Noakhali, Hatiya and Ramgati of the district of Noakhali to prevent smuggling of opium through these thanas to Chittagong and Burma. (Vide Notification No. 1585 Ex., dated the 19th March 1929.)

(5) For adequate and effective control over the manufacture and sale of *bakhar*, which is a kind of fermenting agent prepared by mixing rice-meal with powdered roots, herbs or leaves of certain plants and made in the form of small pills, balls, flat cakes and other forms, and is mostly used in the fermentation of rice, maize, millet and other starchy materials for the purpose of the manufacture of pachwai or spirit, the following restrictions have been imposed:—

(*i*) *Bakhar* has been declared as an excisable article for the purpose of the provisions of the Bengal Excise Act, 1909 (Bengal Act V of 1909), throughout the Presidency of Bengal, except in the districts of Jalpaiguri and Darjeeling.

(*ii*) A pass has been prescribed for the transport of *bakhar* when it is supplied to licensed retail vendors of pachwai or a vendor licensed for sale of *bakhar*.

(*iii*) The licensees of premises from which *bakhar* is to be transported have been authorised to issue the transport passes when it is transported (*1*) from the premises licensed for manufacture and sale to the premises licensed for the sale of *bakhar* and to the premises licensed for the manufacture and sale of pachwai, and (*2*) from the premises licensed for the sale of *bakhar* to the premises licensed for the manufacture and sale of pachwai.

(Vide Notifications Nos. 1743 Ex., 1744 Ex. and 1745 Ex., dated the 26th March 1929).

5. **Temperance movements.**—Temperance organisations in Calcutta, specially the Calcutta Temperance Federation, continued their activities as before. There was no serious attempt anywhere else to tackle the question. There is a temperance association in Dacca and the Christian missions in Darjeeling have also tried to further the cause of temperance. Preachers of Hindu missions which have sprung up recently in Bengal have made desultory attempts in Mymensingh and Dinajpur in their endeavours to convert members of the aboriginal tribes in these districts to wean them off from their intemperate habits. All these movements, however, were more or less sporadic in their character and have resulted in no permanent improvement.

It is interesting to note that there was an organised attempt on the part of the Santals in Midnapore to boycott pachwai shops. It was not so much a temperance campaign as an attempt to turn out the *suri* vendors of these shops. It subsided when the shops were settled with *Santals*. In the meantime, however, it had spread over to the neighbouring district of Bankura and assumed a more dangerous character. The Santals here began distilling and brewing liquor in fields or jungles close to their huts and wanted to assert that they had a right to manufacture liquor themselves without payment of any duty to Government. An Inspector with a special staff of petty officers and peons had to be deputed to Bankura to stop these illicit practices. These measures were successful in bringing the Santals to their senses and the movement died a natural death by the end of the year.

6. **Excise Licensing Boards.**—The *Calcutta Licensing Board* held no meetings during the year under report. This Board, constituted under Government Resolution No. 6217 Ex., dated the 25th November 1927, was dissolved by Government Resolution No. 631 T.A.I., dated the 19th October 1928, published on page 1379 of the *Supplement to the Calcutta Gazette* of the 1st November 1928. Under the orders of Government conveyed in the Resolution quoted above no new licenses were issued during the year of report. The *Calcutta Licensing Board* has, however, been reconstituted with effect from the 1st May 1929, vide Notification No. 63 T.A.I., dated the 19th April 1929, published on pages 761-762, Part I of the *Calcutta Gazette* of the 25th idem. The orders of the *Calcutta Licensing Board*, recorded in the last Administration Report, were given effect to except in the following case:—

The foreign liquor public " off " shop at No. 126, Lower Circular Road:—This shop was ordered by the Board to be abolished from the 1st April 1928. It was subsequently restored by the orders of the Local Government.

The *Licensing Boards for the Municipalities of Howrah and Bally* held two meetings each during the year.

The *Howrah Board* considered and rejected objections made against one tari and two country spirit shops and rejected applications for a new restaurant and a new foreign liquor public " off " license.

The *Bally Board* rejected an objection against a country spirit shop and an application for a new foreign liquor public " off " license at Bally.

The *Sadar Licensing Board of the 24-Parganas district* held two meetings. The sites of 2 country spirit, 5 ganja, 2 bhang, 5 opium and 4 tari shops were changed on the recommendation of the Board.

The *Barrackpore Licensing Board* held two meetings. The sites of 1 country spirit, 1 foreign liquor, 2 ganja, 1 *bhang*, 1 tari and 2 opium shops were changed on the recommendation of the Board.

The *Dacca Licensing Board* held two meetings. On the recommendation of the Board one ganja shop was abolished.

The *Rangpur Licensing Board* held two meetings. On the recommendation of the Board, 1 country spirit, 1 tari, 2 ganja, 1 bhang and 2 opium shops were abolished and the site of 1 country spirit shop was changed.

The *Chittagong Licensing Board* held three meetings. On the recommendation of the Board, 2 tari and 2 pachwai shops were abolished, and the sites of 1 country spirit, 1 tari and 1 pachwai shop were changed. The Board rejected the proposals for the grant of two bar licenses to two Cinema theatres in the town of Chittagong on abstract temperance grounds though the applications had been endorsed by practically

all the leading Europeans and Anglo-Indian residents of the town for whose convenience the licenses were proposed to be issued. These two bar licenses were, therefore, granted provisionally for three months and the members of the Board were invited to report on the working of the licenses.

The *Mofussil Licensing Boards* have been generally alive to their responsibilities and have taken great interest in the question of sites and of abolition of shops.

7. **Excise Advisory Committees.**—In areas other than those mentioned in paragraph 6 above, the local Excise Advisory Committees advised the Collectors as regards the number and location of excise and opium shops. All their recommendations were carefully considered and most of them were accepted.

In accordance with their recommendations, 1 bhang, 1 opium, 1 tari, 2 country spirit and 10 pachwai shops were abolished, the sites of 1 foreign liquor, 3 opium, 5 pachwai, 7 tari, 9 ganja and 18 country spirit shops were changed and 1 pachwai, 1 tari, 1 ganja, 3 bhang, 3 country spirit and 6 opium shops were newly opened, with effect from the 1st April 1929.

8. **Total revenue and charges** * * *—The excise revenue and charges of the Presidency for the last five years are shown below :—

Period.	Revenue.	Refunds.	Expenditure (after deducting contribution of Rs 2 lakhs from the Government of India).	Net revenue.	Percentage of charges (Percentage of columns 3 and 4 to column 2.)

Excluding the cost price of opium, which is being included both in the revenue and expenditure of the Department from 1925-26, the figures for 1925-26, 1926-27, 1927-28 and 1928-29 are as follow :—

Period.	Revenue.	Refunds.	Expenditure (after deducting contribution of Rs. 2 lakhs from the Government of India).	Net revenue.	Percentage of charges. (Percentage of columns 3 and 4 to column 2.)
1	2	3	4	5	6
	Rs.	Rs.	Rs.	Rs.	
1925-26	2,17,18,633	43,961	12,51,714	2,04,22,958	5·96
1926-27	2,14,19,014	39,281	13,29,926	2,00,49,807	6·39
1927-28	2,13,28,363	37,808	13,21,327	1,99,69,228	6·37
1928-29	2,16,20,826	35,866	13,93,875	2,01,91,085	6·61
Difference of the past two years.	+ 2,92,463	- 1,942	+ 72,548	+ 2,21,857	+ 0·24

The increase in revenue was mainly due to (*i*) revision of country spirit license fees, (*ii*) increase in the rate of duty on ganja and (*iii*) increase in the rate of duty on charas. There was also an increase in the realization of duty on medicinal spirits.

9. **Actual receipts.**—Deducting the advance collections (Rs. 1,43,188) for 1929-30 and adding the revenue (Rs. 1,54,838) which was collected in advance in 1927-28, the actual receipts on account of 1928-29 were Rs. 2,25,72,690 against Rs. 2,24,39,352 (after similar adjustment) of the preceding year

10. **Excise charges** * * *.—The total expenditure of the Excise and Salt Department excluding the cost price of opium payable to the Government of India, was Rs. 15,93,875 during the year, against Rs. 15,21,327 during 1927-28.

11. **Revenue under different heads** * * * * .—The largest increase of revenue (Rs. 2,72,691) occurred under "Total receipts from hemp drugs." "License fees for sale of distillery spirits" came next with an increase of Rs. 1,84,894 followed by "Receipts from commercial spirits including denatured spirits and medicated wines" (Rs. 21,181). The largest decrease (Rs. 1,49,255) occurred under the head "Duty on distillery spirits" followed by a decrease of Rs. 80,511 from "Pachwai" and

Rs. 57,321 from "Duty on wines and spirits manufactured in India and classed as foreign liquors." The reasons for these variations have been given in the appropriate sections on these heads of revenue.

12. **Demand and collection * * *.**—Of the gross demand of Rs. 2,26,00,417 a sum of Rs. 2,25,61,040 or 99·8 per cent. was realized, Rs. 17,711 was remitted as irrecoverable. The incidence of excise revenue per head of population was 7 annas 8 pies as in the previous year.

SECTION II—Country Liquor.

* * * * * *

Country Spirit.

14. **System of supply and sale.**—There were no changes in the system of supply and sale.

15. **Retail licenses.**—The number of licenses for the sale of country spirit was 927 against 931 in 1927-28, showing a decrease of 4 licenses.

16. **Consumption.**—The total consumption of country spirit in the Presidency amounted to 583,804 London proof gallons as compared with 591,935 London proof gallons in the preceding year showing a decrease of 8,131 London proof gallons. Consumption increased in 13 districts and decreased in 14 districts. The decrease in the districts of Murshidabad (1,431 London proof gallons or 15·7 per cent.), Jessore (646 London proof gallons or 14·03 per cent.). Birbhum (614 London proof gallons or 13·6 per cent.), Burdwan (4,082 London proof gallons or 10·5 per cent.), Bankura (1,900 London proof gallons or 9·7 per cent.) and Nadia (970 London proof gallons or 9·1 per cent.) was due to bad economic condition of the consumers owing to the failure of winter crops in the previous year. In Burdwan the general depression of the coal trade and in Bankura the anti-drink movement amongst the Santals referred to in paragraph 5 of the report also contributed to the decrease.

There was increase in consumption in the districts of Noakhali (101 London proof gallons or 15·4 per cent.), Midnapore (2,799 London proof gallons or 7·9 per cent.), Mymensingh (1,548 London proof gallons or 6·7 per cent.) and Malda (573 London proof gallons or 6·7 per cent.). In the district of Noakhali the increase was due to the construction of a railway line from Feni to Belonia. The increase in Midnapore was due to the successful detection of some illicit distillation cases in the jungle area. The influx of up-country labourers, railway and other settlers from up-country accounts for the increase in Mymensingh while better outturn of the mangoe and the paddy crops is said to be the reason for the increased consumption in Malda.

The question of consumption of country spirit among factory workers has been very recently examined by me. From the figures of consumption of country spirit in the industrial areas in the district of the 24-Parganas, Hooghly and Howrah, it appears that there has been a marked decrease in consumption amongst factory workers from 1921-22. This is probably due to the fact that the price of country spirit in the industrial areas in these districts was considerably increased in 1921-22. The figures, given below, are interesting—

Statement showing the consumption of country spirit in the industrial areas of the districts of Hooghly, Howrah and the 24-Parganas.

1928-29 ..	10,020·00	6,604·10	18,342·55

17. **Total revenue from country spirit.**—The total revenue (license and distillery fees and duty) from country spirit was Rs. 87,93,615 against Rs. 87,58,135, showing an increase of Rs. 35,480. The revenue derived from duty and distillery fees decreased by Rs. 1,49,414 and that from license fees increased by Rs. 1,84,894. The decrease in duty is due to the decrease in consumption but in spite of the decrease in consumption the license fees and the

total revenue increased owing to the increase in the scale of license fees with effect from 1st April 1928.

18. **Convictions for drunkenness and action taken against licensees for permitting it * * * *.**—In Calcutta 4,695 persons were convicted of drunkenness as compared with 4,226 persons in the previous year, but no statistics were taken to show what proportion of these cases was due to indulgence in country spirit, tari, and foreign liquor, respectively. The Commissioner of Police, Calcutta, is unable to assign any special reason for this increase. As regards Howrah and Bally, the Magistrate of Howrah reports that the increase was due to greater activity on the part of the local police. It is not possible to arrive at any conclusion from these figures about the increase or decrease of drunkenness in municipal areas.

* * * *

Tari.

20. **General.**—During the year under report licenses for the retail sale of fermented tari were settled by auction in the tree-tax as well as in the other areas of the Presidency.

21. **The tree-tax system in Hooghly, Howrah, the 24-Parganas and Calcutta.**—The system worked satisfactorily during the year under report.

22. **Statistics.**—The total receipts under the head "tari" decreased from Rs. 9,78,550 to Rs. 9,75,538. The number of retail licenses decreased from 519 to 509. The decrease is nominal and calls for no explanation. The total revenue from *tari* was Rs. 9,75,538, the greater portion of which, Rs. 9,36,615, was derived from the Burdwan and the Presidency Divisions and the district of Malda.

Pachwai.

23. **Licenses.**—The total number of licenses issued for "retail sale", "home-brew (annual)" and "manufacture of pachwai on special occasions" was 78,618 as compared with 61,027 in 1927-28.

	Number of licenses issued in—	
	1927-28.	1928-29.
Retail sale	1,186	1,176
Home-brew (annual) ..	58,784	76,442
Manufacture on special occasion	1,057	1,000

This marked increase in the number of licenses permitting "home-brew" of pachwai was due to a bumper outturn of winter crop in the latter part of the year under report in the districts of Rajshahi, Dinajpur, Bogra and Malda. In Jalpaiguri in the tea-garden area these licenses had to be issued in greater numbers with the co-operation of the managers of the gardens to cope with the illicit manufacture and sale of liquor that were going on unchecked in these places.

24. **Revenue.**—The revenue in license fees from "retail vend shops" decreased from Rs. 11,50,854 to Rs. 10,47,816. The decrease was marked in Burdwan (59,499), Birbhum (25,287), Bankura (8,307), Midnapore (8,113) and Nadia (4,126) while there was an increase of Rs. 1,979 and 877 in Darjeeling and Murshidabad respectively. The decrease in revenue in Burdwan, Birbhum and Bankura was due to the causes explained in the case of country spirit in paragraph 16 of the report.

* * * *

25. **Consumption.**—The consumption in the districts of Burdwan, Birbhum, Bankura, Midnapore, Hooghly and Murshidabad where the Bengal Fixed-fee system was in operation from previous years and accurate figures of consumption from the licensed shops were available, amounted to 205,213 maunds of rice against 226,133 maunds of rice during the previous year as detailed below:—

	Maunds of rice.	
	1927-28.	1928-29.
Burdwan	107,615	99,217
Birbhum	64,131	55,787
Bankura	29,397	25,384
Midnapore	3,567	5,698
Hooghly	12,645	12,072
Murshidabad ..	8,778	7,055
	226,133	205,213

The fixed-fee system was introduced in the pachwai shops of the Nadia district from 1st June 1928 and the consumption in the district amounted to 2,309 maunds of dry rice for the period from 1st June to the end of the year.

Out of 1,176 licenses in the Presidency for the manufacture and vend of pachwai 968 worked under the fixed-fee system during the year.

* * * *

27. **Control over manufacture and sale of bakhar.**—The number of licenses issued for the manufacture and sale of bakhar to licensed vendors of pachwai during the year was as follows :—

District.	Number of licenses issued. Manufacture and sale of bakhar.	Sale of bakhar.
Burdwan	6	8
Birbhum	7	3
Bankura	5	9
Midnapore	86	..
Hooghly	..	2
Murshidabad	1	3
Other districts	..	..

The quality of bakhar used was improved by the elimination of undesirable and unskilful manufacturers as far as possible, and close supervision was exercised both over the manufacture and sale by the executive staff. The Superintendent of Excise, Birbhum, Mr. D. N. Mukherjee, continued his investigation on bakhar throughout the year and succeeded in preparing a standard bakhar. His bakhar was used in the manufacture of pachwai in some of the shops at Suri and a record was kept of the strengths found in the different seasons of the year. Out of 153 samples examined during the year, 136 were found to be above 6 per cent. proof and 17 between 5 to 6 per cent. No sample was found to be below 5 per cent. proof.

* * * *

30. **Free brew of pachwai on special festivals.**—The concession of free brew of pachwai was permitted as in previous years to the aboriginal tribes in Burdwan, Birbhum, Bankura and Midnapore during special festivals.

33. **Import and manufacture of Indian made brandy, whisky, gin and rum.**—The figures below show the total quantity of spirit used in the manufacture of brandy, whisky, gin and rum in

Bengal, as well as the imports thereof from other provinces :—

Besides the above 38·4 London proof gallons of rum were imported from the Dyer Distillery, Lucknow, by the Military authorities for the use of His Excellency the Governor's bodyguard stationed at Alipore at Rs. 10 per London proof gallon and 27·2 London proof gallons of rum were issued duty-free from the Russa Distillery to the Deputy Commissioner, Naga Hills. 1·3 London proof gallons of Asansol rum were issued duty-free to Messrs. Lyall Marshall & Co., for export to London as samples.

34. **Manufacture of beer.**—One brewing license was issued during the year under report to the Victoria Brewery at Sonada which worked from the beginning of the year till the 10th October 1928, when it was closed down on account of financial difficulties. Five thousand six hundred and one gallons were sold to Military authorities and 1,246 gallons to licensed vendors within the province during the period the brewery was working.

35. **Duty on Indian made potable foreign liquors and beer.**—There was a further decrease in the duty on potable spirits and beer manufactured in India. It came down to Rs. 3,56,470 from Rs. 4,18,899 in 1927-28.

The following statement shows the gradual consistent downward tendency in the receipts from duty on Indian made foreign liquor from 1922-23 :—

			Rs.
1922-23	..	..	13,21,742
1923-24	..	..	9,97,876
1924-25	..	..	8,53,342
1925-26	..	..	7,53,882
1926-27	..	..	5,90,177
1927-28	..	..	4,18,899
1928-29	..	..	3,56,470

In 7 years the receipts have dwindled down from 13 lakhs to 3 lakhs and the province has lost a revenue of approximately 10 lakhs on these Indian-made liquors.

* * * * * * * *

36. **Licenses and fees.**—The total number of licenses issued for "Trade" and "Public" vend was 1,481 against 1,610 in the preceding year. The decrease occurred under "Late closing" (99) and "Temporary Bars" (34), while increase occurred under "Hotels, etc." (1), "Dining Car" (1) and "Canteen" (2).

The total receipts from license fees on foreign liquor licenses, levied under the Bengal fixed-fee system, were as follows :—

			Rs.
1924-25	..	..	3,05,907
1925-26	..	..	2,95,784
1926-27	..	..	3,09,946
1927-28	..	..	3,30,113
1928-29	..	..	3,24,824

The decrease in license fee in spite of the increase in consumption is due to the fact that 1½ months' advance fees were realized from the Calcutta foreign liquor licensees during 1927-28.

Medicated Wines.

37. **Licenses and revenue.**—The number of licenses for the retail sale of medicated wines was 214 against 222 in the preceding year. The revenue from license fees was Rs. 8,600 against Rs. 7,225 in the previous year showing an increase of Rs. 1,375. The increase was due to variations in realization of license fees in advance.

II.—Industrial spirits (excluding denatured spirits).

* * * * * *

38. **Revenue.**—The total revenue derived from rectified spirit and absolute alcohol used for medicinal, scientific or other industrial purposes in the Presidency was Rs. 5,40,623 against Rs. 5,22,413 in the previous year. * *
* * * * * *

39. **Issue of rectified spirit from distilleries and warehouses.**—The following quantities of rectified spirit were issued during the year for medicinal, industrial and scientific purposes from

distilleries and excise warehouses in Bengal :—

Place of manufacture.	Duty-free issues to Government departments, colleges, etc.,	For manufacture of tinctures and other medicinal preparations.	
		To bonded laboratories.	To permit-holders.

Duty-free issues of rectified spirit and absolute alcohol, as shown in column 2 above, were made to the following institutions :—

Medical Store Keeper.
Medical College.
Bethune College.
Dacca University.
Director of Botanical Survey.
Agricultural Chemist to the Government of Bengal.
Indian Museum.
Ordnance Department.
Superintendent, Gun and Shell Factory, Cossipore and Ichhapore.
Deputy Commissioner, Naga Hills.
Deputy Controller, Government Stationery Office.
Custom House.
Excise Laboratories.
Calcutta Corporation.
Rajshahi Mission Hospital.
Dewas State.

40. **Manufacture of tinctures and medicines.**—Seven bonded laboratories in Calcutta and one in Konnagar continued to manufacture tinctures and medicinal preparations during the year under report; 57,226 London proof gallons of rectified spirit contained in tinctures and medicinal preparations were issued from the eight laboratories on payment of duty against 60,888 London proof gallons issued during the preceding year. The duty realized on tinctures issued from bonded laboratories at Rs. 5 per London proof gallon on the spirit contents was Rs. 2,86,130 of which Rs. 2,84,311 was realized in Bengal and Rs. 1,819 in other provinces against Rs. 3,04,440 in the year 1927-28. Medicinal preparations containing 23,586 London proof gallons of spirit were issued duty-free, to the charitable dispensaries and hospitals in the various provinces in addition to 7,298 London proof gallons of rectified spirit and 1,925 London proof gallons of absolute alcohol. Thirty-seven London proof gallons of rectified spirit and 75 London proof gallons of absolute alcohol were issued, duty-free to the following institutions from the Konnagar Bonded Laboratory :—

Presidency College.
Bengal Tanning Institute.
District Boards of Noakhali and Malda.
Forest Research Institute, United Provinces.
Public Health Laboratory, United Provinces.
Agricultural College, Bihar and Orissa.

Besides the above 401·4 London proof gallons of rum were issued duty-free for use in hospitals from the Konnagar Bonded Laboratory.

Permit-holders in Bengal took supplies of 19,074·5 London proof gallons of rectified spirit and absolute alcohol from the distilleries and bonded laboratories on payment of Rs. 95,372-8 as duty.

361·6, 134·0 and 10·0 London proof gallons of rectified spirit and absolute alcohol were supplied to permit-holders in Assam, United Provinces and Madras, respectively, on payment of duty in those provinces.

There is no doubt that the introduction of the concession rate of duty on rectified spirit required for medicinal purposes in 1921 has given a great impetus to the growth of the pharmaceutical industry in the province. The result, however, of a reduction of prices on account of competition with foreign manufacturers has been an alarming increase in the sale of adulterated drugs and inferior medicinal preparations. Foreign firms do not appear to be the only sinners in this respect. In some cases locally manufactured products have also been found to be of a very inferior type. It is, of course, one of the conditions in the form of the license that "all spirituous preparations appearing in the British Pharmacopœia shall be manufactured strictly in accordance with the recipe, directions and specification laid down therein." As regards the alcoholic

strength, it is periodically tested in the Excise Laboratory but the department has no agencies to test the drug contents of these preparations with which it is not also concerned. There are no arrangements now from the Public Health Department to test the drug strengths with the result that the condition quoted above as regards preparation according to recipe and specification laid down in the British Pharmacopœia is more in the nature of a pious hope than that of a practical proposition.

* * * *

41. **Issues of rectified spirit and absolute alcohol from bonded laboratories and distilleries for medicinal, industrial and other purposes on payment of full duty.**—Five thousand four hundred and ninety-seven London proof gallons of rectified spirit and absolute alcohol were sold on payment of full duty from the distilleries and bonded laboratories, for industrial, medicinal and scientific purposes to licensed chemists, druggists, etc.

SECTION IV—Hemp Drugs.

* * * * * *

Ganja.

47. **Retail licenses.**—The total number of licenses issued in the Presidency for the retail sale of ganja was 1,205 against 1,208 in 1927-28.

48. **Consumption.**—The total quantity of ganja consumed in the Presidency amounted to 1,577 maunds 19 seers against 1,670 maunds 21 seers showing a net decrease of 93 maunds 2 seers or 5·5 per cent.

The consumption fell in 24 districts and increased in 3 districts. The fall in consumption is due principally to the increase in the retail selling price of the drug from April 1928. The increase in the 3 districts of Midnapore, Jalpaiguri and Howrah is nominal and calls for no explanation.

49. **Total revenue.**—The receipt for the year amounted to Rs. 49,91,507 against Rs. 46,86,329 in the previous year, the net increase being Rs. 3,05,178. The revenue from license fees and gola rent decreased by Rs. 50,937 and Rs. 40 respectively while that from duty increased by Rs. 3,56,516. The decrease in license fees is due to the decrease in consumption while the increase in duty is due to the increase in the rate of duty from 1st April 1928. It would thus appear that the increase in duty was justified as it has brought about increased revenue with decrease in consumption.

50. **Incidence of taxation.**—The incidence of license fees per seer of ganja consumed was Rs. 37·6 and that of duty Rs. 40. The total taxation was Rs. 77·6 per seer as compared with 68·7 in the previous year.

* * * * * * *

53. **Cultivation and outturn of ganja at Naugaon in Rajshahi.**—The following figures indicate the position regarding the operation of ganja cultivation in Naugaon in the Rajshahi district during the last six years:—

Year.	Number of cultivators licensed.	Area licensed.	Total outturn.	Average outturn per bigha.		Total exports from Naugaon.
		Bighas.	Mds.	Mds.	srs.	Mds.
1923-24	3,681	2,899	8,641	2	38	3,935
1924-25	3,310	2,002	6,689	3	13	4,252
1925-26	3,099	1,761	4,598	2	14	4,961
1926-27	2,996	1,800	5,256	2	36	4,722
1927-28	3,010	1,796	6,073	3	15	4,709
1928-29	3,231	1,900	5,526	2	35	4,131

The area sanctioned for cultivation during the year under report was 1,900 bighas. There was no case of cancellation or surrender of license during the year. One cultivator was, however debarred from holding any license in future. The area actually cultivated was 1,922 bighas 3 cottahs and 5 chitaks against 1,798 bighas 6 cottahs and 4 chitaks in the previous year.

The prospect of the crop was satisfactory till December when the plants were damaged by red spiders followed by a pest of *hirkatis* (a kind of insect pest). There was also some damage due to rains in December and a storm in January. The outturn of ganja was not however so bad as had been apprehended. In spite of these unfavourable conditions the outturn of ganja was quite fair.

Bhang.

58. **Licenses and revenue.**—The total number of retail licenses for the sale of bhang was 323 against 316 in the previous year. The total number of druggists' permits issued was 621 against 550 in the previous year. The total revenue from license fees and duty amounted to Rs. 1,92,330 as compared with Rs. 2,03,251 in 1927-28, showing a decrease of Rs. 10,921.

59. **Consumption.**—The principal demand for bhang was, as in the previous years, confined to most of the West Bengal districts. In most of the districts in East Bengal, the demand for bhang as an intoxicant is very small. The total quantity of bhang consumed in the Presidency, amounted to 389 maunds 32 seers against 427 maunds and 10 seers in the previous year—a decrease of 37 maunds 18 seers. There was noticeable decrease in Calcutta, 24-Parganas, Burdwan, and Dacca. Reasons for this decrease in consumption of bhang are being investigated.

60. **Exports.**—Two maunds and 30 seers of duty-paid bhang were exported from Hooghly to French Chandernagore against 3 maunds in the previous year. One maund of duty-paid bhang was issued from Comilla to the adjacent state of Tripura, against 27 seers in the preceding year.

61. **Abuse.**—No case of abuse of medicinal preparations from the drug was reported during the year.

Charas.

62. **Licenses and revenue.**—The total number of licenses issued in the Presidency for the retail sale of charas was 34 against the same number in 1927-28. There were 3 wholesale licenses against the same number in the preceding year. The total receipts for the year amounted to Rs. 3,05,382 as compared with Rs. 3,26,948 in 1927-28, showing a decrease of Rs. 21,566. There was a decrease of Rs. 39,030 under the head "License fees" due to decrease in the consumption of the drug for reasons explained below. There was an increase of Rs. 17,464 under the head "Duty" on account of the increase in the rate of duty from Rs. 50 to Rs. 70 per seer with effect from the 1st April 1928.

63. **Import, export and consumption.**—The total quantity of charas imported into the Presidency was 55 maunds 37 seers against 71 maunds and 30 seers in the previous year. The drug was, as usual, imported by the wholesale dealers of Calcutta and Birbhum direct from the Punjab and supplied to the retail vendors in the districts. The total issue to retail shops in the Presidency was 55 maunds and 7 seers as compared with 69 maunds 37 seers in the preceding year, while the consumption in Calcutta amounted to 30 maunds and 24 seers against 42 maunds and 14 seers in the previous year.

The decrease in consumption is partly due to the increase in the retail selling price of the drug from Rs. 140 to Rs. 160 per seer from 1st April 1928 and to a certain extent to the increase in the volume of illicit traffic of the drug from the North-West Frontier Province to Calcutta and in the neighbouring districts of Hooghly, Midnapore and 24-Parganas. The point has been dealt with in detail in Section VII of the report.

Four seers of charas were exported to French Chandernagore during the year against two maunds and 10 seers exported during the previous year.

SECTION V—Opium.

* * * * * * *

64. **Restricted supply of opium.**—There was no change in the system of restricted supply of opium to shops in several districts in the Presidency.

65. **Consumption.**—The consumption of excise opium during the year under report was 987 maunds and 24 seers, as compared with 994 maunds and 19 seers in the preceding year.

Consumption increased in 9 districts and decreased in 16. It remained stationary in 2 districts.

Fluctuation in consumption was normal in most of the districts.

Noticeable increase occurred in two districts only, viz., Bakarganj (82 seers or 6·0 per cent.) and Noakhali (32 seers or 12·2 per cent.). The increase in Bakarganj was due to the increase of the monthly allotment of opium of some shops and to the opening of a new shop to meet genuine local demand. In Noakhali the increase was due to the opening of a new opium shop to meet local needs.

The decrease in consumption exceeded 6 per cent. in the districts of Murshidabad (59 seers or 11·3 per cent.). Rajshahi (29 seers or 8·3 per cent.) and Darjeeling (46 seers or 18·7 per cent.).

The Collectors of Murshidabad and Rajshahi attribute the fall in consumption to the bad economic condition of the consumers. The decrease in consumption in Darjeeling was mainly due to the heavy fall in sales in the Kalimpong shop. This was due to the fact that Kalimpong formerly used to be the centre of the wool trade where traders from Tibet used to gather during the months of November to March, but the centre has now shifted to Rungpoobazar in Sikkim.

66. **Licenses for retail sale.**—The total number of licenses issued for the retail sale of excise opium was 853, as compared with 854 in the previous year. Four shops were abolished, 1 each in Birbhum, Calcutta, Mymensingh and Rangpur. Three new shops were opened, viz., 1 each in Khulna, Bakarganj and Noakhali.

67. **Permits and licenses under the Opium and Morphia Rules.**—The total number of permits and licenses issued was 1,570 as compared with 1,547 in the previous year. The number includes 29 licenses issued to manufacturing chemists, 609 to dispensing chemists, 73 to Kabirajes and Hakims, and 76 permits to permit-holders (total 787 for intoxicating drugs), and 38 licenses issued to dealers, 616 to chemists, 47 to persons approved under Rules 21 (*1*) and 21 (*2*) of the Morphia Rules and 82 to persons authorised under Rule 22 of the same rules (total 783 for morphia drugs). The increase in the number of licenses was due to increase in the number of chemists and druggists in many districts in the Presidency.

68. **Revenue.**—The total receipts amounted to Rs. 48,07,903 as compared with Rs. 47,98,712 in 1927-28.

69. **Abuse of opium and morphia.**—The use of morphia as a substitute for opium does not appear to have been prevalent in any district. In the district of Hooghly alone only one solitary case came to notice during the year under report. The administration of opium pills to children prevailed to a very limited extent among the Bilaspuri population in the mill areas of the district of Hooghly.

SECTION VI—Cocaine.

* * * * * *

72. **Licenses and Revenue.**—Four hundred and fifty-four licenses were issued during the year to chemists and druggists for the sale of cocaine on prescriptions of qualified medical practitioners as compared with 455 in 1927-28. Eighty-six permits for the possession of cocaine were issued free to managers of hospitals or dispensaries not under Government supervision. Fifty-one permits were issued to qualified medical practitioners and dentists.

73. **Preventive operations and illicit transactions** in cocaine have been dealt with in paragraph 75, Section VII of the report.

SECTION VII—Offences against the Excise and Opium Laws.

* * * * * *

75. **Prosecutions and convictions.**—The number of prosecutions and convictions during the year as compared with that in 1927-28 is noted below :—

	1927-28.	1928-29.
Number of cases -		
Prosecuted	5,898	5,423
Convicted	5,622	5,184
Number of persons-		
Prosecuted	6,179	5,949
Convicted	5,500	5,342

There has been decrease but it is not so marked as to call for any special comment.

There were no new developments as regards the course and method of illicit practices prevalent in the Province. The position as regards Excise offences was fully explained in paragraphs 74 to 77 of the Administration Report for 1925-26. There were, however, reasons to suspect that smuggling of charas on a fairly large scale is going on from the North-West Frontier Province into Calcutta and the neighbouring districts of Hooghly, Midnapore and 24 Parganas. This is probably due to the fact

that the duty on charas was increased from Rs. 50 to Rs. 70 per seer and the retail price was consequently increased from Rs. 140 to Rs. 160 per seer. The consumption of charas has gone down from 69 maunds 37 seers to 55 maunds 7 seers and the revenue has fallen from Rs. 3,26,948 to Rs. 3,05,382. The big drop in revenue and consumption may be partly due to the increase in the rate of duty and retail price but there is no doubt that it is due to a certain extent to the increase in the volume of illicit traffic that is going on. The number of cases detected has increased from 3 to 11 and of persons concerned from 3 to 26. Complaint has been also received from licensed vendors about loss of income on account of the increased activity on the part of smugglers. * * * *

* * * * * * *

The departmental officers successfully tackled offences under the Excise and Opium Laws in most of the districts with the co-operation of Police officials.

In Calcutta efforts to tackle the principal offenders and their associates engaged in illicit traffic in opium and cocaine were persistently continued throughout the year and the department is thankful for the co-operation it received from the Police and Custom Officials. The illicit traffic inside the city as well as at the railway termini was principally looked after by the Excise detective staff in co-operation with the Police officials, while the illicit traffic on board the vessels in the port and on the jetties was looked after mainly by the Custom detective staff.

The total seizures of opium during the last 3 years in the Presidency were as follow :—

	Mds.	srs.
1926-27	60	22
1927-28	39	15
1928-29	44	4

Of the total quantity of opium seized during the year, 27 maunds 11 seers were seized by the Excise detective staff in Calcutta, 6 maunds and 5 seers by the Railway Excise staff, 6 maunds and 27 seers by the Excise staff in districts, 3 maunds and 19 seers by the Customs detective staff and 22 seers by the Police in Calcutta and Howrah.

The total seizures of cocaine during the last 3 years are noted below :—

	Oz.	gr.
1926-27	701	50
1927-28	2,789	190
1928-29	2,349	202

Of the total quantity seized during the year, 1,698 ounces were seized by the Customs officers on board the vessels in the port of Calcutta, 318 ounces were seized by the Calcutta Excise detective staff, 11 ounces by the Excise staff in districts and 322 ounces were seized by the Police in Calcutta, Howrah, the 24-Parganas and Dacca.

DEPARTMENT OF AGRICULTURE, BENGAL.

Preliminary forecast of the Bhadoi crops of Bengal, 1929-30.

(Note.—On an average of the five years ending 1927-28, the area under autumn rice in Bengal has represented some 6·0 per cent. of the total area under rice in British India.)

Character of the season.—Defective rainfall in February and March was unfavourable for preparatory tillage and insufficient rainfall up till the middle of April hampered sowings with the result that much less area was sown this year. Since then good showers favoured germination and growth generally excepting in some Eastern districts where untimely heavy rain and early rise of rivers caused considerable damage to the low land crops. The season, on the whole, was a fair one for the crops this year.

Acreage.—The total acreage sown with the different *bhadoi* crops this year is reported to be 5,821,600 acres as against 6,391,700 and 6,444,700 acres respectively in the corresponding and final forecasts of last year. Of this, the area under *autumn* rice is estimated at 5,039,200 acres, as against 5,599,600 and 5,649,000 acres respectively in the corresponding and final forecasts of last year. The decrease in area is attributed to drought at sowing time.

Outturn.—According to District Officers' estimates, the outturn of the different *bhadoi* crops for the Presidency works out at 75 per cent. of the normal this year as against 80 and 82 per cent. respectively in the corresponding and final forecasts of last year.

The *autumn* rice is estimated to yield an outturn of 74 per cent. of the normal for the Province this year as against the estimate of 95 per cent. both in the corresponding and final forecasts of last year. In my opinion the outturn of autumn rice is an underestimate and that the crop will not fall short of 80 per cent. of the normal this year.

G. P. HECTOR,

Director of Agriculture, Bengal (offg.).

DACCA,

The 25th September 1929.

Such evidence should be in the form of a certificate signed by a responsible officer of the institution. In the case of an institution not situated in the British Isles, the certificate must state that the institution in which the work has been done is authorized to prepare candidates in that subject for a degree.

*e.g., a Candidate desiring to offer subject No. 51 (Roman Civilization), must also offer subject No. 50 (Latin Language).

The candidate will be afforded an opportunity of furnishing the record of his life and education. On the interview and record the Commissioners judge the value of the candidate's personality for each service for which he is entered. His value may differ for different services, and in that case the mark by which the Commissioners express their decision will differ for different services.

Section B.

A probationer assigned to Madras who is familiar with one only of the vernaculars named will offer the other.

Sub-section 2. A candidate who is not required by sub-section (1) to offer a vernacular named in column 2 will offer the vernacular named in column 3 against his province if any such vernacular is named unless he is already familiar with the vernacular there named or with a closely allied one.

Sub-section 3. A candidate who is not required under the preceding sub-sections to offer a vernacular will offer history instead. A one-year probationer will offer British history; a two-year probationer will offer British history for the Intermediate Examination and European history for the Final Examination.

Any question as to the interpretation and application of this regulation will be decided by the Civil Service Commissioners.

(8) The ordinary session of the Final Examination for the testing of riding will take place in advance of the rest of the Final Examination, and a special session will when necessary be held at a later date for the benefit of any candidate who may have failed at the ordinary session.

Candidates who at the ordinary session satisfy the Commissioners that they are sufficiently at home in the saddle for the efficient performance of all duties required of members of the Indian Civil Service will be awarded marks ranging between 101 and 200 according to the degree of proficiency displayed.

Candidates who at the ordinary session fall short of this adequate proficiency but show such minimum proficiency as is evidence that with a moderate amount of practice they can attain full proficiency, will receive marks ranging between 1 and 100; they will be allowed to proceed to India and will on their arrival there be subjected to such further tests in riding as may be prescribed by their Local Government *

If a candidate is absent from or fails to show minimum proficiency at the ordinary session he will be given a further opportunity of examination at a special session. If he then attains adequate proficiency he will not be subjected to further tests in India. If he attains minimum proficiency he will be allowed to proceed to India under the same condition as if he had attained minimum proficiency at the ordinary session. No credit in marks will be given for any performance at a special session.

Probationers may also be examined in riding at such time or times as the Commissioners may appoint during the course of the probationary period.

(9) Such deductions as the Civil Service Commissioners may consider necessary will be made from the marks assigned to candidates at the Intermediate and Final Examinations in order to secure that no credit is allowed for merely superficial knowledge.

(10) The Civil Service Commissioners will prepare lists of the candidates in order of merit; the order for the one-year probationers being based on the sum of the marks obtained by the candidates at the Open Competitive and Final Examinations, the order for the two-year probationers being based on the sum of the marks obtained by the candidates at the Intermediate and Final Examinations.

(11) The selected candidates whose performance in the compulsory subjects† of the Final Examination is such as to satisfy the Civil Service Commissioners, and who have also satisfied the Commissioners of their eligibility in respect of nationality, age, health, character and conduct during the period of probation, shall be certified by the Commissioners to be entitled to be appointed to the Indian Civil Service, provided that they shall comply with the regulations in force, at the time, for that Service.

* Such candidates will receive no increase to their initial pay until they have passed the further tests in question to the satisfaction of their Local Government.

†The compulsory subjects include riding, and a candidate who fails at the end of the period of probation to satisfy the Civil Service Commissioners that he has reached the minimum standard of proficiency in riding will be liable to have his name removed from the list of selected candidates.

(12) If any candidate is prevented by sickness or any other adequate cause from attending the Final Examination, the Commissioners may, with the concurrence of the Secretary of State for India in Council, allow him to appear at the Final Examination to be held in the following year, or at a special examination. A selected candidate absent for such adequate cause from the Intermediate Examination may, under similar conditions, be allowed to appear at the Intermediate Examination a year later or at a special examination, or may be excused the Intermediate Examination and allowed to appear for the Final Examination in regular course.

Any candidate who at the Intermediate Examination shall appear to have wilfully neglected his studies, or to be physically incapacitated for pursuing the prescribed course of training, will be liable to have his name removed from the list of selected candidates.

(13) A selected candidate who wishes to pursue, in addition to the course prescribed above, an extra course of study, such as reading for a degree or for the examination for admission to the Bar, must first obtain the permission of the High Commissioner for India. If permission is accorded, it will be subject to review at any time.

ANNOUNCEMENTS

made by the Civil Service Commissioners with the authority of the Secretary of State for India in Council:—

(i) Selected candidates will be allotted to the various provinces upon a consideration of all the circumstances, including their own wishes; but the requirements of the Public Service will rank before every other consideration.

(ii) A selected candidate who wishes to pursue an extra course of study, in addition to the prescribed probationary course, must submit an application, stating precisely the extra course of study which it is desired to pursue, to the Secretary to the High Commissioner for India, Education Department, 42 Grosvenor Gardens, London, S.W. 1, through the appropriate authority at the University or College at which he is pursuing his probationary course. The appropriate authorities are:—

Oxford—The Indian Civil Service Delegacy.

Cambridge—The Board of Indian Civil Service Studies.

London—The Director of the School of Oriental Studies.

Trinity College, Dublin—The Registrar of the Indian and Home Civil Service School.

(iii) An allowance of £300 a year, or, in the case of Selected Candidates possessing an Indian domicile, an allowance of £350 a year will be given to any candidate who passes his probation at one of the Universities or other Institutions that have been approved for the purpose by the Secretary of State for India in Council.

In the case of Selected Candidates on probation for one year, the allowance will be payable in five equal instalments, the first after the agreement prescribed in Announcement (iv) has been executed, the second, third and fourth on December 24th, March 25th and June 25th, respectively, and the fifth after signature of Covenant on appointment to the Service.

In the case of Selected Candidates on probation for two years, the allowance will be payable in nine approximately equal instalments, the first on September 29th or as soon thereafter as the agreement has been executed, the second on December 24th, the third to the eighth at quarterly intervals from that date, and the ninth after signature of Covenant on appointment to the Service.

Each selected candidate should intimate to the Secretary to the High Commissioner for India, Education Department, the address to which it is desired that the first instalment should be sent.

The payment of the various instalments of the allowance except the first instalment and the final instalment, and, in the case of the two-year probationers, the instalment payable at the end of the first year of probation, will be conditional on the receipt by the High Commissioner for India, through the authorities of the approved institution, of a certificate that the candidate had fulfilled up to date the requirements of the authorities and shown satisfactory progress.

If an Indian Government Scholar becomes a selected candidate for the Indian Civil Service, his scholarship stipend shall cease to be paid with effect from the 1st October of the year in which he becomes a selected candidate.

The whole probation must ordinarily be passed at the same Institution. Migration will not be permitted except for special reasons approved by the Secretary of State.

N. B.—The Secretary of State for India gives notice that the amount of the allowances will be reconsidered in 1930, with a view to a possible reduction with effect from the first instalment payable to candidates selected in that year.

(iv) Each Candidate will be required before receiving the first instalment of his allowance to execute an agreement binding himself and one surety jointly and severally to refund all moneys he may have received from the Secretary of State for India in the event of:—

(1) his failure to pass the Final Examination within the time prescribed by the Regulations, and to satisfy the Civil Service Commissioners of his fitness for admission to the Indian Civil Service, or

(2) his subsequent failure to execute the usual covenant, and to proceed to India, as and when he shall be directed by the Secretary of State for India.

(v) All candidates obtaining Certificates will be also required to enter into covenants, by which, amongst other things, they will bind themselves to make such payments as under the rules and regulations for the time being in force they may be required to make for the pensions of their families. The stamps payable on these covenants amount to £1.

(vi) A First Class passage to India will be engaged for Selected Candidates with a view to their proceeding to India after they have signed their covenants.

Selected candidates who desire to make their own arrangements for proceeding to India must first satisfy the High Commissioner for India that they have good reasons for wishing to do so and that the arrangements which they propose to make are suitable. They will then, on production to the High Commissioner for India of evidence that they have engaged a passage, be granted an allowance not exceeding £65* or the actual cost of the passage by the route selected, whichever is less.

(vii) Candidates appointed to the Indian Civil Service after undergoing one year's probation will be senior to those appointed in the same year after undergoing two years' probation. The seniority of candidates of each class *inter se* will be determined by the order in which their names appear on the lists referred to in clause (10) of the regulations.

(viii) A candidate who fails to satisfy the Civil Service Commissioners at the Final Examination held in any year will be definitely rejected unless the Secretary of State in Council shall, after reference to the Civil Service Commissioners, allow him to sit for re-examination in the subject or subjects in which he failed. In general, a candidate who is allowed re-examination will be required to forfeit the whole or part of the final instalment of his allowance, but if it appears to the Secretary of State in Council, after reference to the Civil Service Commissioners, that his failure to pass the examination was due to circumstances wholly exceptional and beyond his control, such forfeit of his allowance will not be required.

(ix) "Overseas pay" will not be admissible to Indian members of the Indian Civil Service selected at Open Competitive Examinations held in London in 1925 and subsequent years.

*This sum is liable to variation from time to time.

Part VI

Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 2nd September, 1929:—

L. A. BILL NO. 12 OF 1929.

A BILL

to amend section 178 of the Indian Contract Act, 1872.

WHEREAS it is expedient to amend section 178 of the Indian Contract Act, 1872, for the purpose hereinafter appearing; It is hereby enacted as follows:— IX of 1872.

Short title and commencement.

1. (*1*) This Act may be called the Indian Contr[illegible]ment) Act, 19 .

(*2*) It shall come into force on the [illegible] day of [illegible], 19 .

Amendment of section 178, Act IX of 1872.

2. For section 178 of the Indian Contract Act, 1872, the following section shall be substituted, namely:— IX of 1872.

Pledge of goods by person not the owner.

"178. Where an agent, having in the customary course of his business authority to sell goods or to consign goods for the purpose of sale or to buy goods, or to raise money on the security of goods, is, with the consent of the owner, in the possession of goods, or of any bill of lading, dock-warrant, warehouse-keeper's certificate, wharfinger's certificate, railway receipt, warrant or order for the delivery of goods or any other document used in the ordinary course of business as proof of the possession or control of goods, or authorising or purporting to authorise, either by endorsement or delivery, the possessor of the document to transfer or receive goods thereby represented, any pledge of the

goods made by such agent shall be as valid as if he were expressly authorised by the owner of the goods to make the same:

Provided that the pawnee acts in good faith and has not at the time of the pledge notice that the pawnor has not authority to pledge:

Provided also that such goods or documents have not been obtained by the pawnor from the lawful owner or from any person in lawful custody of them by means of an offence or fraud."

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to give effect to the recommendation of the Special Committee, appointed by the Government of India to examine and draft the Indian Sale of Goods Bill, that section 178 of the Indian Contract Act, 1872, should be amended so as to make it consistent with the amendment proposed by the Committee in section 108. Both the sections are cognate and are based on the same principle; and there has been considerable conflict of decisions regarding their scope. The Special Committee has proposed to remove this conflict in section 108 by restricting its provisions to sales by persons who are in possession of the subject-matter of the sale as mercantile agents only, and the present Bill amends section 178 of the Indian Contract Act, 1872, on the same lines.

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to amend the Negotiable Instruments Act, 1881 (XXVI of 1881), so as to provide that negotiable instruments including cheques and bills of exchange, which are expressed on the face of them as drawn to bearer, shall not, in any circumstances, lose their character as bearer instruments on account of their having been indorsed. The necessity for the amendment has arisen out of a ruling by the Bombay High Court that under section 50 of the Negotiable Instruments Act, 1881, and the *Explanation* thereto, a bearer bill can be legally changed to an order bill by endorsement. This makes it incu[illegible] upon banks and business houses to [illegible] Bill [illegible] endorsements upon bearer [illegible] against, as the character of an instrum[illegible] which is payable to bearer in the first instance, can [illegible] effectively altered by any subsequent endorsement, and thus throws considerable extra work and responsibility on banks and commercial houses without any compensatory advantage to their constituents or to the general public.

Under section 13, *Explanation* (*ii*) of the Negotiable Instruments Act, a bill indorsed in blank is payable to bearer, but under section 49 of the same Act the holder by writing a direction above the indorser's signature may convert the indorsement in blank into an indorsement in full. These provisions under which an order bill which has become bearer may be re-converted into an order bill, will be retained.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 2nd September, 1929:—

L. A. BILL NO. 17 OF 1929.

A BILL

further to amend the Negotiable Instruments Act, 1881, for a certain purpose.

WHEREAS it is expedient further to amend the Negotiable Instruments Act, 1881, for the purpose hereinafter appearing; It is hereby enacted as follows:— XXVI of 1881

Short title.

1. This Act may be called the Negotiable Instruments (Second Amendment) Act, 1929.

Insertion of new section 85A in Act XXVI of 1881.

2. After section 85 of the Negotiable Instruments Act, 1881, the following section shall be inserted, namely:— XXVI of 1881.

Drafts drawn by one branch of a bank on another payable to order.

"85A. Where any draft, drawn by one branch of a bank (which term includes a head office) upon another branch of the same bank for a sum of money payable to order on demand, purports to be endorsed by or on behalf of the payee, the bank is discharged by payment in due course."

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to amend the Negotiable Instruments Act, 1881, so as to make it clear that the Act affords protection to bankers in India against forged or unauthorised endorsements on demand drafts drawn by one branch of a bank upon another branch of the same bank. A doubt has been expressed in authoritative quarters as to whether the Indian law, as it stands at present, extends the same protection to banks in India as the English law does to banks in England; and, consequently, legislation is considered to be expedient in order that the position may be established beyond all doubt.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 9th September, 1929:—

L. A. BILL NO. 20 OF 1929.

A BILL

further to amend the Code of Criminal Procedure, 1898, for a certain purpose.

WHEREAS it is expedient further to amend the Code of Criminal Procedure, 1898, for the purpose hereinafter appearing; It is hereby enacted as follows:— V of 1898.

Short title.

1. This Act may be called the Code of Criminal Procedure (Amendment) Act, 1929.

Insertion of new section 540B in Act V of 1898.

2. After section 540A of the Code of Criminal Procedure, 1898 (hereinafter referred to as the said Code), the following section shall be inserted, namely:— V of 1898.

Special provision for inquiry or trial being held when accused's absent arises from his voluntary act.

"540B. (*1*) At any stage of an inquiry or trial under this Code, if the Judge or Magistrate is satisfied, for reasons to be recorded, that any accused, in consequence of a single act or series of acts done or course of conduct pursued by him after his arrest, has voluntarily rendered himself incapable of remaining before the Court, such Judge or Magistrate may, whether such accused is represented by a pleader or not, dispense with his attendance and proceed with the inquiry or trial in his absence.

(*2*) In any such inquiry or trial, where a plea is required in answer to a charge from an absent accused whose attendance has been dispensed with under sub-section (*1*), such accused shall be deemed not to plead guilty.

(*3*) Notwithstanding anything contained in this Code, no finding, sentence or order passed in such inquiry or trial shall be held to be illegal by any Court by reason of any omission or irregularity whatsoever arising from the absence of any or all of the accused whose attendance has been dispensed with under sub-section (*1*).

(*4*) No order under sub-section (*1*) dispensing with the attendance of an accused shall affect his right to attend or to be represented by a pleader at any subsequent stage of the proceedings."

Application.

3. Where an inquiry or trial has begun before the commencement of this Act, section 540B of the said Code as hereby enacted shall have effect:

Pr[illegible]t, where the accused's incapability of remaining before the Co[illegible]ults from a series of acts or course of conduct begun before the commencement of this Act, the said section shall have effect only where the series of acts or course of conduct is continued after the commencement of this Act.

STATEMENT OF OBJECTS AND REASONS.

The Code of Criminal Procedure, 1898, contains no provision by which an inquiry or a trial can continue in the absence of an accused person if he is not represented by counsel. The High Court of Judicature at Lahore have recently held that there is no provision of the law by which counsel may be appointed to represent an accused person without the latter's consent. It is, therefore, possible for an accused person to bring the administration of justice to a standstill by a voluntary act by which he renders himself incapable of attending Court.

2. The provisions of this Bill are intended to prevent the delay and defeat of justice by empowering Judges or Magistrates to proceed in the absence of an accused, even if he is not represented by counsel, if the Judge or Magistrate is satisfied that his incapacity to attend Court is due to a voluntary act, done or course of conduct pursued by, him after arrest.

GOVERNMENT OF INDIA.

Legislative Department.

The following Bill was introduced in the Council of State on the 16th September, 1929:—

C. OF S. BILL NO. 8 OF 1929.

A Bill

further to amend the Indian Succession Act, 1925, for certain purposes.

WHEREAS it is expedient further to amend the Indian Succession Act, 1925, for the purposes hereinafter appearing; It is hereby enacted as follows:— XXXIX of 1925.

Short title.

1. This Act may be called the Indian Succession (Amendment) Act, 1929.

Amendment of section 2, Act XXXIX of 1925.

2. After clause (*b*) of section 2 of the Indian Succession Act, 1925 (hereinafter referred to as the said Act), the following clause shall be inserted, namely:— XXXIX of 1925.

"(*bb*) 'District Judge' means the Judge of a principal Civil Court of original jurisdiction;".

Amendment of section 57, Act XXXIX of 1925.

3. (*1*) Sub-section (*1*) of section 57 of the said Act shall be renumbered as section 57, and after clause (*b*) and before the proviso the word "and" and the following clause shall be added, namely:—

"(*c*) to all wills and codicils made by any Hindu, Buddhist, Sikh, or Jaina on or after the first day of January, 1927, to which those provisions are not applied by clauses (*a*) and (*b*):".

(*2*) Sub-section (*2*) of section 57 of the said Act shall be omitted.

Amendment of section 213, Act XXXIX of 1925.

4. In sub-section (*2*) of section 213 of the said Act for the word "class" the word "classes" and for the words and figures "sub-section (*1*) of section 57" the words, letters and figures "clauses (*a*) and (*b*) of section 57" shall be substituted.

Repeals.

5. The enactments specified in the Schedule a[illegible]y repealed.

THE SCHEDULE.

ENACTMENTS REPEALED.

(*See section 5.*)

Year.	No.	Short title.
1926	XXXVII	The Indian Succession (Amendment) Act, 1926.
1928	XXI	The Indian Succession (Second Amendment) Act, 1928.

STATEMENT OF OBJECTS AND REASONS.

The Indian Succession Act, 1865 (X of 1865), contained in section 3 a definition of the expression "District Judge" which was wide enough to include and was always held to include a Judge of the High Court exercising probate jurisdiction on the Original Side. The Consolidation Act of 1925 (XXXIX of 1925) omitted this definition, with the result that the expression "District Judge" cannot be held to include a High Court in the exercise of its ordinary or extraordinary civil jurisdiction in view of the definition contained in the General Clauses Act, 1897. As the Indian Succession Act of 1925 now stands, numerous powers contained therein and given to District Judges have not been given to the High Court on its Original Side. This effect of the omission of the definition of "District Judge" from the Act of 1925 was apparently not foreseen and it is proposed to restore it. Clause 2 of the Bill gives effect to this proposal.

2. The remaining clauses are intended to supply another omission. Under sub-section (2) of section 57 of the Act of 1925, which was inserted by Act XXXVII of 1926, all wills and codicils made by any Hindu, Buddhist, Sikh or Jaina on or after the 1st January, 1927, in areas outside those where sub-section (1) of that section is in force, are required to be reduced to writing, signed and attested under section 63 of the Act. It is considered that the provisions of the other sections of the Indian Succession Act set out in Schedule III should be made applicable to the class of wills dealt with in section 57 (2), since the failure to apply these provisions to those wills may lead to the inference that different principles govern them, and once it is decided that this class of wills should be in writing, signed and attested, there is no reason for differentiating it from the wills falling under clauses (a) and (b) of section 57 (1).

The necessary amendments are provided in clauses 3 and 4 of the Bill.

3. In consequence of these amendments Act XXXVII of 1926 and Act XXI of 1928 will no longer be necessary, and it is proposed to repeal them.

Draft Rules and Schedule of Rates of Tolls.

1. Every vessel on entering the channel and before passing the gate at either end or even when entering the channel from a side khal between the gates shall be liable to measurement for the purpose of ascertaining the tolls payable; in case of any reasonable doubt arising, a vessel may be measured again by any person appointed by the District Board of Bakarganj on this behalf.

2. Vessels for the purpose of the determination of maundage shall be divided into two classes as below:—

Class I.—To include all vessels of the types of country boats, including saltees and hapors (fish cages), house boats, kosh boats, green boats, etc.

Class II.—To include steam boats, motor boats, flats and barges and other square built vessels.

3. The maundage of every vessel, whether laden or empty, shall, for the purpose of Act V (B. C.) of 1864 and of these rules, be determined by the following measurements:—

CLASS I.

A. The product of one quarter the length of the vessel from stem to stern, measured along the water line, multiplied by the interior greatest breadth of the vessel, multiplied by the depth from the water-line to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

B. The measurement of the length is to be made in feet, rejecting inches; the measurement of breadth and depth is to be made in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

C. The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of 12½ maunds, any remainder of less than 12½ maunds being rejected. In the case of vessels exceeding 500 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 50 maunds, rejecting any remainder of less than 50 maunds.

D. **Saltees.**—The product of one quarter of the inside length of the vessel, measured along the centre line from stem to stern, multiplied by the interior greatest breadth of the vessel, multiplied by the greatest depth measured from the top to the interior bottom

of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

CLASS II.

For vessel of class II the number of maunds obtained by the system of measurement prescribed for vessels of class I shall be increased by one-half. For vessels of this class above 5,000 maunds measurement, the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting any remainder of less than 500 maunds. In the case of steamers and motor boats the maundage determined as above shall be reduced by one-third as an allowance for engine space.

For vessels of class II which are furnished with reliable way bills, the gross maundage of cargo shown by the way bills or in the case of steamers, the maundage obtained from multiplying the registered tonnage of the steamer by 27, may, at the option of the employer of the vessel or the steamer (as the case may be), be taken as the maundage on which tolls will be charged.

4. After the measurement the person in charge of the vessel shall be provided with a slip showing the maundage to be charged, which must be presented at the toll office where he will be provided with a ticket, after payment of toll, which will permit the vessel to pass the gate or proceed through the channel.

5. Every ticket shall have entered on it the name of the sarang, manjee or other person in charge of the vessel, the date of entry, the maundage, the cargo, the amount of toll charged and the number of days for which the ticket remains current.

6. All tolls are payable on demand and shall be paid at the toll office before a vessel is permitted to proceed.

7. The ticket must be kept on board the vessel and in possession of the person in charge of the vessel and must be produced for inspection when demanded by the person authorised to collect tolls or by any officer to whom such person is subordinate. If on demand the ticket is not produced, such person or officer shall assess the tollage. If on demand the ticket is not produced, such person or officer shall assess the tollage as provided in rules 3 and 12 and shall require payment of toll, and unless and until the toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel shall be liable to seizure and detention under the provisions of section 9 of the Act.

8. Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the collector of tolls on payment of a fee equal to one quarter of the total tollage, subject to a minimum fee of one anna per ticket.

9. All vessels, whether the property of Government, District Board, other local bodies or of private persons, are liable for toll except those specially exempted under these rules or by a resolution passed by the District Board of Bakarganj from time to time.

10. The canal may be closed once a year for effecting the necessary repairs to it on seven days' notice of the intention so to close it being given; but in the event of any sudden emergency the canal may be closed at any time without prior notice, and no claim in such case by owners of vessels or others for compensation on account of detention shall be entertained.

11. No rafts exceeding 50 feet in length and 5 feet in breadth shall be permitted to enter the canals.

12. The rates of toll shall be as follows:—

(1) On all vessels empty or laden, per hundred maunds ..	Four annas.
(2) On all vessels empty or laden, for 12½ maunds or less ...	One-half anna
(3) On rafts of bamboos, grass, timber, etc., not exceeding 50 feet in length and 5 feet in breadth ...	Two annas each raft.

Tolls will be levied at Nali and Shapleza.

13. For boats frequently using the canal such as boats carrying passengers, grass or perishable articles monthly tickets will be issued at 10 times the ordinary toll.

14. Every vessel which has paid toll shall be allowed to remain in the canal for three days inclusive of the days of entry into and leaving the canal. A vessel remaining in any part of the canal longer than three days shall be charged demurrage equal to one-half of the toll for each day in excess of three days. No vessel shall be permitted to remain in the canal for more than one month. Provided that this rule shall not apply to vessels holding monthly tickets under rule 13 above, which may remain in the canal for more than three days without payment of demurrage but not for more than one month at a time.

15. No vessel carrying exclusively police officers or servants, soldiers and officers of the British Army, post mail runners, officers of the Irrigation Department on duty, officers and servants of the toll office for the canal referred to in these rules while on duty, or the vessels of such other persons as may be exempted by a resolution of the District Board of Bakarganj, shall be liable for toll in the canal.

16. Any matter relating to the mode of collection of tolls and other relevant points, not provided for in these rules, shall be decided by the District Board of Bakarganj at a meeting, and shall be subject to the approval of the local Government.

DEPARTMENT OF AGRICULTURE, BENGAL.

Second Forecast of the Cotton Crops of Bengal, 1929-30.

Dacca, the 5th October 1929.

(NOTE.—On an average of the five years ending 1927-28, the area under the cotton crop in Bengal has represented some 0·2 per cent. of the total area under cotton in India.)

There are two crops—early and late. The "early" crop is chiefly grown in the Chittagong Hill Tracts and the Tripura State and to a small extent in other districts. The late crop is grown in Bankura and Midnapore.

Character of the season.—As indicated in the first forecast, the weather was generally favourable at the sowing time, except in the Tripura State, where, owing to drought, less area was brought under cultivation this year. Subsequent conditions were helpful for the growth generally, but for heavy rains in Mymensingh and the Tripura State, which affected the prospects of the early crop to some extent. In Bankura the conditions were favourable throughout. The present outlook of the crop is fair, on the whole, and a fair outturn is anticipated.

Sowings of late variety commenced in Midnapore under fair conditions.

Area sown.—The area sown with early crop is reported to be 76,307 acres this year, as against 77,095 acres in the corresponding forecast of last year. Of the late crop an area of 503 acres is reported to have been sown this year, as against 653 acres reported in the corresponding forecast of last year.

Second Forecast of the Sugarcane Crop of Bengal, 1929-30.

Dacca, the 3rd October 1929.

(NOTE.—On an average of the five years ending 1927-28, the area under sugarcane in Bengal has represented some 7·0 per cent. of the total area under sugarcane in British India.)

Character of the season.—As reported in the first forecast, the weather was generally favourable except for the fact that drought in February and March interfered with the germination and growth of the plants and that excessive rain and flood caused some damage in parts of Eastern Bengal. Since then the conditions have been generally favourable for the development of the crop and the season, so far, may be regarded as fairly satisfactory this year.

Area planted.—The total area planted with the crop for the province is reported to be 197,500 acres this year, against 195,300 and 195,800 acres reported, respectively, in the corresponding and final forecasts of last year.

Outturn.—According to the estimates of District Officers, the average outturn of the crop for the province this year works out at 82 per cent. of the normal, against 77 and 81 per cent. in the corresponding and final forecasts of last year.

Condition figure.—The condition figure for the cane crop is estimated at 82 per cent., as against a ten years' average of 81·9 per cent. This means that the condition of this year's crop is equal to about 100 per cent. of the ten years' average.

W. KENWORTHY, MAJOR,

No. 1926A.D.—14th October 1929.—Whereas the validity of the election of Maulvi Abdul Karim by the Burdwan Division South (Muhammadan) constituency of the Bengal Legislative Council has been brought in question by an election petition duly presented by Maulvi Golam Rahman under the provisions of Part VII of the Bengal Electoral Rules: and whereas in accordance with the provisions of rule 45 of the said Electoral Rules, the Commissioners appointed for the trial of the said petition have duly submitted their report to the Governor: Now, therefore, in pursuance of sub-rule (*3*) of rule 45 of the Bengal Electoral Rules and in accordance with the report of the said Commissioners, His Excellency the Governor is pleased hereby—

(1) to declare the election of Maulvi Abdul Karim as a member of the Bengal Legislative Council for the Burdwan Division South (Muhammadan) constituency to be void;

(2) to direct that each party shall bear his own costs; and

(3) to publish the said report.

In the matter of the election to the Bengal Legislative Council from the Burdwan Division South Muhammadan constituency held on the 1st and the 5th of June 1929 and Golam Rahaman of Beleswar, post-office Panchpara, district Hooghly, by profession Advocate, at present residing at Chinsurah, district Hooghly, petitioner, *versus* Abdul Karim of 13/2, Wellesley Square in the town of Calcutta, respondent.

REPORT.

The election of Maulvi Abdul Karim by the Burdwan Division South (Muhammadan) constituency as a member of the Bengal Legislative Council having been called in question by an election petition duly presented under the provisions of Part VII of the Bengal Electoral Rules by the unsuccessful rival candidate, Maulvi Golam Rahaman, petitioner, His Excellency the Governor was pleased in pursuance of the provisions of rules 36 (*2*) and 38 of the said rules to appoint us Commissioners for the trial of the said petition. After the preliminary formalities prescribed by the rules on the subject and the issue of notice on the respondent, Maulvi Abdul Karim, the case was taken up for trial on 3rd September 1929, when the respondent Maulvi Abdul Karim filed his written statement. On the same date the following issues were framed on the pleadings of the parties:—

(1) Were the 162 ballot papers recorded in Pandua polling station rightly rejected by the Returning Officer?

(2) Did the Presiding Officer of Pandua centre make the alleged endorsements on the said 162 ballot papers? If so, can the same affect the ballot papers or the election in any way?

(3) Are the said endorsements sufficient to identify the electors within the meaning of Regulation XLVII (*e*)?

(4) Is the order of the Returning Officer declaring the results of the election wrong? If so, has it materially affected the result of the election?

(5) Is the petitioner entitled to the declaration that he is legally and properly elected at the said election to the Bengal Legislative Council?

(6) Has the respondent been duly elected at the election? If not, ought his election to be declared void and set aside? And should a fresh election be ordered on the existing nomination?

(7) Is the petitioner entitled to his costs from the respondent? If so, how much?

The petitioner, Maulvi Golam Rahaman, has examined only two witnesses, namely, (1) Mr. J. N. Roy, the Returning Officer, and (2) Choudhury Muhammad Abdulla, the election agent of Golam Rahaman at the Pandua polling centre, where the alleged illegality or irregularity on which the election is sought to be declared void, is said to have taken place. The respondent has not adduced any evidence, oral or documentary, and has contended himself with being represented by his counsel who has argued his case before us. It appears that at the Pandua polling centre the Presiding Officer was Babu Jatindra Nath Ghosh, Sub-Registrar of Pandua. This Presiding Officer adopted the most extraordinary procedure of making an endorsement on the ballot papers indicating the polling station, the name of the constituency and the elector's number in the electoral roll. The number of such ballot papers is 162 and they have been marked Ex. 1 to Ex. 1-161. There are also 162 such endorsements on the 162 ballot papers, these endorsements being Ex. 3 to Ex. 3-161. At the counting of votes held by the Returning Officer, Mr. J. N. Roy, on the 13th of June 1929, he rejected these 162 ballot papers under Regulation XLVII, clause (*1*), sub-clause (*e*) of the Bengal Electoral Regulations on the ground that these endorsements (Ex. 3 to Ex. 3-161) on the ballot papers had the effect of identifying the electors and that, therefore, the secrecy of the ballot had been violated. Of these 162 rejected votes, 153 had gone in favour of the petitioner, Maulvi Golam Rahaman, and 9 had gone in favour of the respondent, Maulvi Abdul Karim. After the rejection of these votes the voting as declared by the Returning Officer was as follows:—

Abdul Karim 991.
Golam Rahaman 877.

Abdul Karim, the respondent, was thereupon declared to have been duly elected as having secured the largest number of votes. There is no doubt that if the 153 votes cast in favour of the petitioner, Golam Rahaman, had not been rejected by the Returning Officer he would have polled 1,030 (877 + 153) votes and that if the 9 votes cast in favour of the respondent, Abdul Karim, had not been rejected by the Returning Officer he would have polled 1,000 (991 + 9) votes, and that Golam Rahaman would in that case have been declared duly elected as having secured 30 more votes than his only rival candidate, the respondent. There are only two points for consideration which arise out of the first six issues, namely, (1) whether the rejection of these 162 ballot papers by the

Returning Officer is illegal and improper and (2) whether the rejection of the 162 ballot papers by the Returning Officer has materially affected the result of the election. Even if the rejection of the 162 ballot papers by the Returning Officer be found to be legal and proper the election is still liable to be declared void under rule 44, clause (*1*), sub-clause (*c*) if the illegality or irregularity alleged to have been committed by the Presiding Officer of the Pandua polling centre has materially affected the result of the election. The learned vakil for the petitioner contends that the endorsements (Ex. 3 to Ex. 3-161) on the ballot papers (Ex. 1 to Ex. 1-161) do not identify the electors concerned. We have seen these endorsements and we have absolutely no hesitation in finding that the endorsements on the ballot papers by the Presiding Officer relating to the elector's number on the electoral roll had the undoubted effect of identifying the electors concerned. Under Regulation XXXII of the Bengal Electoral Regulations it is the duty of the Presiding Officer to enter on the counterfoil the number of the elector as stated in the electoral roll and not on the outer-foil which is the ballot paper and which is handed over to the voter for recording his vote thereon. The counterfoils have to be sent by the Presiding Officer to the Returning Officer in a sealed cover. The sealed cover containing the counterfoils cannot be opened even by the Returning Officer and has to be sent by him to the Secretary of the Legislative Council after the counting is over. Neither can it be opened while in the custody of the Secretary of the Legislative Council by anybody except under the order of a competent Court or the Commissioners appointed to hold an enquiry in respect of an election (*vide* Regulation LI of the Bengal Electoral Regulations). All the aforesaid rules and regulations have been framed with a view to the strict observance of the secrecy of the ballot; and in our opinion any procedure which has the effect of violating this fundamental principle underlying an election by ballot is an illegality which goes to the very root of the election if it has materially affected the result of the election. It has been argued by the learned Counsel for the respondent that even if the secrecy of the ballot has been violated by the procedure adopted by the Presiding Officer of the Pandua centre it is a mere irregularity or an accidental violation of the rule which has not materially affected the result of the election, and that therefore such irregularity or, as he puts it, accidental violation of the rule ought to be condoned. It has also been argued by the learned Counsel for the respondent that the Presiding Officer having done all that was expected of him under Regulation XXXII of the Bengal Eelectoral Regulations the election should not be declared void simply because he had endorsed on the ballot papers the elector's number on the electoral roll and certain other details not provided for in Regulation XXXII of the Bengal Electoral Regulations. We cannot accept the learned Counsel's argument as sound or reasonable. By making the aforesaid endorsements the Presiding Officer has distinctly violated Regulation XXXII for which the Returning Officer under Regulation XLVII, clause (*i*), sub-clause (*e*) of the Bengal Electoral Regulations providing for the secrecy of the ballot, has rightly rejected them. The secrecy of the ballot having been violated the Returning Officer, Mr. J. N. Roy, was perfectly right in rejecting the ballot papers under Regulation XLVII, clause (*i*), sub-clause (*e*). Then the next point for determination is whether the rejection of the 162 ballot papers by the Returning Officer has materially affected the result of the election. If the rejection of the 162 ballot papers has materially affected the result of the election there is no doubt that the election is liable to be declared void under rule 44, clause (*1*), sub-clause (*c*) of the Bengal Electoral Rules. In order to elucidate the meaning of the words "materially affecting the result of the election" certain rulings have been placed before us by both sides. We shall now deal with these cases. In Woodword *versus* Sarsons reported in Hammond's Indian candidate and Returning Officer, it appears that but for the irregularity committed by the Presiding Officer Sarsons would have polled 1,022 votes and Woodward 1,008. It was therefore held in that case that the election of the respondent Sarsons must be upheld as the irregularity complained of was not such as to "satisfy the tribunal that it did affect or might have affected the majority of votes; or in other words, the result of the election." On the above finding Sarson's election was upheld. In V. S. Mahammad Ibrahim, petitioner, *versus* Abbas Ali Khan Sahib and A. P. Sayid Ibrahim, respondents, reported in Hammond's Indian Election Petitions at page 182, it appears that the Presiding Officer had taken the thumb impressions of two illiterate voters who had voted for the petitioner. These thumb-impressions were made on two ballot papers which were rejected by the Returning Officer; and the Commissioners who heard the election petition after finding that they were rightly rejected by the Returning Officer observed as follows:—"But even allowing these votes in favour of the petitioner it would leave him in a minority of two. The result of the election is therefore *not* materially affected by such irregularities." In the case of Upadhaya Ambika Prashad, petitioner, *versus* Lakshmi Mohon Misra and another, respondents, reported in Hammond's Election Petitions at pages 92 and 93, it appears that the respondent Lakshmi Mohon Misra was declared du[illegible]ed by the Returning Officer as having polled [illegible]43 votes as against 721 votes polled by the petitioner Upadhaya Ambika Prashad in spite of the objection taken by the latter before the Returning Officer that a large number of ballot papers cast in favour of the respondent, namely, 361 out of 843, should be rejected as having contained certain marks violating the secrecy of the ballot. The learned Commissioners in upholding the objection of the petitioner observed as follows:—"If these marked ballot papers had been rejected the number of votes received by Babu Lakshi Mohon Misra (respondent) would have been reduced from 843 to 482 and those received by Babu Ambika Prashad (petitioner) would have been reduced from 721 to 604;" and thereupon the learned Commissioners declared the election of the respondent void as in their opinion the irregularity had affected the result of the election. It has also been held in the case of Babu Das Sinha *versus* Babu Rajandhari Sinha and another reported

in Jagat Narain's Indian Election Petitions, Volume III, at page 80, that the election cannot be said to have been materially affected unless the irregularities which have occurred actually turned the scale in favour of the returned candidate. It must be shown that but for the irregularities the returned candidate would not have obtained a majority of the votes. Basing their conclusions on the above principle the Commissioners were pleased to dismiss the election petition. In 30 C. L. J. at page 270, Mr. Justice Mukherji has collected all the case-law on the subject and has held that where the irregularity or transgression complained of has affected the result of the election, that is, the success of one candidate over another, it woud be the clear duty of the election tribunal to set aside the election. Although the case in 30 C. L. J. at page 270 refers to a municipal election Mr. Justice Mukherji has also dealt with the law relating not only to elections to Legislative Councils in India but also to Parliamentary elections, and his decision is in full accord with the other decisions already referred to by us. On a consideration of the law on the subject we hold that if the transgression complained of—whether it amounts to an illegality or irregularity—constitutes a non-compliance with the provisions of the Act or the rules or regulations made thereunder as contemplated by rule 44, clause (1), sub-clause (c) of the Bengal Electoral Rules and if the said non-compliance has materially affected the result of the election, that is, if it has turned the scale in favour of the returned candidate or in other words, if it has materially affected the success of one candidate over another, the election of the returned candidate should be void. But for the non-compliance with the rules and regulations on the subject by the Presiding Officer of the Pandua centre Maulvi Golam Rahaman, the petitioner, would have been duly declared elected because he would have polled 30 more votes than the respondent, Maulvi Abdul Karim, if the 162 ballot papers, of which 153 had been cast in favour of the petitioner and 9 in favour of the respondent, had not been rejected—and very properly rejected—by the Returning Officer. The election of the respondent, Maulvi Abdul Karim, is therefore declared void. There is no allegation of any corrupt practice in this case and none has been proved.

We therefore summarise our findings on the issues as follows:—

Issue No. 1—Our answer is in the affirmative.

Issue No. 2—We find that there were endorsements on the 162 ballot papers made either by the Presiding Officer of the Pandua centre or under his direction and that they have affected the ballot papers and the validity of the election.

Issue No. 3—Our answer is in the affirmative.

Issue No. 4—Our answer to the first part of the issue is in the negative. Our finding on the second part of the issue is that it has materially affected the result of the election.

Issue No. 5—Our answer is in the negative.

Issue No. 6—Our answer to the first part of the issue is in the negative. The election of the respondent, Maulvi Abdul Karim, ought to be declared void and set aside. We also find that a fresh election on the existing nomination cannot be ordered, as it has not been provided for in the rules and regulations.

Issue No. 7—As regards costs, having regard to the fact that the election has been frustrated or declared void for no fault of either party and that the Presiding Officer of the Pandua polling centre alone is responsible for the invalidity of the election, we recommend that each party will bear his own costs.

In the result we report that Maulvi Abdul Karim, the returned candidate, has not been duly elected and that his election is void. Each party will bear his own costs.

C. The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of 12½ maunds, any remainder of less than 12½ maunds being rejected. In the case of vessels exceeding 500 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 50 maunds, rejecting any remainder of less than 50 maunds.

D. **Saltees.**—The product of one quarter of the inside length of the vessel, measured along the centre line from stem to stern, multiplied by the interior greatest breadth of the vessel, multiplied by the greatest depth measured from the top to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

CLASS II.

For vessel of class II the number of maunds obtained by the system of measurement prescribed for vessels of class I shall be increased by one-half. For vessels of this class above 5,000 maunds measurement, the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting any remainder of less than 500 maunds. In the case of steamers and motor boats the maundage determined as above shall be reduced by one-third as an allowance for engine space.

For vessels of class II which are furnished with reliable way bills, the gross maundage of cargo shown by the way bills or in the case of steamers, the maundage obtained from multiplying the registered tonnage of the steamer by 27, may, at the option of the employer of the vessel or the steamer (as the case may be), be taken as the maundage on which tolls will be charged.

4. After the measurement the person in charge of the vessel shall be provided with a slip showing the maundage to be charged, which must be presented at the toll office where he will be provided with a ticket, after payment of toll, which will permit the vessel to pass the gate or proceed through the channel.

5. Every ticket shall have entered on it the name of the sarang, manjee or other person in charge of the vessel, the date of entry, the maundage, the cargo, the amount of toll charged and the number of days for which the ticket remains current.

6. All tolls are payable on demand and shall be paid at the toll office before a vessel is permitted to proceed.

7. The ticket must be [illegible] on board the vessel and in possession of the person in charge of the vessel and must be produced for inspection when demanded by the person authorised to collect tolls, or by any officer to whom such person is subordinate. If on demand the ticket is not produced, such person or officer shall assess the tollage. If on demand the ticket is not produced, such person or officer shall assess the tollage as provided in rules 3 and 12 and shall require payment of toll, and unless and until the toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel shall be liable to seizure and detention under the provisions of section 9 of the Act.

8. Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the collector of tolls on payment of a fee equal to one quarter of the total tollage, subject to a minimum fee of one anna per ticket.

9. All vessels, whether the property of Government, District Board, other local bodies or of private persons, are liable for toll except those specially exempted under these rules or by a resolution passed by the District Board of Bakarganj from time to time.

10. The canal may be closed once a year for effecting the necessary repairs to it on seven days' notice of the intention so to close it being given; but in the event of any sudden emergency the canal may be closed at any time without prior notice, and no claim in such case by owners of vessels or others for compensation on account of detention shall be entertained.

11. No rafts exceeding 50 feet in length and 5 feet in breadth shall be permitted to enter the canals.

12. The rates of toll shall be as follows:—

(1) On all vessels empty or laden, per hundred maunds ..	Four annas.
(2) On all vessels empty or laden, for 12½ maunds or less ...	One-half anna.
(3) On rafts of bamboos, grass, timber, etc., not exceeding 50 feet in length and 5 feet in breadth ...	Two annas each raft.

Tolls will be levied at Nali and Shapleza.

13. For boats frequently using the canal such as boats carrying passengers, grass or perishable articles monthly tickets will be issued at 10 times the ordinary toll.

14. Every vessel which has paid toll shall be allowed to remain in the canal for three days inclusive of the days of entry into and leaving the canal. A vessel remaining in any part of the canal longer than three days shall be charged demurrage equal to one-half of the toll for each day in excess of three days. No vessel shall be permitted to remain in the canal for more than one month. Provided that this rule shall not apply to vessels holding monthly tickets under rule 13 above, which may remain in the canal for more than three days without payment of demurrage but not for more than one month at a time.

15. No vessel carrying exclusively police officers or servants, soldiers and officers of the British Army, post mail runners, officers of the Irrigation Department on duty, officers and servants of the toll office for the canal referred to in these rules while on duty, or the vessels of such other persons as may be exempted by a resolution of the District Board of Bakarganj, shall be liable for toll in the canal.

The remaining one-third vacancies will be reserved by the Government of India to redress, so far as may be necessary, marked communal inequalities, and any appointments, which it may be necessary to make on these grounds, shall be made by the Governor General in Council, after consultation with the Public Service Commission, by direct nomination from among candidates who have attained the qualifying standard at the examination. Such vacancies, among the one-third reserved, as may not be required for the redress of communal inequalities, or for which duly qualified candidates for direct nomination may not be forthcoming, may be filled in the direct order of merit in which the candidates passed the examination.

4. From the list, prepared by the Public Service Commission, of competitors who have in the opinion of the Commission attained the qualifying standard, candidates, to the number of vacancies to be filled under Rule 1 (3), will be selected for appointment, in the manner laid down in Rule 3, provided that the Government of India are satisfied that they are duly qualified in other respects. Should any selected candidate become disqualified, the Government of India will determine whether the vacancy thus created shall be filled or not; in the former case, where the vacancy occurs on account of the disqualification of a candidate selected for appointment in order of merit, the candidate next in order of merit, and in other respects duly qualified, shall be deemed to be the selected candidate.

In that case he need send in only one application form and undergo one examination by a medical board. He will be required to pay the fees mentioned in Rule 13 once only and will not be required to pay a separate fee for each service or branch for which he applies. If he proves successful as a candidate for more than one service or branch he will ordinarily be assigned to that service or branch for which he expressed a preference at the time of his application provided that the vacancies have not already been filled; but the Government of India reserve power to assign him to any service or branch for which he is a candidate if in their opinion the exigencies of the public service render this desirable. Candidates who are also candidates for a service or branch not included in these regulations should refer to the regulations specially applicable to that service or branch.

The maximum number of candidates to be admitted to the combined examination may in the discretion of the Governor General in Council be limited to such number not being less than 200 as the Governor General in Council may decide. Regulations for the Medical Examination of candidates for admission into the Indian Railway Service of Engineers.

(These regulations are published for the convenience of candidates and in order to enable them to ascertain the probability of their coming up to the required physical standard. But it must be clearly understood that the Government of India reserve to themselves an absolute discretion to reject as unfit any candidate whom they may consider, on the report of the Medical Board, to be physically disqualified for the Railway Services; and that their discretion is in no respect limited by these regulations).

3. The candidate's height will be measured as follows:—

He will remove his shoes and be placed against the standard with his feet together, and the weight thrown on the heels and not on the toes or outer sides of the feet. He will stand erect without rigidity, and with the heels, calves, buttocks and shoulders touching the standard; the chin will be depressed to bring the vertex of the head level under the horizontal bar, and the height will be recorded in inches and parts of an inch to quarters. No fixed limit of height is enforced.

4. The candidate's chest will be measured as follows:—

He will be made to stand erect with his feet together, and to raise his arms over his head. The tape will be so adjusted around the chest that its upper edge touches the inferior angles of the shoulder blades behind, and its lower edge the upper part of the nipples in front. The arms will then be lowered to hang loosely by the side, and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to take a deep inspiration several times and the maximum expansion of the chest will be carefully noted. The minimum and maximum will then be recorded in inches, 33-35, 34-36½, etc. In recording the measurements, fractions of less than ½ inch should not be noted.

5. The candidate will also be weighed and his weight recorded in pounds. Fractions of a pound should not be noted.

6. The candidate's eye-sight will be tested in accordance with the following rules. The results of each test will be recorded.

(i) *General.*—The candidate's eyes will be submitted to a general examination directed to the detection of any disease or abnormality. The candidate will be rejected if he suffers from any morbid conditions of the eyes, eyelids, or contiguous structures, of such a sort as to render, or to be likely at a future date to render him unfit for service.

(ii) *Visual Acuity.*—The candidate will be examined, with the apparatus and according to the methods prescribed by the Railway Board's Standing Advisory Committee of Medical Officers, to determine his acuity of vision, and the examination will include two tests, one for distant and the other for near vision. Each eye will be examined separately. No candidate will be accepted whose Visual Acuity falls below the following standards—

———	The one eye.	The other eye.
Distant vision—		
without glasses ..	6/12	6/18
corrected with glasses	6/6	6/9
Manifest Hyperopia	1·5	1·5
Near vision—		
with or without glass	[illegible]	0·6

(iii) *Colour Perception.*—The candidate will be examined for colour knowledge with the apparatus and according to the methods prescribed by the Railway Board's Standing Advisory Committee of Medical Officers. Any defect of colour perception will be a cause for rejection of the candidate.

(iv) *Night Blindness.*—The candidate's Night Vision will be tested, with the apparatus and according to the methods prescribed by the Railway Board's Advisory Committee of Medical Officers, to ascertain whether or not he suffers from night blindness. The candidate who under the conditions of the ordinary Test for Visual Acuity has 6/6 Vision with both eyes open, with or without glasses, will be rejected if, under the conditions of the Night Blindness Test, his vision with both eyes open, with or without glasses, falls below 6/24.

(v) *Field of Vision.*—The fields of vision of the candidate's eyes will be examined with the apparatus and according to the methods prescribed by the Railway Board's Standing Advisory Committee of Medical Officer. Any defect will be a cause for rejection of the candidate.

7. The urine (passed in the presence of the examiner) should be examined and the result recorded.

8. The following additional points should be observed:—

(b) that his speech is without impediment;

(c) that his teeth are in good order, and that he is provided with dentures where necessary for effective mastication (well filled teeth will be considered sound);

(e) that there is no evidence of any abdominal disease;

(f) that he is not ruptured;

(g) that he does not suffer from a severe degree of hydrocele, varicocele, varicose veins or piles;

(h) that his limbs, hands and feet are well formed and developed, and that there is free and perfect motion of all his joints;

(i) that he does not suffer from any inveterate skin disease;

(j) that there is no congenital malformation or defect;

(k) that he does not bear traces of acute or chronic disease pointing to an impaired constitution; and

(l) that he bears marks of efficient vaccination.

When any defect is found it must be noted and the medical examiners should state their opinion as to whether or not it is likely to interfere with the efficient performance of the duties which will be required of the candidate. If the condition is remediable by operation it should be so stated.

II. The draft will be taken into consideration on or after the 28th November 1929, and any objections or suggestions received before that date will be considered.

Draft Rules and Schedule of Rates of Tolls.

1. Every vessel on entering the channel and before passing the gate at either end or even when entering the channel from a side khal between the gates shall be liable to measurement for the purpose of ascertaining

the tolls payable; in case of any reasonable doubt arising, a vessel may be measured again by any person appointed by the District Board of Bakarganj on this behalf.

2. Vessels for the purpose of the determination of maundage shall be divided into two classes as below:—

Class I.—To include all vessels of the types of country boats, including saltees and hapors (fish cages), house boats, kosh boats, green boats, etc.

Class II.—To include steam boats, motor boats, flats and barges and other square built vessels.

3. The maundage of every vessel, whether laden or empty, shall, for the purpose of Act V (B. C.) of 1864 and of these rules, be determined by the following measurements:—

CLASS I.

A. The product of one quarter the length of the vessel from stem to stern, measured along the water line, multiplied by the interior greatest breadth of the vessel, multiplied by the depth from the water-line to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

B. The measurement of the length is to be made in feet, rejecting inches; the measurement of breadth and depth is to be made in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

C. The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of 12½ maunds, any remainder of less than 12½ maunds being rejected. In the case of vessels exceeding 500 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 50 maunds, rejecting any remainder of less than 50 maunds.

D. **Saltees.**—The product of one quarter of the inside length of the vessel, measured along the centre line from stem to stern, multiplied by the interior greatest breadth of the vessel, multiplied by the greatest depth measured from the top to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

CLASS II.

For vessel of class II the number of maunds obtained by the system of measurement prescribed for vessels of class I shall be increased by one-half. For vessels of this class above 5,000 maunds measurement, the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting any remainder of less than 500 maunds. In the case of steamers and motor boats the maundage determined as above shall be reduced by one-third as an allowance for engine space.

For vessels of class II which are furnished with reliable way bills, the gross maundage of cargo shown by the way bills or in the case of steamers, the maundage obtained from multiplying the registered tonnage of the steamer by 27, may, at the option of the employer of the vessel or the steamer (as the case may be), be taken as the maundage on which tolls will be charged.

4. After the measurement the person in charge of the vessel shall be provided with a slip showing the maundage to be charged, which must be presented at the toll office where he will be provided with a ticket, after payment of toll, which will permit the vessel to pass the gate or proceed through the channel.

5. Every ticket shall have entered on it the name of the sarang, manjee or other person in charge of the vessel, the date of entry, the maundage, the cargo, the amount of toll charged and the number of days for which the ticket remains current.

6. All tolls are payable on demand and shall be paid at the toll office before a vessel is permitted to proceed.

7. The ticket must be kept on board the vessel and in possession of the person in charge of the vessel and must be produced for inspection when demanded by the person authorised to collect tolls, or by any officer to whom such person is subordinate. If on demand the ticket is not produced, such person or officer shall assess the tollage. No. F. 43-IV-R.II.—The following Report of the Government (India Office) Actuary on the Valuation of the Indian Civil Service Family Pension Scheme as at 31st March 1928, together with consolidated accounts for the five years ending on that date, is published for general information:—

Indian Civil Service Family Pension Scheme.

Report by the Government Actuary on the Valuation as at 31st March 1928.

Treasury Chambers, S. W. 1,
28th June 1929.

Sir,

In compliance with instructions received through the Controller of Pension Funds, I have valued the assets and liabilities of the Indian Civil Service Family Pension Scheme as existing on 31st March 1928.

2. The present value of the future benefits and contributions is dependent on the following elements:—

(*a*) The rates of mortality, at each age, which will prevail among the subscribers, their wives, widows, sons and daughters.

(*b*) The rate of marriage, at each age, among unmarried subscribers.

(*c*) The relation between the ages of husband and wife in the case of married subscribers.

(*d*) The probability of the birth of (*i*) a son or (*ii*) a daughter to a married subscriber at each age.

(*e*) The rate of marriage, at each age, among daughters of subscribers, and the corresponding rates of re-marriage of widows.

(*f*) The probabilities of the re-entry of widows of subscribers to full pension, following on the [illegible]ination of second marriages.

(*g*) The proportion of subscr[illegible] in active service at each age who [illegible]re and, normally, cease to contribute.

(*h*) The rate of interest to be derived from the investment of the fund.

Past experience, obtained either from the records of the scheme under investigation or from those of analogous schemes, provides the only reliable guide to the operation of elements (*a*) to (*g*), and it follows that if any significant changes are taking place in the experience—as, for example, if mortality rates are falling, with a consequent gradual increase in the duration of life—it becomes necessary to revise the valuation basis from time to time in order to give effect to the new conditions.

3. An exhaustive investigation was made into the past experience of the scheme by the late Sir G. F. Hardy, K.C.B., in connection with the valuation as at 31st March 1911, and the scheme being then relatively immature, the facts so obtained were supplemented by corresponding data drawn from the operations of the older Pension Funds connected with the Indian services. On the material thus collected a new valuation basis was constructed, and with comparatively minor modifications this basis has subsequently been retained save in one particular. The exception is that of the assumptions made as to future retirements. The 1911 basis incorporated the assumption that, on average, retirement would take place at the age of 50, but the experience of the years 1918-23, showed that a large number of the subscribers continued to serve for varying periods after that age was passed, with the result that a considerable amount of contributions was received in excess of the previous expectation. For the valuation of 1923 the basis was accordingly altered to give effect to this feature. The change was, however, tentative and limited, some uncertainty being felt as to whether the observed prolongation of service was partially due to conditions set up by the Great War, and consequently as to the extent to which it would be repeated in the experience of the future. Reference may also be made to one other feature of the experience in the years 1918-23, namely, the mortality rates among subscribers, active and retired. It was pointed out in the last Report that in this period the deaths had been about 80 per cent. of the expectation, but it was explained that in the previous quinquennium the experience had run in the contrary direction, and it was thought inadvisable, therefore, to assume that the prolongation of life shown by the most recent experience had become a permanent feature.

4. As the first step in the work of valuation as at 31st March 1928, a corresponding investigation to those previously made was undertaken and the experience of the scheme in the five years 1923-28 was compared, in each particular, with the "expectation" resulting from the valuation basis previously used. The results were necessarily obtained with reference to age, but their general trend will be sufficiently seen by the following summary. The figures herein given relate only to Europeans. The Asiatic subscribers and their families constitute a small class, and one which is not recruited by new admissions. Abnormalities in the experience of this class, so far as such exist, are not therefore of importance in the present connection.

Experience, 1923-28 (Europeans: All ages combined).

Retirements—			
Subscribers	.. ..	247	183

The figures last given do not include the retirements under the Regulations as to Premature Retirement on Proportionate Pension. These retirements are of a special character, and special financial arrangements are made in respect of them.

5. It will be seen from this statement that the decline in the mortality rate of subscribers which was noted in connection with the last valuation has continued and has indeed been accentuated. It appears now to be established that the personnel of the Indian Civil Service shares to the full in the prolongation of life which characterises British vital statistics, both national and sectional, at the present time. The experience in respect of wives of subscribers shows the same general feature, as does also that in respect of sons and daughters. The experience in regard to widows is at present very limited, and the fact that among this class the deaths have been equal to the expectation is probably not significant. Taking all women over the age of 20 as a single class, the actual number of deaths was 24 against an "expectation" of 41.

On these facts it is evident that a general revision of the valuation basis in respect of the element of mortality should not be further postponed. New rates have accordingly been constructed, these being equivalent to 70-75 per cent. of the pre-1911 rates up to age 60, thereafter moving by regular progression towards the rates of the Government Annuitants Experience, 1900-20, Male and Female, respectively, into which they are assumed to fall at about the age of 75.

6. It should be said of the rates thus adopted that they do not fully express the fall in mortality which has taken place in the five years 1923-28. The number of lives "at risk" has been relatively small, and to some extent the experience of this quinquennium may have been abnormal. It has been deemed advisable in the circumstances to use mortality rates which approximate to the experience of the 10 years 1918-28.

Another point should be mentioned in this connection. It will be seen from the summary given in paragraph 4 that the difference between the "expected" and actual deaths has been much more pronounced among the married subscribers than among the unmarried. Observations in other directions support the belief that the rate of mortality for a common age is less among married than among unmarried men, but the extent of the divergence is, normally, much less than the difference in the present case would suggest, and it is considered that to some extent the latter is an accidental attribute of paucity of numbers. As in previous valuations, it has been deemed advisable, therefore, to assume that married and unmarried subscribers will be subject to the same mortality rates.

7. The figures given as to "expected" and actual marriages suggest that the previous basis remains valid. These figures are, however, totals only, and analysis with reference to age indicates that an increased "rate of marriage" among subscribers of the ages 30-45 should be adopted. No material alteration of the previous basis in respect of the marriage of widows and daughters has been found necessary.

8. The number of births, both of sons and daughters, has been below that anticipated, and new "issue rates" have accordingly been prepared, on the experience of the 10 years 1918-28. It will be observed from the Summary that the births of sons continue to be slightly in excess of the births of daughters. This is a general feature of vital statistics, but it is not of sufficient importance to be recognised in the valuation, and following the course adopted on the last occasion the probabilities of the birth of a son or daughter have been assumed to be equal.

9. The significance of the element of retirement from active service, so far as the scheme is concerned, arises from the fact that in this event the subscriber ceases to contribute. There is a striking difference between the experience, in regard to retirements, of the two last quinquennial periods. The numbers of subscribers remaining in service to the higher ages is rapidly increasing, and to this is mainly due the fact that the average age at retirement has increased from 49·7 years in the period 1918-23 to 53·6 years in the latest period. The change has had an important effect on the finance of the scheme during the last five years, and the result of a continuance of the present experience must be still more pronounced. The position may conveniently be explained by reference, separately, to the retirements on grounds of health and to those attributabl[illegible]gth of service. Retirement on the fi[illegible] these grounds (which may normally be [illegible]en to include all cases arising u[illegible]e age of 48) is not an element of great [illegible], but it is remarkable that only three such retirements were recorded against an "expectation," based on the actual experience of the years 1918-23, of 26. It must be assumed that the Premature Retirement Rules, have had a marked influence on the number of cases in which the officer's state of health is advanced as the reason for his retirement. It would appear unreasonable to assume that such an abnormal experience as that of the last five years would continue, whatever the cause to which it may be attributable, and in respect therefore of the contingency of retirement through ill-health the previous basis has been retained.

As regards retirements on the ground of length of service, say, from age 48 upwards, it was seen in connection with the last valuation that the assumption previously made, that

on average all contributors would retire at the age of 50, would not continue to be valid, and certain "rates of retirement," cautiously estimated in the circumstances explained in the report, were adopted and incorporated in the valuation basis. The latest experience shows that the range of ages at which these retirements take place is steadily widening, and that the rates previously adopted have not been reached. It appears to follow from these facts that a further advance in the aggregate of the contributions likely to be received from subscribers who have earned the right to retire from service may properly be assumed. The rates of retirement assumed in the last valuation have accordingly been reduced at ages 48-58, on the basis of the experience of the last five years, a suitable margin against contingencies being, however, retained. All officers remaining so long in service have been assumed to retire at the age of 59.

10. An abstract of the rates of mortality, etc., entering into the new valuation basis is given in Schedule A appended.

11. The rate of interest assumed in the valuation is, as before, 4 per cent. per annum. The rate actually credited in each of the five years terminating on the valuation date was 5½ per cent., but it is understood that this rate has now been reduced to 5 per cent.

The valuation assumption is that of a permanent rate extending over the whole period to elapse until the death of the last survivor of the beneficiaries under the undertakings of the scheme to present contributors. It is possible that this period may cover a century, and it is essential therefore that a cautious assumption should continue to be made in respect of this element.

12. A statement showing the numbers of subscribers (active and retired) and of incumbent and contingent beneficiaries on 1st April 1923, and of the subsequent changes up to 31st March 1928, is given in Schedule B appended. The numbers in the various categories on the latter date were as follows:—

	European.	Asiatic.
Subscribers—		
Active (married)	678	82
Active (unmarried) ..	[illegible]	10
Retired (married)	40	..
Retired (unmarried) ..	[illegible]	..
Sons—		
Incumbent beneficiaries ..	78	1
Contingent beneficiaries (father living)	913	57
Daughters—		
Incumbent beneficiaries ..	126	..
Contingent beneficiaries (father living)	940	72
Widows—		
Full pension	124	2
Half pension (re-married) ..	36	..

13. The Consolidated Account of Receipts and Expenditure during the five years ending 31st March 1928 shows that the receipts from contributions and donations amounted to £430,760. In the previous quinquennial period the corresponding receipts reached the sum of £459,780. Annuities paid from the Fund amounted in the last five years to £321,578, the corresponding item in the previous period being £188,315. This considerable increase in the charges on the Fund is mainly due to the increase in pensions which took effect on 1st January 1925, but a further portion of it is attributable to the continuous growth in the number of incumbent beneficiaries. The balance at the credit of the scheme on 31st March 1928 was £3,285,153. In addition to this sum I estimate that there was due from the Government at that date under the Premature Retirement Rules the sum of £14,996. I have included this amount as an asset of the Fund in the valuation.

14. The pensions for which the Fund is now responsible are the original pensions payable from the fund with (*a*) a permanent addition of 20 per cent. of the full pensions (inclusive of the portion paid by Government), and (*b*) a temporary addition, to 31st December 1929, of a further 30 per cent. of the full pensions. These benefits are modified in the case of members who have elected to take either Option A or B on retirement from the service under the Premature Retirement Rules.

15. The contributions now payable are the original rates in the case of entrants between 1st April 1916 and 31st July 1925, later entrants paying an increase of 12½ per cent. Entrants between 1st April 1908 and 31st March 1916 receive an abatement of 6¼ per cent. on the original rates, and entrants before 1st April 1908 an abatement of 12½ per cent. These adjustments, which in the valuation are taken as permanent, do not affect the "donations," which are all payable at the original rates.

16. The result of the valuation, as shown by the Valuation Balance Sheet (Schedule C annexed), is a surplus of assets over liabilities of £698,995. Since practically all the surplus brought out by the last valuation was appropriated to increase of benefits and reduction of contributions, the whole of the present surplus is due to two factors, (i) the profits on the working of the scheme during the five years ending on the valuation date, and (ii) the reduction in the reserves resulting from the changes made in the basis of valuation.

The largest item under (i) is represented by interest received in excess of the equivalent of 4 per cent. per annum. The surplus attributable to this factor is £240,000. The low death rate which has prevailed among subscribers, and especially among married subscribers, accounts (after allowing for the financial strain attributable to low mortality among wives) for a further sum approaching £200,000, and contribution receipts in excess of the "expectation," attributable to the low retirement rate which has prevailed among the older subscribers, represents nearly £90,000. To these amounts sundry small items have to be added, bringing up the profits on the working of the last five years to about £550,000. The balance of the surplus, substantially £150,000, is attributable to the factor (ii) mentioned above—the reduction in the net liability of the Fund arising from the changes made in the valuation basis.

17. It is evident from the result shown by the valuation that the Fund is in a position to permit of further advancement upon the lines adopted after the last valuation in respect of the stabilisation of pension increases and of reduction of contributions. As regards the former, I recommend that the stabilised part of the present addition of 50 per cent. to the full basic pension be increased from 20 per cent. to 33⅓ per cent., and that the balance of 16⅔ per cent. be continued on a temporary basis for a further five years ending on 31st December 1934. The value of these extensions is £467,000.

18. In regard to the balance of the surplus, which, in accordance with precedent, would be applied to a further reduction of the subscriptions, I think it necessary, in the interest of equity as between the members, to place before you for consideration the fact that the increasing age of the scheme is now bringing into prominence a feature which can hardly have been anticipated when, as a result of the valuation made as at 31st March 1911, subscribers were relieved of the payment of subscriptions after retirement. On the relatively few facts then available as to membership at the higher ages there was evidently no reason to suppose that, in general, retirement would be deferred much beyond the completion of the normal term of service. In such circumstances, the continuation of subscriptions for perhaps a year or two in the case of the few subscribers who might not retire at the earliest opportunity would not be regarded as a serious inequity and would be substantially balanced by the concession to all subscribers of the right to terminate their payments in the eventuality of premature retirement from service through breakdown in health. Presumably this was the view taken when the cessation of contributions on retirement was recommended. In its actual operation the element of retirement is working otherwise. In paragraph 9 above reference is made to the wide range in the ages of those now retiring on the ground of length of service, and as a corollary to this, to the substantial number of subscribers who have remained in the service for prolonged periods when qualified to retire. Since the continuance of contributions by such subscribers does not carry the right to any increase in the benefits to which their dependants are entitled, this class of subscribers is placed at a distinct disadvantage in comparison with their colleagues who elect to retire when entitled to do so, or very soon thereafter. This inequality would be removed if the payment of subscriptions were limited to 25 years from entry into service, combined, of course, with the existing provision that subscriptions should cease on earlier retirement on account of ill-health. The cost of an alteration of the Rules to this effect, if applied immediately to all present subscribers, would, however, be so considerable as to require the postponement of any further reduction of the rates of subscription. Such a result would evidently create new inequalities, and having regard to the prospect that surplus will continue to accrue in substantial amount, it is thought sufficient to provide on the present occasion for the cessation of the subscriptions, on completion of 25 years' service, of those subscribers who were in Class I on 31st March 1928.

19. I recommend a further and permanent reduction, at the rates set out in paragraph 26, in the subscriptions of members of the fund on the valuation date. Subject to the recommendation in the subsequent paragraph, the rates of subscription payable by new entrants should remain on the existing scale, being the original rates with an addition of 12½ per cent.

20. The above recommendation as to the discontinuance of contributions in certain cases during service raises a somewhat difficult question as to the donations payable by subscribers who subsequently marry. Since 1914 retired members have been freed from subscriptions and on subsequent marriage have been granted the option (subject to the production of evidence of good health) to secure pensions for their wives by the payment of donations on a higher scale than is applied to subscribers who marry during service. A corresponding option is granted in respect of children of such marriages; the donations payable in this event are very substantial and contrast sharply with the maximum amounts which can be paid in subscriptions in respect of children by officers who marry during service but comparatively late in life, say after the age of 40, and the number of whom is not insignificant. It is not surprising in the circumstances that the option to insure the children of marriages which have taken place after the retirement of the subscriber would appear to have been infrequently exercised. The valuation roll contains the names of 16 such subscribers, but donations have been paid since 1914 in respect of eight children only. The charge evidently tends to be prohibitive, and to this extent, although the cases affected are relatively few, the scheme fails to afford the protection to the dependants of subscribers which it was designed to give. I am led, therefore, to recommend that the payment of special donations for children should be discontinued and that the contingency of claims in respect of children be treated as covered by the donations paid on marriage. It would follow, presumably, that the children's donations already paid would be returned, subject to the adjust[illegible]commended in the next paragraph, [illegible]hat all children born to existing retired [illegible]scribers who have paid the marri[illegible]onation should be admitted to benefit [illegible] to the same adjustment) whether or not the birth of such children has been reported and the relevant donations paid.

21. It is obviously necessary to continue to discriminate between the marriage donation payable by a subscribing member, whose subscription will be raised to the married rate, and that payable by a member, whether active or retired, who has ceased to subscribe and from whom no additional monthly contributions can be obtained after his marriage. I am not, however, satisfied that the application to the latter class of the present Seventh Schedule to the Rules would sufficiently meet the needs of the case on the donations chargeable in respect of children being abolished, and after due consideration of the relevant points I make the further recommendation that the Seventh

Schedule be abrogated, and in lieu thereof the donation payable on marriage after contributions have ceased should be the sums prescribed for the appropriate age in the Third and Fourth Schedules with an addition of £200. The effect in the case of such a subscriber marrying at, say, the age of 50 would be to increase the marriage donation by £80, while releasing him from all liability for donations on the birth of children of the marriage. As regards existing members who have married after retirement and have paid marriage donations and children's donations, the suggested refund in respect of the latter payments should be so computed as to produce to the Fund the same result as if this arrangement had been in force at the time when the marriage was contracted. Similarly in cases where the marriage donation was paid but births of children were not reported, the admission to benefit right of any children of the marriage should be made conditional upon the payment by the member of any further sum required to bring up the marriage donation paid to £200 in excess of the corresponding donation in the Third Schedule.

22. I am of opinion that members who have ceased to contribute by reason of having served 25 years but are still in service, should be required to pay the donations on the new basis, and not be granted the option applicable to retired subscribers. It would be sufficient if the initial payment in respect of the additional donation of £200 were limited in these cases to the contributions remitted since completion of 25 years' service (should the sum of these be less than £200), the balance being made up by the temporary resumption of subscriptions, payable at the married rate.

23. There remains for consideration the case of the member who marries shortly before attaining 25 years of service. If it should be found possible to continue the system, which it is suggested should be inaugurated, of releasing subscribers from further contributions after completing 25 years, the subscriber in this case, who would have paid donations on the basis of the Third Schedule, might be at a marked advantage in comparison with a member whose marriage took place shortly after attaining this period of service. To avoid this inequality I recommend a provision whereby the release from contributions should be conditional upon the subs[illegible] making up to £200 the extra contributions which his marriage had attracted—that is [illegible], the sum of the difference between th[illegible]ibutions at the married and unmarried rates plus any contributions paid in respect of children of the marriage. It would be sufficient if any balance due from him under this arrangement were payable by way of continuance of his subscriptions until the amount had been made up. I do not think it necessary to bring the element of interest into this adjustment or into that suggested in the previous paragraph.

24. It is impossible to place an exact value upon the concessions to existing members recommended in the immediately preceding paragraphs, but it cannot, I think, exceed £20,000.

25. My attention has been drawn to the possibility that occasional hardship may result from the termination at the age of 24 of the pension of a son who by reason of physical or mental infirmity is not, and has never been, capable of earning a livelihood, and from the cognate case of the non-provision of a pension for a son who, though over the age of 24 at the time of the subscriber's death, has been unable, for the whole period since that age was attained, to maintain himself in consequence of the like infirmity. Cases of this kind are obviously rare, and the risk may be regarded as so remote as hardly to justify addition to the existing scale of contributions. The hardship to the family concerned is nevertheless serious in such cases as do arise, and the liability to continue or to grant a pension, subject to adequate evidence as to the facts, is one which I think the Fund might properly assume. Somewhat similar arrangements (in one case on a contributory basis) are in force in the older Funds, and on the data drawn from these sources I estimate that the value of the liability would be in the region of £10,000.

26. The following statement contains the complete series of the measures which I submit for consideration. It will be seen that these absorb practically the whole of the surplus, but in view of the substantial difference between the present interest receipts and those required by the valuation basis, and of the other margins to which I have referred in earlier paragraphs, I am not disposed to regard this fact as creating any obstacle to the adoption of the proposals. The estimates of cost assume that the scheme will come into operation on 1st January 1930.

		£
A.	Increase of the stabilised addition to the pensions from 20 per cent. to 33⅓ per cent.	408,000
B.	Provision of a further 16⅔ per cent. for the five years ending 31st December 1934	59,000
	Cost of increases in benefits	467,000
C.	Reductions in contributions—	
	(1) Contributions of entrants between 1st August 1925 and 31st March 1928, now paying 12½ per cent. above basic rates, to be reduced to basic rates after seven years from entry.	
	(2) Contributions of entrants between 1st April 1916 and 31st July 1925, now paying basic rates, to be reduced by 12½ per cent.	
	(3) Contributions of entrants between 1st April 1908 and 31st March 1916, now paying 6¼ per cent. below basic rates, to be reduced by a further 18¾ per cent. of basic rates.	
	(4) Contributions of entrants before 1st April 1908, now paying 12½ per cent. below basic rates, to be reduced by a further 12½ per cent. of basic rates.	
	Total ..	109,000
D.	Limitation of numbers of contributions—	
	Subscribers in Class I on 31st March 1928 to be relieved of payment of contributions on completion of 25 years' service	89,000
E.	Marriages after retirement, etc.—	
	Adjustment as to children's benefits and donations	20,000
F.	Invalid sons—	
	Extension of pension	10,000
		695,000

27. I have been impressed, in the course of my investigation, by the desirability of reconsidering the rates of subscription and the donations in respect of future entrants into the Service. The subject is one of great complexity, and in view of the present sufficiency of the subscriptions and donations (taken as an aggregate for all entrants) an immediate decision in regard to it is not essential. But there is little doubt that however suitable the present rates may have been to the circumstances existing when the scheme was established, the gradual changes in mortality and other directions, combined with the abolition of subscriptions on retirement, have set up conditions which call for their review, a necessity which will be emphasised if the suggestion made above as to the termination of subscriptions after 25 years should be accepted, and the like concession be incorporated in measures to be adopted for the distribution of surplus which may accrue in the future. I recommend, therefore, that instructions be given for the actuarial examination of this question. It should be understood that this recommendation applies only to the payments of entrants into the Service after a date to be fixed when new rates have been formulated. As I have said, the present payments taken in the aggregate are sufficient for incoming members, but they are no more than sufficient, and it would be financially impossible to grant any option to subscribers on the books when the new conditions came into force which would have the effect of diminishing the income of the Fund.

I am, Sir,

Your obedient Servant,

ALFRED W. WATSON.

PUBLIC SERVICE COMMISSION.

NOTICE.

Simla, the 26th September 1929.

A competitive examination for admission to the Indian Service of Engineers, the Indian Railway Service of Engineers and the Superior Telegraph and Wireless Engineering Branches of the Posts and Telegraphs Department will be held in Delhi beginning on the 3rd February 1930 under the Rules and Regulations published in the *Gazette of India*, dated the 28th September 1929. Candidates accepted for admission to the examination will be informed at what place in Delhi and at what hour they should present themselves.

The examination will be a combined examination for the purpose of filling vacancies in the three services mentioned above. A candidate may apply to be admitted as a candidate for all or any of these services. If he wishes to be admitted as a candidate for more than one service he should state this on his application form. In that case he need send in only one application form and undergo one examination by a Medical Board. He will be required to pay the fees mentioned in the Regulations once only and will not be required to pay separate fees for each service for which he applies. If he proves successful as a candidate for more than one service he will ordinarily be assigned to that service for which he expressed a preference at the time of his application provided that the vacancies have not already been filled, but the Government of India reserve power to assign him to any service for which he is a candidate if in their opinion the exigencies of the public service render this desirable.

The number of candidates to be selected at this examination for each of the three services will be announced hereafter.

The application must be made through the Collector or Deputy Commissioner* to the proper authority of the area in which the candidate's parents reside at the time of the application, or of an area in which they have previously resided for a period of not less than three years, or in which the candidate has himself resided, otherwise than as a student at a college or university only, for a like period.

The proper authority is for a Governor's Province the Chief Secretary; for Coorg, the North-West Frontier Province, Delhi, Ajmere-Merwara, Baluchistan, or Andamans and Nicobar Islands the Chief Commissioner; and for a State in India the Political Officer or Agent, who should be addressed through the Darbar.

No candidate will be admitted to the examination from whom the Collector or Deputy Commissioner* or the Political Officer or Agent has not received on or before the 12th November 1929, an application on the prescribed form accompanied by the necessary documents. Copies of the application form and of the Rules and Regulations may be obtained from the local Government and Political Officers or Agents.

* In the case of Calcutta the Commissioner of Police.

No allegation that an Application Form or letter respecting such form has been lost or delayed in the post will be considered unless the person making such allegation produces a Post Office certificate of posting. Candidates who delay their applications until a late date will do so at their own risk.

Note 1.—Candidates must have attained the age of 21 and must not have attained the age of 25 on the 1st day of August 1929.

With reference to the note to rule 9 of the rules for the Indian Service of Engineers published in the *Gazette of India*, dated the 28th September 1929, the Governor General in Council has, with the approval of the Secretary of State for India in Council, relaxed the condition as to age imposed by that rule so as to admit to this examination Indian students who have undergone a course of Engineering outside India and who had not attained the age of 26 on the 1st August 1929.

Note 2.—The examination will be held concurrently with the examination for the Transportation (Traffic) and Commercial Departments of the Superior Revenue Establishment of the State Railways, and the same papers will be set in the subjects common to both the examinations. Candidates accepted for admission to the examination for the Indian Service of Engineers, the Indian Railway Service of Engineers and the Superior Telegraph and Wireless Engineering Branches of the Posts and Telegraphs Department may be accepted as candidates for the other examination if they are eligible under the regulations and if they pay the fees prescribed for both examinations.

NOTIFICATIONS.

No. 5261Com.—30th October 1929.—The following resolution is published for general information:—

Resolution by the Department of Industries and Labour (Posts and Telegraphs Branch).

Simla, the 26th September 1929.

No. S.A.-468-II.—The following rules for the recruitment in India by examination for the Superior Telegraph and Wireless Engineering Branches of the Indian Posts and Telegraphs Department are prescribed:—

1. A competitive examination for admission to the permanent establishment of the Superior Telegraph and Wireless Engineering Branches of the Posts and Telegraphs Department, shall be held in India at such time and place as the Governor General in Council may direct.

2. Of the total number of vacancies in a year to be filled in India by examination under Rule 1, two-thirds will be filled on the results of the competitive examination in the direct order of merit, provided that number of candidates is declared by the Public Service Commission as having qualified by examination. The remaining one-third vacancies will be reserved by the Government of India to redress, so far as may be necessary, marked communal inequalities and any appointments, which it may be necessary to make on these grounds, shall be made by the Governor General in Council, after consultation with the Public Service Commission, by direct nomination from among candidates who have attained the qualifying standard at the examination. Such vacancies, among the one-third reserved, as may not be required for the redress of communal inequalities, or for which duly qualified candidates for direct nomination may not be forthcoming, may be filled in the direct order of merit in which the candidates passed the examination.

3. From the list, prepared by the Public Service Commission, of competitors, who have in the opinion of the Commission attained the qualifying standard, candidates to the number of vacancies to be filled will be selected for appointment in the manner laid down in Rule 2 provided that the Government of India are satisfied that they are duly qualified in other respects. Should any selected candidate become disqualified, the Government of India will determine whether the vacancy thus created shall be filled or not; in the former case where the vacancy occurs on account of the disqualification of a candidate selected for appointment in order of merit the candidate next in order of merit, and in other respects duly qualified, shall be deemed to be the selected candidate.

NOTE.—The examination will be a combined examination for the purpose of filling vacancies in the Indian Service of Engineers, the Indian Railway Service of Engineers and the Superior Telegraph and Wireless Engineering Branches of the Posts and Telegraphs Department. A candidate may apply to be admitted as a candidate for all or any of these posts. If he wishes to be admitted as a candidate for more than one service or branch he should state this on his application form. In that case he need send in only one application form and undergo one examination by a Medical Board. He will be required to pay the fees mentioned in Rule 12 once only and will not be required to pay a separate fee for each service or branch for which he applies. If he proves successful as a candidate for more than one service or branch he will ordinarily be assigned to that service or branch for which he expressed a preference at the time of his application, provided that the vacancies have not already been filled, but the Government of India reserve power to assign him to any service or branch for which he is a candidate if in their opinion the exigencies of the public service render this

desirable. Candidates who are also candidates for a service or branch not included in these regulations should refer to the regulations specially applicable to that service or branch.

The maximum number of candidates to be admitted to the combined examination may in the discretion of the Governor General in Council be limited to such number not being less than 200 as the Governor General in Council may decide. If a limit is imposed the Public Service Commission shall select from among the applicants those who shall be admitted to the examination.

4. (1) A candidate shall apply to be admitted to the examination before such date and in such form as the Governor General in Council may direct. The application shall be made to the authority of the area in which his parents reside at the time of his application or have previously resided for a period of not less than 3 years or in which he has himself resided, otherwise than as a student at a University only, for a like period.

(2) The application shall be made, if based on residence in a Governor's province, to the Chief Secretary of that province, if based on residence in Coorg, the North-West Frontier Province, Delhi, Ajmer-Merwara, or British Baluchistan, to the Chief Commissioner concerned and if based on residence in a State in India to the Political Officer or Agent through the Darbar.

6. A candidate must have attained the age of 21 and must not have attained the age of 25 on the 1st day of August* next preceding the date of the examination.

7. A candidate must be in good mental and bodily health and free from any physical defect likely to interfere with the efficient performance of his duties and a candidate who is found after examination by a Medical Board not to satisfy these requirements will not be accepted for admission to the examination.

NOTIFICATIONS.

[Fourth publication.]

No. 41-I.—3rd October 1929.—The following draft of rules and schedule of rates of tolls, which, in exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council intends to make and fix for the khal known as the first side-cut along the Schillarganj Char Duani Road, joining Nali Done in the south and Shapleza khal in the north, in the Perojpur subdivision of the Bakarganj district, is hereby published for the information of persons likely to be affected thereby.

II. The draft will be taken into consideration on or after the 28th November 1929, and any objections or suggestions received before that date will be considered.

Draft Rules and Schedule of Rates of Tolls.

1. Every vessel on entering the channel and before passing the gate at either end or even when entering the channel from a side khal between the gates shall be liable to measurement for the purpose of ascertaining the tolls payable; in case of any reasonable doubt arising, a vessel may be measured again by any person appointed by the District Board of Bakarganj on this behalf.

2. Vessels for the purpose of the determination of maundage shall be divided into two classes as below:—

Class I.—To include all vessels of the types of country boats, including saltees and hapors (fish cages), house boats, kosh boats, green boats, etc.

Class II.—To include steam boats, motor boats, flats and barges and other square built vessels.

3. The maundage of every vessel, whether laden or empty, shall, for the purpose of Act V (B. C.) of 1864 and of these rules, be determined by the following measurements:—

CLASS I.

A. The product of one quarter the length of the vessel from stem to stern, measured along the water line, multiplied by the interior greatest breadth of the vessel, multiplied by the depth from the water-line to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

B. The measurement of the length is to be made in feet, rejecting inches; the measurement of breadth and depth is to be made in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

C. The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of 12½ maunds, any remainder of less than 12½ maunds being rejected. In the case of vessels exceeding 500 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 50 maunds, rejecting any remainder of less than 50 maunds.

D. **Saltees.**—The product of one quarter of the inside length of the vessel, measured along the centre line from stem to stern, multiplied by the interior greatest breadth of the vessel, multiplied by the greatest depth measured from the top to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

CLASS II.

For vessel of class II the number of maunds obtained by the system of measurement prescribed for vessels of class I shall be increased by one-half. For vessels of this class above 5,000 maunds measurement, the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting any remainder of less than 500 maunds. In the case of steamers and motor boats the maundage determined as above shall be reduced by one-third as an allowance for engine space.

For vessels of class II which are furnished with reliable way bills, the gross maundage of cargo shown by the way bills or in the case of steamers, the maundage obtained from multiplying the registered tonnage of the steamer by 27, may, at the option of the employer of the vessel or the steamer (as the case may be), be taken as the maundage on which tolls will be charged.

4. After the measurement the person in charge of the vessel shall be provided with a slip showing the maundage to be charged, which must be presented at the toll office where he will be provided with a ticket, after payment of toll, which will permit the vessel to pass the gate or proceed through the channel.

5. Every ticket shall have entered on it the name of the sarang, manjee or other person in charge of the vessel, the date of entry, the maundage, the cargo, the amount of toll charged and the number of days for which the ticket remains current.

6. All tolls are payable on demand and shall be paid at the toll office before a vessel is permitted to proceed.

PUBLIC.

New Delhi, the 31st October 1929.

No. 4485.—The following statement by His Excellency the Viceroy and Governor General is published for general information.

H. G. HAIG,
Secy. to the Govt. of India.

STATEMENT.

I have just returned from England where I have had the opportunity of prolonged consultation with His Majesty's Government. Before I left this country I said publicly that as the King-Emperor's representative in India I should hold myself bound to tell my fellow-countrymen, as faithfully as I might, of India's feelings, anxieties and aspirations. In my endeavours to discharge that undertaking I was assisted by finding, as I had expected, a generous and sincere desire, not only on the part of His Majesty's Government but on that of all persons and parties in Great Britain, to hear and to appreciate everything that it was my duty to represent.

These are critical days, when matters by which men are deeply touched are in issue and when, therefore, it is inevitable that political feeling should run high, and that misunderstandings, which would scarcely arise in conditions of political tranquillity, should obtain firm foothold in men's minds. I have, nevertheless, not faltered in my belief that behind all the disquieting tendencies of the time, there lay the great mass of Indian opinion, overflowing all divisions of race, religion, or political thought, fundamentally loyal to the King-Emperor, and, whether consciously or not, only wanting to understand and to be understood. On the other side I have never felt any doubt that opinion in Great Britain, puzzled as it might be by events in India, or only perhaps partially informed as to their true significance, was unshaken in its determination that Great Britain should redeem to the full the pledges she has given for India's future. On both countries the times have laid a heavy and in some ways a unique responsibility, for the influence on the world of a perfect understanding between Great Britain and India might surely be so great that no scales can give us the measure either of the price of success or the price of failure in our attempts to reach it.

In my discussions with the Prime Minister and the Secretary of State, it was inevitable that the principal topic should have been the course of events in India. It is not profitable on either side to discuss to what extent, or with what justification, the appointment of a Parliamentary Commission two years ago has affected the general trend of Indian thought and action. Practical men must take facts and situations as they are, and not as they would have them be.

Sir John Simon's Commission, assisted as it has been by the Indian Central Committee, is now at work on its Report, and until that Report is laid before Parliament it is impossible, and even if it were possible, it would in the view of His Majesty's Government clearly be improper, to forecast the nature of any constitutional changes that may subsequently be proposed. In this respect every British party is bound to preserve to itself complete freedom of action. But what must constantly engage our attention, and is a matter of deep concern to His Majesty's Government, is the discovery of means by which, when the Commission has reported, the broad question of British Indian constitutional advance may be approached in co-operation with all those who can speak authoritatively for opinion in British India. I would venture to recall some words which I used in addressing the Assembly eight months ago in a reference to the then existing political situation. "On the one side" I said, "it is as unprofitable to deny the right of Parliament to form its free and deliberate judgment on the problem as it would be short-sighted of Parliament to underrate the importance of trying to reach a solution which might carry the willing assent of political India." We shall surely stray from the path, at the end of which lies achievement, if we let go either one or other of these two main guiding principles of political action.

But there has lately emerged, from a totally different angle, another set of considerations which is very relevant to what I have just stated on this matter to be the desire of His Majesty's Government.

The Chairman of the Commission has pointed out in correspondence with the Prime Minister, which, I understand, is being published in Eng[illegible]hat as their investigation has proceeded[illegible] and his colleagues have been [illegible]tly impressed, in considering the direc[illegible] which the future constitutional [illegible]opment of India is likely to take, with the importance of bearing in mind the relations which may, at some future time, develop between British India and the Indian States. In his judgment it is essential that the methods, by which this future relationship between these two constituent parts of Greater India may be adjusted, should be fully examined. He has further expressed the opinion that if the Commission's Report and the proposals subsequently to be framed by the Government take this wider range, it would appear necessary for the Government to revise the scheme of procedure as at present proposed. He suggests that what might be required, after the Reports of the Statutory Commission and the Indian Central Committee have been made, considered and published, but before the stage is reached of the

Joint Parliamentary Committee, would be the setting up of a Conference in which His Majesty's Government should meet representatives both of British India and of the States, for the purpose of seeking the greatest possible measure of agreement for the final proposals which it would later be the duty of His Majesty's Government to submit to Parliament. The procedure by Joint Parliamentary Committee conferring with delegations from the Indian Legislature and other bodies, which was previously contemplated and is referred to in Sir John Simon's letter to myself of 6th February 1928, would still be appropriate for the examination of the Bill when it is subsequently placed before Parliament, but would, in the opinion of the Commission, obviously have to be preceded by some such Conference as they have suggested.

With these views I understand that His Majesty's Government are in complete accord. For, while they will greatly desire, when the time comes, to be able to deal with the question of British Indian political development under conditions the most favourable to its successful treatment, they are, with the Commission, deeply sensible of the importance of bringing under comprehensive review the whole problem of the relations of British India and the Indian States. Indeed, an adjustment of these interests in their view is essential for the complete fulfilment of what they consider to be the underlying purpose of British policy, whatever may be the method for its furtherance which Parliament may decide to adopt.

The goal of British policy was stated in the declaration of August 1917 to be that of providing for "the gradual development of self-governing institutions, with a view to the progressive realisation of responsible government in India as an integral part of the British Empire." As I recently pointed out, my own Instrument of Instructions from the King-Emperor expressly states that it is His Majesty's will and pleasure that the plans laid by Parliament in 1919 should be the means by which British India may attain its due place among His Dominions. Ministers of the Crown, moreover, have more than once publicly declared that it is the desire of the British Government that India should, in the fullness of time, take her place in the Empire in equal partnership with the Dominions. But in view of the doubts which have been expressed both in Great Britain and India regarding the interpretation to be placed on the intentions of the British Government in enacting the Statute of 1919, I am authorised on behalf of His Majesty's Government to state clearly that in their judgment it is implicit in the declaration of 1917 that the natural issue of India's constitutional progress, as there contemplated, is the attainment of Dominion status.

In the full realisation of this policy, it is evidently important that the Indian States should be afforded an opportunity of finding their place, and even if we cannot at present exactly foresee on what lines this development may be shaped, it is from every point of view desirable that whatever can be done should be done to ensure that action taken now is not inconsistent with the attainment of the ultimate purpose which those, whether in British India or the States, who look forward to some unity of All India, have in view.

His Majesty's Government consider that both these objects, namely, that of finding the best approach to the British Indian side of the problem, and secondly, of ensuring that in this process the wider question of closer relations in the future between the two parts of Greater India is not overlooked, can best be achieved by the adoption of procedure such as the Commission has outlined. When, therefore, the Commission and the Indian Central Committee have submitted their Reports and these have been published, and when His Majesty's Government have been able, in consultation with the Government of India, to consider these matters in the light of all the material then available, they will propose to invite representatives of different parties and interests in British India and representatives of the Indian States to meet them, separately or together as circumstances may demand, for the purpose of conference and discussion in regard both to the British-Indian and the All-Indian problems. It will be their earnest hope that by this means it may subsequently prove possible on these grave issues to submit proposals to Parliament which may command a wide measure of general assent.

It is not necessary for me to say how greatly I trust that the action of His Majesty's Government may evoke response from and enlist the concurrence of all sections of opinion in India, and I believe that all who wish India well, wherever and whoever they are, desire to break through the webs of mistrust that have lately clogged the relations between India and Great Britain. I am firmly assured that the course of action now proposed is at once the outcome of a real desire to bring to the body politic of India the touch that carries with it healing and health, and is the method by which we may best hope to handle these high matters in the way of constructive statesmanship.

IRWIN,

Viceroy and Governor General.

RESOLUTION ON THE REPORT OF THE BOARD OF REVENUE ON THE LAND REVENUE ADMINISTRATION OF THE PRESIDENCY FOR THE YEAR 1928-29.

GOVERNMENT OF BENGAL.

REVENUE DEPARTMENT.

Land Revenue.

CALCUTTA, THE 26TH OCTOBER 1929.

RESOLUTION—No. 13182 L.R.

Read—

The Report of the Board of Revenue on the Land Revenue Administration of the Presidency for the year 1928-29.

The office of the Member of the Board of Revenue was held by Mr. J. N. Gupta, M.B.E., C.I.E., from the beginning of the year until 11th December 1928, when he was succeeded by Mr. F A. Sachse, who held charge of the office till 1st January 1929. Mr. A. W. Cook, C.I.E., joined on 2nd January 1929, and remained in charge during the rest of the year.

2. During the year under review, there was no widespread natural calamity, but a breach of a Public Works Department embankment at Dokanda in the district of Midnapore and heavy erosion by the river Padma in the southern part of the district of Dacca caused hardship to the people concerned. The weather conditions were generally favourable and the crops were excellent, but, as they were not harvested until the autumn, the effect of the failure of crops in 1927-28 was felt in some districts in the early part of the year. The relief measures started in the latter part of the year 1927-28 to combat scarcity in the districts of Burdwan, Birbhum, Bankura, Nadia, Murshidabad, Khulna, Malda and Dinajpur were continued until November 1928. In the above-mentioned districts land improvement and agriculturists' loans were distributed liberally, the total sum advanced amounting to Rs. 15,36,720.

The prevailing high rates of wages of skilled and unskilled labourers were maintained, but there was little improvement in the condition of the landless middle class who depend on fixed incomes. Attempts are being made in Faridpur and Bakarganj to encourage youths of the *bhadralok* class to take to agriculture.

The public health in the Presidency was on the whole good. There was no serious outbreak of epidemic disease. and malaria, kala-azar, cholera and small-pox were less prevalent. The greater attention paid by the local authorities (district boards, municipalities and union boards) to preventive measures is partly responsible for this improvement.

3. The depression in the coal industry in the Burdwan Division continued. The jute and cotton mills in Hooghly, Howrah and the 24-Parganas were in a prosperous condition and engineering works in the Presidency did well. As a result of demands for increased wages, strikes took place in some workshops in Howrah district. The strike of the East Indian Railway workshop employees at Lillooah continued till the end of June. Industrial and Agricultural Exhibitions were held in the districts of the 24-Parganas. Bakarganj and Khulna and were greatly appreciated by the general public. Tea cultivation in the districts of Chittagong and Jalpaiguri was extended during the year. The tea industry in the districts of Darjeeling and Jalpaiguri was however rather less prosperous than in the preceding year.

The number of co-operative societies continued to increase and they did useful work in lowering the rate of interest charged by money-lenders.

4. There was a slight fall (Rs. 2,279) in the demand of land revenue in the permanently-settled estates. The temporarily-settled estates and estates under direct management showed an increased demand of Rs. 3,79,310, the biggest increase being in the district of Chittagong, where revisional settlement operations were nearing completion. The percentage of total collections on total demand shows a decreasing tendency from 94·64 in 1926-27 to 92·80 in the year under review, while arrear balances tend to increase. The sale law was administered with moderation, and of the total number of defaults only 6·48 per cent. actually came to sale.

5. The percentage of cost of management of Government estates on the current demand was 10·0. A sum of Rs. 2,34,045, being 3·9 per cent. of the current demand, was spent on agricultural, sanitary and miscellaneous improvements It is satisfactory to note that in Government estates the number of schools and the pupils attending them are on the increase from year to year.

6. The colonisation scheme of twenty-two estates in the Bakarganj-Sundarbans, which was initiated about twenty-two years ago, is expected to be completed within another year, and the programme of colonisation in the 24-Parganas-Sundarbans is also being steadily carried on. The total expenditure incurred by Government on reclamation in the 24-Parganas and Bakarganj-Sundarbans and the total income derived from these areas up to the end of the year under report, were as below:—

	Total expenditure.	Total receipts.
	Rs.	Rs.
Bakarganj-Sundarbans ..	[illegible]	21,11,063
24-Parganas-Sundarbans ..	[illegible]	4,27,054

Malaria, for which the Sundarbans was notorious, has almost disappeared as a result of the reclamation work undertaken. While the number of schools and pupils in the Bakarganj-Sundarbans showed a steady increase, there was no noticeable progress in education amongst the tenants in the colonised areas in the 24-Parganas.

7. Though instances of actual rupture between landlords and tenants which came to light during the year were few, relations were not as cordial and harmonious as they might have been. The zemindars showed very little interest in the improvement of the agricultural or economic condition of their tenants.

8. The operation of section 180A of the Bengal Tenancy Act for the commutation of *utbandi* rates has proved a blessing to both tenants and landlords.

9. The thanks of the Governor in Council are due to the Board of Revenue for the efficient administration of the departments in its charge.

By order of the Governor in Council,

H. J. TWYNAM,

Secy. to the Govt. of Bengal.

Orders by the Commissioner of Excise and Salt, Bengal.

The following rules issued by the Commissioner of Excise and Salt, Bengal, in exercise of the powers of the Chief Customs Authority conferred on him under sections 144, 147, 148 and 151 of the Sea Customs Act, VIII of 1878, are published for general information as required by section 204 of the said Act:—

Rule 1.—Spirit intended for exportation by sea may be removed without previous payment of duty from a licensed distillery in Bengal to the Custom House, and from the Custom House on the execution by the licensee of the distillery of a general or special bond with one or more sureties before the Commissioner of Excise and Salt, who has been appointed by the Government of Bengal notification No. 1029 S. R., dated the 28th May 1924, to exercise the powers conferred on the Chief Customs Authority by sections 144, 147, 148 and 151 of the

Sea Customs Act, 1878 (hereinafter referred to as the said Act). The bond shall be in such form as the said authority may from time to time prescribe, and will be conditioned that full duty shall be paid on all such spirit as is—

(*a*) not exported within four months from the date of the excise pass authorising the removal of the spirit (in the case of a general bond), and within four months from the date of bond (where a special bond has been executed) or

(*b*) exported to a customs port in India as defined in the said Act or declared as such by any rules made thereunder, unless satisfactory proof is furnished to the said authority within six months from the date of the excise pass or the date of the bond (according as the bond is a general or special one), that the full amount of excise duty has been paid at destination on the specified quantity at the rate to which spirit of the like kind and strength is liable at the port of importation or that the specified quantity of spirit has been delivered into a warehouse appointed in this behalf by the Local Government of the province of import.

After execution, a copy of the bond shall be forwarded to the Collector of Customs of the port of exportation for necessary action under rule 4, another copy being sent at the same time to the Collector of the district in which the distillery is situated.

Rule 2.—The spirits to be exported shall not be removed from the licensed distillery unless the serial number of the container and its capacity (if it is a cask or drum), the names of the proprietors, the locality of the distillery, the kind and quantity (both in bulk and London proof gallons), of the spirits and the real strength thereof (in the case of potable liquor only), are distinctly and prominently painted or engraved on one end of each container, as shown below by way of example—

Drum No. 212	Wooden Case No. 250
Cap. 50 gallons	S. S. & Co., Ltd., Calcutta.
Carew & Co., Asansol.	Med. PRE NS
Rum 40 gallons (30 L.P.) 25 U.P.	Bulk 40 x 1 lb. L.P. 60·0.

Rule 3.—On a bond being duly executed and its execution duly certified by the Commissioner of Excise and Salt, Bengal, the Collector of the district in which the distillery is situated will grant a pass for the removal of the spirit bonded without payment of duty.

Rule 4.—On the spirits being brought to the Custom House for exportation, the exporter shall declare in writing by what bond it is protected, and produce the pass of the Collector of the district and the distillery invoice duly endorsed by the Excise Officer in charge. If necessary, the contents of each cask, drum or wooden case may be checked by a Custom House Officer by the usual prescribed methods obtaining in the Custom House as regards quantity and strength in presence of the exporter or his agent, and the result noted in the pass and invoice produced by the exporter and also on the copies received by the customs authorities from the Excise Officer in charge of the distillery. The original pass and invoice shall be returned to the exporter who will forward the same to his agent at the port of destination. The copies of the pass and invoice received direct from the Officer in charge of the distillery shall be forwarded without delay by the Customs Department to the Commissioner of Excise and Salt, Bengal. Duty on the difference between the quantity despatched from the distillery and that found on checking at the Custom House less an allowance for ullage and wastage prescribed in rule 10, shall be realised by the said excise authority previous to shipment. If no chargeable deficiency is observed on checking, the consignment shall at once be passed for export by the customs authorities.

Rule 5.—The contents of casks or drums shall be checked in accordance with the methods obtaining in the Custom House and the contents of bottles, jars, etc., enclosed in wooden cases by counting the numbers of the containers or in such ways as are deemed proper by the Custom Officer.

Rule 6.—The entries made on the passes and invoices as laid down in rule 4 shall also be attested by the exporter or his agent who may be present at the time of checking.

Rule 7.—The bond executed (whether general or special) shall become void so far as the particular consignment is concerned—

(*a*) when the spirit has been duly shipped for export to a foreign port or

(*b*) when satisfactory evidence regarding payment of duty or delivery of the spirit into a licensed warehouse in the province of import as laid down in Rule 1 has been produced before the Commissioner of Excise and Salt, Bengal. Where a special bond has been executed, it shall be cancelled by the aforesaid authority.

Rule 8.—If at the expiration of the periods referred to in Rule 1, the entire quantity of spirit covered by the bond (general or special) has not been accounted for as required by the said Act, the Commissioner of Excise and Salt, Bengal, will proceed to recover the duty upon the quantity of spirit which may not have been so accounted for unless an extension of the period shall have been granted by him on sufficient cause being shown. Such extension may be granted for a further period not exceeding four months. On the expiry of the extended period, the Commissioner of Excise and Salt, Bengal, will proceed to realise the duty on the quantity of spirit unaccounted for.

Rule 9.—If it appears at the time of clearing such spirit from the Custom House warehouse that a deficiency has taken place in the quantity or quality during storage the spirit shall on application of the importers be again checked as regards quantity and strength and the following allowances shall be made (calculated at proof strengths), in the case when the spirit has been conveyed in casks or drums:—

On spirit stored in any wooden vessel—

For any period not exceeding one month—1 per cent.
For any period exceeding one month—1½ per cent.

On spirit stored in any metal vessel—

For any period—½ per cent.

No storage wastage shall be allowed when the spirit is contained in bottles and jars.

Rule 10.—An allowance is made on account of ullage and leakage in transit by land of the spirit from the distillery to the Custom House at rates not exceeding the maximum quantities, calculated in terms of London proof gallons, specified in the following scale for wooden or metal vessels, as the case may be, namely—

	Maximum quantities of allowance.	
	Wooden vessels. Per cent.	Metal vessels. Per cent.
(*a*) For a journey of not greater duration than two days	2	½
(*b*) For a journey of duration exceeding two but not exceeding nine days ..	3	1
(*c*) For a journey of duration exceeding nin but not exceeding eighteen days	4	1½
(*d*) For a journey of duration exceeding eighteen days ..	5	2

No allowance shall be made when the spirit is transported in bottles or earthenware jars.

Rule 11.—In the case of spirit exported under bond to another port within British India (not being a free port), in adjusting the bond an allowance for wastage and leakage during the sea voyage is made—for a voyage of one month at the rate of 2 per cent., and for any longer voyage, at 3½ per cent.

Rule 12.—Spirit for use as ship's stores during the voyage may be shipped free of duty on vessels clearing to a foreign port. Passes for such spirit are, however, detained at the Custom House until the vessel for the use of which it is intended is actually under clearance, when they are made over to the shipper's servants. Such shipments must be made under special bonds and will be cancelled by the Commissioner of Excise and Salt, Bengal, on production of a certificate from the Preventive Officer on the ship that no portion of the spirits covered by the bond has been consumed in port.

NOTIFICATIONS.

[**Fifth publication.**]

No. 41-I.—3rd October 1929.—The following draft of rules and schedule of rates of tolls, which, in exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council intends to make and fix for the khal known as the first side-cut along the Schillarganj Char Duani Road, joining Nali Done in the south and Shapleza khal in the north, in the Perojpur subdivision of the Bakarganj district, is hereby published for the information of persons likely to be affected thereby.

II. The draft will be taken into consideration on or after the 28th November 1929, and any objections or suggestions received before that date will be considered.

Draft Rules and Schedule of Rates of Tolls.

1. Every vessel on entering the channel and before passing the gate at either end or even when entering the channel from a side khal between the gates shall be liable to measurement for the purpose of ascertaining the tolls payable; in case of any reasonable doubt arising, a vessel may be measured again by any person appointed by the District Board of Bakarganj on this behalf.

2. Vessels for the purpose of the determination of maundage shall be divided into two classes as below:—

Class I.—To include all vessels of the types of country boats, including saltees and hapors (fish cages), house boats, kosh boats, green boats, etc.

Class II.—To include steam boats, motor boats, flats and barges and other square built vessels.

3. The maundage of every vessel, whether laden or empty, shall, for the purpose of Act V (B. C.) of 1864 and of these rules, be determined by the following measurements:—

CLASS I.

A. The product of one quarter the length of the vessel from stem to stern, measured along the water line, multiplied by the interior greatest breadth of the vessel, multiplied by the depth from the water-line to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

B. The measurement of the length is to be made in feet, rejecting inches; the measurement of breadth and depth is to be made in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

C. The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of 12½ maunds, any remainder of less than 12½ maunds being rejected. In the case of vessels exceeding 500 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of [illegible] maunds, rejecting any remainder of [illegible] 50 maunds.

D. **Saltees.**—[illegible] product of one quarter of the inside length of the vessel, measured along the centre line from stem to stern, multiplied by the interior greatest breadth of the vessel, multiplied by the greatest depth measured from the top to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

CLASS II.

For vessel of class II the number of maunds obtained by the system of measurement prescribed for vessels of class I shall be increased by one-half. For vessels of this class above 5,000 maunds measurement, the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting

any remainder of less than 500 maunds. In the case of steamers and motor boats the maundage determined as above shall be reduced by one-third as an allowance for engine space.

For vessels of class II which are furnished with reliable way bills, the gross maundage of cargo shown by the way bills or in the case of steamers, the maundage obtained from multiplying the registered tonnage of the steamer by 27, may, at the option of the employer of the vessel or the steamer (as the case may be), be taken as the maundage on which tolls will be charged.

4. After the measurement the person in charge of the vessel shall be provided with a slip showing the maundage to be charged, which must be presented at the toll office where he will be provided with a ticket, after payment of toll, which will permit the vessel to pass the gate or proceed through the channel.

5. Every ticket shall have entered on it the name of the sarang, manjee or other person in charge of the vessel, the date of entry, the maundage, the cargo, the amount of toll charged and the number of days for which the ticket remains current.

6. All tolls are payable on demand and shall be paid at the toll office before a vessel is permitted to proceed.

7. The ticket must be kept on board the vessel and in possession of the person in charge of the vessel and must be produced for inspection when demanded by the person authorised to collect tolls, or by any officer to whom such person is subordinate. If on demand the ticket is not produced, such person or officer shall assess the tollage. If on demand the ticket is not produced, such person or officer shall assess the tollage as provided in rules 3 and 12 and shall require payment of toll, and unless and until the toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel shall be liable to seizure and detention under the provisions of section 9 of the Act.

8. Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the collector of tolls on payment of a [illegible] equal to one quarter of the total [illegible], subject to a minimum fee of one an[illegible] ticket.

9. All vessels, whether the property of Government, District Board, other local bodies or of private persons, are liable for toll except those specially exempted under these rules or by a resolution passed by the District Board of Bakarganj from time to time.

10. The canal may be closed once a year for effecting the necessary repairs to it on seven days' notice of the intention so to close it being given; but in the event of any sudden emergency the canal may be closed at any time without prior notice, and no claim in such case by owners of vessels or others for compensation on account of detention shall be entertained.

11. No rafts exceeding 50 feet in length and 5 feet in breadth shall be permitted to enter the canals.

12. The rates of toll shall be as follows:—

(1) On all vessels empty or laden, per hundred maunds ..	Four annas.
(2) On all vessels empty or laden, for 12½ maunds or less ...	One-half anna.
(3) On rafts of bamboos, grass, timber, etc., not exceeding 50 feet in length and 5 feet in breadth ...	Two annas each raft.

Tolls will be levied at Nali and Shapleza.

13. For boats frequently using the canal such as boats carrying passengers, grass or perishable articles monthly tickets will be issued at 10 times the ordinary toll.

14. Every vessel which has paid toll shall be allowed to remain in the canal for three days inclusive of the days of entry into and leaving the canal. A vessel remaining in any part of the canal longer than three days shall be charged demurrage equal to one-half of the toll for each day in excess of three days. No vessel shall be permitted to remain in the canal for more than one month. Provided that this rule shall not apply to vessels holding monthly tickets under rule 13 above, which may remain in the canal for more than three days without payment of demurrage but not for more than one month at a time.

15. No vessel carrying exclusively police officers or servants, soldiers and officers of the British Army, post mail runners, officers of the Irrigation Department on duty, officers and servants of the toll office for the canal referred to in these rules while on duty, or the vessels of such other persons as may be exempted by a resolution of the District Board of Bakarganj, shall be liable for toll in the canal.

16. Any matter relating to the mode of collection of tolls and other relevant points, not provided for in these rules, shall be decided by the District Board of Bakarganj at a meeting, and shall be subject to the approval of the local Government.

Books recommended to be used by students in studying the subject in accordance with the syllabus:—

C. Morrison. Our World of Human Geography.
The world with fuller treatment of India (Longman's Geographical Series for India, Book II).
F. D. Unstead. The Practical Geography, Parts I and II.
B. C. Wallis. Macmillan's Geography Exercise Book (India).

The following books are recommended for the use of teachers:—

Blandford. The Rudiments of Physical Geography for the use of Indian Schools.
Frew. A Regional Geography of the Indian Empire (Blackie & Son).
Wallis. The Teaching of Geography (Cambridge University Pres[illegible]
O'Mal[illegible]l, Behar and Orissa, Sikkim (Macmillan & Co.).
L. D[illegible]tamp. The World. A General Geography for Indian S[illegible] (Longmans, Green & Co.).

The following book is recommended for the use of teachers in connection with the teaching of 'Sand Modelling' in the lower classes of schools:—

A. F. Frye. The Child and Nature.

[*N.B.*—Every school that intends to undertake instruction in Geography for the Matriculation Examination is required to possess the apparatus mentioned in the following list:—

I. (The total cost need not exceed Rs. 65.)

(1) A measuring tape and metre scale and foot-rule.
(2) A magnetic compass.
(3) Squared paper and tracing paper.
(4) Clay, dry sand, paper pulp for modelling.
(5) A globe not less than 14 inches in diameter, with writing surface, and with line of latitude and longitude and outlines only of the land masses marked upon it.

* Open only to a candidate, if it is not his vernacular.

(6) A map of the school locality on a scale of 4″ or 6″ = 1 mile.
(7) A map of the district in which the school is situated 1″ = 1 mile.
(8) A coloured map of the province.
(9) A coloured political map of India.
(10) A physical map of India.
(11) A relief map of India.
(12) A map of the world on Mollweild's equal area projection and a map of Asia.

It is essential that the students should be provided with atlases, or with the necessary hand map, and with a drawing instrument box. Maps for school work should not contain too much detail or be crowded with names.

II. The following additional equipment is recommended when it can be provided, but the lack of it is not to be considered as a bar to the recognition of the school in Geography:—

(1) A thermometer.
(2) A mercury barometer.
(3) A rain-gauge.
(4) A small collection of typical rocks; in particular, those of the province and India.
(5) A small museum of typical products.
(6) A good standard atlas.
(7) Geographical pictures.
(8) Magic lantern and slides.

(1) The attention of teachers is invited to the raised maps of Bengal and Eastern Bengal and Assam made of paper pulp, prepared by Babu Kailaschandra Dutt, Head Pandit, Habigunj Government Girls' School, Sylhet, and sold for Rs. 7 and Rs. 5, respectively.

(2) Globes of all kinds are made by George Phillip and Son, London, W., and A. K. Johnston, London, and Messrs. Ruddiman, London. Small hand globes of German make can be obtained through the Indian School Supply Depot for about a rupee each.

(3) The "Comparative" series of large wall maps of the continents published by George Phillip and Son is good and up to date; so also are the Geographical wall maps published by Edward Standford. Messrs. Ruddiman Johnston publish a series of smaller wall maps which include maps of India illustrating various distributions.

Messrs. Nelson's wall atlases are good. Mr. S. B. Chatterjee publishes District Maps, also ordinary and relief maps of the province.

Babu L. M. Basu, the Drawing Master of the Dacca Collegiate School, has published good relief maps of Eastern Bengal and Assam and of India.

The Vidal-Lablache French wall maps on strong card-board, named on one side, and the same map without names on the reverse, published by Armond Collin, Paris, are good and cheap. They measure 46 inches by 39 inches and can be delivered in Calcutta for Rs. 4-14 each.

(4) The hand-maps coloured to indicate relief, published by the Diagram Company, West Barnes Lane, New Malden, Surrey, at one penny each, are the best of their kind.

The uncoloured half-penny maps showing [illegible] and a few towns, published by the same Company, are excellen[illegible]ass use.

The autograph hand maps, with hill shading in [illegible], published by Messrs. Edward Standford, Lond[illegible] at one penny each, are very good, and are larger than the Diagram Company's hand maps. The 15″ map of the world on Mollweild's equal area projection is specially to be commended.

(5) Wall pictures of considerable artistic merit are published by Messrs. Edward Arnold of Leeds, Horns Hachette of Paris, Messrs. Holzel of Vienna, and Messrs. Longmans, Green and Company. They cost, delivered in India, from two or three rupees each.

Map lantern slides and view slides specially prepared for Geography teaching are sold by the Diagram Company for two or three shillings each. Mr. Burlington Smith of Darjeeling also sells good picture slides of the Himalayas at Rs. 15 per dozen.]

Elementary Mechanics.

The following books are recommended:—

The following list of apparatus is prescribed as indicating the approximate requirements of a recognised High School seeking to teach Elementary Mechanics for the Matriculation Examination:—

Plumb-line and level.
Simple lever (including brass slotted weight).
Roman steelyard.
Lecture apparatus for experiment on movements.
George's New Atwood's Machine.
Stop watch.

Wall Crane.
Becker's New Physical Balance.
Set of gramme weights (200 grams to 1 mgr.).
2 Composition Ivory Balls.

NOTE.—The above list is not exhaustive, and much of it might be replaced by similar forms that could probably be made far more cheaply by any clever mistry under proper supervision. In most cases, however, it will probably be found advantageous to buy such a set as indicated in the list, specially for demonstration purposes, and subsequently to develop simplified duplicates illustrating the same principles, which the boys should be given opportunity actually to experiment with, on their own individual account or working in pairs.

Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

Legislative Department.

The following Bill was introduced in the Council of State on the 25th September, 1929:—

C. OF S. BILL No. 11 OF 1929.

A Bill further to alter the order in which certain heirs of a Hindu male dying intestate are entitled to succeed to his estate.

WHEREAS it is expedient further to alter the order in which certain heirs of a Hindu male dying intestate are entitled to succeed to his estate; It is hereby enacted as follows:—

Short title, extent and application.

1. (*1*) This Act may be called the Hindu Law of Inheritance (Second Amendment) Act 192 .

(*2*) It extends to the whole of British [illegible] including British Baluchistan and the Sonthal Parganas, but applies only to persons who, but for the passing of this Act, would have been subject to the Law of Mitakshara in respect of the provisions herein enacted; and it applies to such persons i[illegible] only of the property of males not held in coparcenary and [illegible] of by will.

Order of succession of son's and brother's widow.

2. A son's widow shall [illegible] order of succession, be entitled to rank next after a widow and before a daughter; and a brother's widow, next after a daughter's daughter and before a sister.

Savings.

3. Nothing in this Act shall—

(*a*) affect any special family or local custom having the force of law, or

(*b*) vest in a son's widow or a brother's widow an estate larger than, or different in kind from, that possessed by a female in property inherited by her from a male according to the school of Mitakshara Law by which the male was governed, or

(*c*) enable more than one person to succeed by inheritance to the estate of a deceased Hindu male which by a customary or other rule of succession descends to a single heir.

STATEMENT OF OBJECTS AND REASONS.

The Indian Legislature has already passed an Act recognising the rights of such females as are related to the deceased owner by blood. This Bill purports to give similar recognition to such females in the family as are related by marriage. Every Hindu now recognises the hardship to which a predeceased son's widow or a brother's widow is put, when the property passes to distant relations. It is to remedy this hardship that this Bill is being promoted. The principle having already been recognised, there should be no objection to the provisions of the present Bill.

The following Bill was introduced in the Legislative Assembly on the 26th September, 1929:—

L. A. BILL No. 21 OF 1929.

A Bill to repeal certain special enactments supplementing the ordinary criminal law.

WHEREAS it is expedient that certain special enactments supplementing the ordinary criminal law should be repealed; It is hereby enacted as follows:—

Short title. **1.** This Act may be called the Special Laws Repeal Act, 192 .

Extent. **2.** The repeal of any enactment by this Act shall have effect in every part of British India in which the enactment was in force at the date of the commencement of this Act, and any notification, made under any law for the time being in force, whereby any such enactment has been declared to be in force in, applicable to, or has been extended to, any such part, shall, on and from that date, be deemed to have been cancelled in so far as it relates to that enactment.

Repeals. **3.** The enactments mentioned in the Schedule are hereby repealed to the extent specified in the fourth column thereof.

THE SCHEDULE.

ENACTMENTS REPEALED.

(*See section 3.*)

Year.	No.	Short title.	Extent of Repeal.
		Regulations.	
1818	III	The Bengal State Prisoners Regulation, 1818.	The whole
1819	II	The Madras State Prisoners Regulation, 1819.	The whole.
1827	XXV	A Regul[illegible] for the Confinement of State Prison[illegible]Bombay.	The whole.

1911	X	The Prevention [illegible]ditious Meetings Act, 1911.	[illegible]e whole.

STATEMENT OF OBJECTS AND REASONS.

The ordinary criminal law of the land is sufficient to deal with persons guilty of offences against the State. The Indian Penal Code was not in the Statute-book when the Bengal, Madras and Bombay Regulations were enacted. The other three enactments, [illegible], Act XXXIV of 1850, Act XXIII of [illegible]7 and Act X of 1911 are no longer necessary.

The following Bill was introduced in the Legislative Assembly on the 26th September, 1929:—

L. A. BILL NO. 22 OF 1929.

A Bill to secure a share for Hindu widows in their husbands' family property.

WHEREAS it is expedient to secure a share for Hindu widows in their husbands' family property; It is hereby enacted as follows:—

Short title, extent and commencement.

1. (*1*) This Act may be called the Hindu Widows' Right of Inheritance Act, 192 .

(*2*) It extends to the whole of British India, including British Baluchistan and the Sonthal Parganas.

(*3*) It shall come into force on the day of 192 .

Definition.

2. In this Act, unless there is anything repugnant in the subject or context, "Widow" includes the widow of a person who at the time of his death professed the Hindu, Jaina or Sikh religion.

Widow's right to share in joint family and other property of her husband

3. (*1*) Where the husband of a widow was at the time of his death a member of a joint family, the widow shall be entitled to such share of the joint family property as her husband would have been entitled to, had a partition taken place in his lifetime, and may sue for partition. This share shall become her absolute property.

(*2*) Where the husband of a widow was not at the time of his death a member of a joint Hindu family, the widow shall take all his property absolutely:

Provided that, should a widow adopt a son to her deceased husband, the personal law of adoption applicable to the widow shall take effect but to the extent of a moiety only of the family property.

Widow's share to be exclusive of *stridhan*.

4. A widow's share under this Act shall be exclusive of her independent personal property or her *stridhan*.

Widow's claim to maintenance to cease on separation of her share.

5. A widow's claim to maintenance from the funds of a joint family shall cease on the partition and separation of her share as provided in this Act.

STATEMENT OF OBJECTS AND REASONS.

The Hindu Law of I[illegible]nce, so far as women are concerned, [illegible]atisfactory and unjust, and the positio[illegible] Hindu wido[illegible] under it is deplorable.

A Hindu woman does not get any sha[illegible] her father's property—share in the se[illegible] property of which she becomes abso[illegible] owner—nor does she get any in her husban[illegible] Widow's right of inheritance is very scantily and sparingly recognised by different schools of Hindu Law. Katyayana says "Let the widow succeed to her husband's wealth"—Mitakshara ii, 2 s. 2 (Mayne's Hindu Law, p. 757). Mayne says: "Originally she (the widow) shared in the general incapacity for inheritance which affected all women......... .... neither Manu, Apasthamba, Vashishtha nor Narada recognise her right as heir though they do acknowledge that of the daughter and the mother," p. 759.

After tracing the growth of widow's rights, Mayne says that Mitakshara arrived at the conclusion that "the widow is entitled to inherit to her husband, if he died separated and not re-united and leaving no male issue, and this rule is now adopted universally except where the authority of Jimuta Vahana prevails," p. 762. He adds: "It is therefore equally settled in Bengal that a widow succeeds to her husband's share when he is undivided just as she would to the entire property of one who held as separated." But even in Bengal the widow of a son who predeceases his father undivided inherits nothing.

Then as a rule "a widow's right as heir does not go beyond the reason for it, *viz.*, her claim to a personal maintenance. And this is the reason why, where a woman inherits to a male, his heirs and not hers take at her death." A widow's right is practically a right to maintenance and no more.

In practice a widow in Hindu society is at the mercy of coparceners. Even though her husband may have amassed the entire wealth of the family and she may, during his lifetime, have lived a life of affluence and luxury, as soon as he dies, the entire property goes to the surviving male members of the

family and she becomes thenceforth only entitled to maintenance, which, as popularly understood, denotes bare means of living.

This state of affairs may have operated tolerably well in days when India was practically isolated from the rest of the world, and the principles and ideals underlying the joint Hindu family system were properly understood and fully acted upon by members of the family. But with the disappearance of those ideals which the orginators of the joint family system had in view, the non-observances of the principles on which this system was orginally based, the gradual and slowly continuing disintegration of the joint family system, the progressive loosening of caste bonds, resulting in gradual disappearance of the homogeneity and the harmony of Hindu society and various other causes—all due more or less to the acceptance of new ideas of life and conduct and the influence of foreign culture and contact—the Hindu Law of inheritance has begun to operate against women with a disastrous effect and their lives are becoming difficult and distressful and often miserable; while the condition of widows has become intolerable and in many cases appalling.

The present Bill proposes to give relief to Hindu widows by giving them a share in family property and making them sole owners of their deceased husband's personal property.

GOVERNMENT OF INDIA.

The following Bill was introduced in the Legislative Assembly on the 26th September, 1929:—

L. A. BILL No. 23 OF 1929.

A Bill further to amend the Indian Majority Act, 1875.

WHEREAS it is expedient further to amend the Indian Majority Act, 1875, so as to attain uniformity and certainty respecting the age of majority; It is hereby enacted as follows:— IX of 1875.

Short title and commencement.

1. (*1*) This Act may be called the Indian Majority (Amendment) Act, 192 .

(*2*) It shall come into force on such date as the Governor General in Council may notify in this behalf.

Amendment of section 3, Act IX of 1875.

2. In section 3 of the Indian Majority Act, 1875, the words beginning with "of whose person or property" and ending with the words "the minor has attained that age" shall be omitted; and in the same section the words beginning with "Subject as aforesaid" to the end of the section shall be omitted. IX of 1875.

STATEMENT OF OBJECTS AND REASONS.

The object of the Bill is to attain that uniformity which the framers of the Act of 1875 desired to achieve. If it was too big a jump in 1875 to raise the age of majority from 15 years to 21 years, it is not so to-day, 50 years later, to raise it from 18 to 21 years, and that even only in a few cases. Young men at an age as early as 18 years are exposed to so much temptations and dangers that it is extremely necessary that they should be adequately protected. The modern tendency invariably is to increase the period of non-age. This Bill proposes to repeal those provisions of the Indian Majority Act of 1875 which make it possible for a minor to attain majority even at the age of 18 years.

L. A. BILL No. 26 OF 1929.

A Bill further to amend the Indian Bar Councils Act 1926.

WHEREAS it is expedient further to amend the Indian Bar Councils Act, 1926; It is hereby enacted as follows:— XXXVIII of 1926.

Short title, extent and commencement.

1. (*1*) This Act may be called the Indian Bar Councils (Amendment) Act, 1929.

(*2*) It shall extend to the whole of British India, where the Indian Bar Councils Act, 1926, is in force. XXXVIII of 1926.

(*3*) It shall come into force on such date as the Governor General in Council may, by notification in the Gazette of India, appoint.

Amendment of section 4, Act XXXVIII of 1926.

2. In section 4 of the Indian Bar Councils Act, 1926 (hereinafter referred to as the said Act),— XXXVIII of 1926.

(*a*) sub-section (*3*) shall be omitted; and

(*b*) the proviso to sub-section (*4*) shall be omitted.

Amendment of section 9, Act XXXVIII of 1926.

3. In section 9 of the said Act,—

(*a*) to sub-section (*3*) the following words shall be added at the end, namely:—

" and shall also provide for uniformity of rights, privileges and robes of advocates "; and

(*b*) sub-section (*4*) shall be omitted.

Amendment of section 14, Act XXXVIII of 1926.

4. In section 14 of the said Act,—

(*a*) in clause (*a*) of sub-section (*1*), the words and figures " subject to the provisions of sub-section (*4*) of section 9 " shall be omitted; and

(*b*) sub-section (*3*) shall be omitted.

STATEMENT OF OBJECTS [illegible]ND REASONS.

The main object of the Indian [illegible] Councils Act, 1926, was the creation [illegible] united Indian Bar. There are certain [illegible]visions in the Act, which stand in the wa[illegible] of creation of a united bar by allowing distinction about rights and privileges among advocates. It is desirable that the Act shou[illegible] be so amended, which will do away with distinctions among advocates, to facilitate the creation of a united Indian Bar.

The following Bill was introduced in the Legislative Assembly on the 26th September, 1929:—

L. A. BILL No. 27 OF 1929.

A Bill further to amend the Imperial Bank of India Act, 1920, for certain purposes.

WHEREAS it is expedient further to amend the Imperial Bank of India Act, 1920, for certain purposes hereinafter appearing; It is hereby enacted as follows:— XLVII of 1920.

Short title and commencement.

2. After clause (*b*) of sub-section (2) of section 10 of the Imperial Bank of India Act, 1920 (hereinafter referred to as the said Act), the following clauses and sub-section shall be inserted, namely:— XLVII of 1920.

"(*c*) that from the date of the promulgation of this Act as amended, the total number of European officers shall not at any period exceed the number employed at the time of amalgamation of the Presidency Banks; and

STATEMENT OF OBJECTS AND REASONS.

It was expected that a Reserve Bank for India will come into existence and will exercise the privileges now enjoyed by the Imperial Bank of India at present. It will take a few more years till [illegible] has her own Reserve Bank under [illegible]ontrol of the Government and people of [illegible]. Eventually the Imperial Bank of Indi[illegible]ill have to tak[illegible] place with other Banks in India, and he[illegible] it is desired that neither the Governm[illegible] of India nor the Secretary of State sh[illegible] enter into any further agreement witho[illegible] consent of the Legislative Assembly. Th[illegible] Imperial Bank of India Act, 1920, was framed mainly in the interests of its old constituents—the Presidency Banks, and it is desired in the [illegible]rest of the tax-payers that the special pri[illegible]ges has been so far enjoying should not be abused.

A number of minor amendments in the [illegible]rest of the tax-payers and the Indian [illegible]lic are also made to focus the attention of [illegible]e authorities of the Imperial Bank to their definite obligations to India and Indians.

GOVERNMENT OF INDIA.

The following Bill was introduced in the Legislative Assembly on the 26th September, 1929 :—

L. A. BILL No. 28 OF 1929.

A Bill to remove certain existing disabilities in respect of the power of adoption amongst Hindus.

WHEREAS it is expedient to remove certain disabilities in respect of the power of adoption amongst Hindus; It is hereby enacted as follows :—

Short title, extent and commencement.

1. (*1*) This Act may be called the Adoption Validating Act, 19 .

(*2*) It extends to the whole of British India, provided that the Governor General in Council may, by notification in the Gazette of India, exclude any province from the operation of this Act.

(*3*) It shall come into force on the 1st day of 19 .

Adoption of sons of certain relatives legalised.

2. Notwithstanding any custom, rule or interpretation of the Hindu Law to the contrary, no adoption by a Hindu shall be invalid by reason only that the adoptive father could not have legally married in her maiden state the genitive mother of the adopted son.

STATEMENT OF OBJECTS AND REASONS.

This Bill is intended to legalise the adoption of the daughter's son, sister's son, mother's sister's son and the like, whose adoptions are at present regarded by British Indian Courts as invalid, amongst the three higher classes of Hindus. This rule of prohibition is based on a fantastic conception, itself the result of an implication arising from a pure metaphor, that the adopted son must be the " reflection " of the natural-bo[illegible]son. Out of this conception a rule came [illegible] be gradually evolved that the adopted boy [illegible]ust not be so related to the adoptive father t[illegible]at the latter could not have married his g[illegible]tive mother in her maiden state. The r[illegible] when so stated, had the effect of excludi[illegible] from the circle of persons capable of being adopted some of the most eligible relatives like the daughter's son, or sister's son. Consequently, in course of time, attemp[illegible] were made to evade the rule, and ultimatel[illegible] by a somewhat forced interpretation of th[illegible] Smriti texts, the disqualification came to [illegible] restricted, for instance in the Bombay Presidency, to the three higher classes of Hindus.

(*See* Ramchandra Krishna Joshi and others *versus*. Gopal Dhonoo Joshi and others—I. L. R. 32 Bombay, 619.)

(Gajannan Balkrishna Deshpande *versus* Kashinath Narayan Deshpande—I. L. R. 39 Bombay, 410.)

Even amongst these classes, exceptions have been recognised to this rule, apparently as the result of local customs, *e.g.*, amongst the Brahmans of the Southern Maratha Country the adoption of a daughter's son or sister's son is allowed.

(*See* Vayidináda *versus* Appu—I. L. R. 9 Madras, 44.)

Likewise, the adoption of a daughter's son has been recognised amongst Brahmans in many parts of the Madras Presidency.

(*See* Sri Vadrevu Viswasundara Row and another *versus* Ryali Somasundara Rao—I. L. R. 43 Madras, 876.)

Many eminent commentators of the texts and also British Indian judges have doubted the propriety of this prohibition, and there are strong grou[illegible]s in support of the view that, even in [illegible]t times, the texts giving rise to the [illegible]ition were regarded as [illegible]urely recom[illegible]tory. It is, therefore, [illegible]ought expedi[illegible] and desirable to remove [illegible]restriction altogether, the origin and pro[illegible]ty of which were always doubtful, and [illegible]tend the adoptive father's freedom of [illegible]oice to some of his nearest relatives (such [illegible] his daughter's son), who from the view-point of natural love and affection may be regarded as most eligible for adoption.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 26th September, 1929:—

L. A. BILL No. 29 OF 1929.

A Bill to declare gains of learning by a Hindu to be his separate property.

WHEREAS it is expedient to remove all uncertainty as to the extent and nature of the right, title and interest, which a member of a Hindu joint family has over property acquired by him by means of his learning and to provide a uniform rule applicable thereto, irrespective of the nature of such learning and acquisition; It is hereby enacted as follows:—

Short title, extent and commencement.

1. (*1*) This Act may be called the Hindu Gains of Learning Act, 1929.

(*2*) It extends to the whole of British India.

(*3*) It shall come into force on the 1st day of January, 1930.

Definitions.

2. In this Act, unless there is something repugnant in the subject or context,—

(*a*) the expression "learning" shall mean education, whether elementary, liberal, technical, special or scientific, and training of every kind, which is usually intended to enable a person to pursue any trade, industry, profession or avocation in life;

(*b*) the expression "gains of learning" shall mean all acquisitions of property made substantially by means of learning, whether such acquisitions be made before or after the commencement of this Act and whether such acquisitions be the ordinary or the extraordinary result of such learning; and

(*c*) the expression "acquirer" means a member of a Hindu joint family, who acquires the gains of learning.

Gains of learning to be the separate property of the acquirer.

3. Notwithstanding any custom, rule or interpretation of the Hindu Law to the contrary, no property being gains of learning made by the acquirer shall be held not to [illegible] his exclusive and separate property—

(*a*) by reason of such learning having been, in whole or in part, imparted to him by any [illegible] member, living or deceased, of [illegible] family, or with [illegible] aid of the joint funds of such [illegible], or with the aid of the funds of any member thereof, [illegible]

(*b*) by reason of himself [illegible] his family having, while he was acquiring such [illegible] been maintained or supported, wholly or in [illegible] joint funds of such family or by the funds of [illegible] thereof.

Saving clause.

4. Nothing in this Act [illegible] shall affect—

(*a*) any decision which may have been passed in any suit or proceeding before the coming into operation of this Act by any Court or other competent authority;

(*b*) any right or liability created under a partition of, or an agreement for a partition of, joint family property, made prior to the commencement of this Act;

(*c*) any right or liability of any party to a suit or proceeding pending at the date of the commencement of this Act;

(*d*) any alienation made of, or charge created over, any property prior to the commencement of this Act by any person other than the acquirer; or

(*e*) any sale made, prior to the commencement of this Act, in execution of a decree.

STATEMENT OF OBJECTS AND REASONS.*

This Bill reproduces what, it is submitted, is the true rule of the Hindu Law, in the matter of individual and personal earnings by the member of a joint family. It derives support from the equitable and liberal spirit which pervades the utterances of the Smriti writers (with almost a solitary exception) on the subject-matter of this Bill and which forms quite a contrast to the narrow views of the latter-day commentators and the decisions based thereon. The opinion of many eminent British Indian Judges, including their Lordships of the Privy Council, who have approached the subject without prepossession, is distinctly in favour of the principle of the Bill. The propriety of conceding to the acquirer the sole and independent right to his gains of learning is not merely a matter of expediency, but a question of natural justice which, in modern times, can hardly be gainsaid by any fair-minded person. The Bill, if passed, will check wasteful, harassing and unrighteous litigation, remove distrust and greatly tend to promote peace and good-will among members of Hindu families. The measure will likewise lead to a profitable employment of capital, that is otherwise locked up in jewellery and in safes, by removing some of the obstacles existing in the present state of the law, which induce a wealthy member of a family to keep his savings in disguised investments in landed property, rather than in an open and easily convertible form.

2. An important result of the proposed Bill will be that it will immensely improve the position of the female members in a Hindu family. The widow and the daughter of the acquirer, often left helpless, will in the absence of male issue, take by inheritance the deceased's gains of learning in preference to distant male members who can, u[illegible] the present law, lay claim to the s[illegible] by survivorship.

3. The present rule is archaic. It is b[illegible]l upon a misconception of the true spirit o[illegible]e Hindu Law and has, in modern condition[illegible]f Hindu society, the effect of stagnation. [illegible] breeds most wasteful litigation, as is obvious to any one, who has even a cursory acquaintance with reported Indian decisions or [illegible] Daily Cause Lists of judicial tribunals. I[illegible] necessary that the original doctrine should [illegible] revived, which will set the spirit of priv[illegible] enterprise and individual exertion once more free from the trammels imposed in later times.

4. The Bill aims at laying down the law in a progressive spirit suited to modern times, and in terms free from ambiguity. It seeks to remove the grave uncertainty and doubt which hang round the question. The important modification of the existing law, which it seeks to introduce, is to put the gains of special or scientific learning on the same footing as those of ordinary education. There are cogent reasons, in modern conditions of life, for the adoption of such a course. Any other plan must result in impracticable and fanciful distinctions and anomalies. To refer only to one case which is a fruitful source of harassing litigation. The issue is comparatively clear as to cases where the education imparted at the expense of the family funds is a purely elementary one. (Lakshman *versus* Jamnabai, I. L. R. 6 Bombay 225.) It is equally clear where such instruction is in a special branch of education, for instance, training for the I. C. S. (Gokal Chand *versus* Hukam Chand-Nath, L. R. 48, Indian Appeals, p. 162.) But the issue is not clear in cases which fall neither in the one nor in the other category. Such cases are numerous.

5. Under the old law of the Smritis (with possibly the single exception of Katyayana), acquisitions made by means of learning were the exclusive property of the acquirer. (See, *e.g.*, Manu Smriti, Chapter IX, Verse 206, Narada Smriti, Chapter XIII, Verse 6.) There was no distinction drawn between ordinary or special and scientific education, nor between ordinary and extraordinary gains of learning. If, however, the acquisition itself was made with the aid of family funds, it was divisible among the coparceners. Later commentators, however, relying upon the text of Katyayana, have placed restrictions on the right of the acquirer in the gains made by him by means of his learning. According to these later authorities, the gains of science are divisible among the members of the family, if the acquirer was instructed in the science by a member of his family or if, while he was studying the science, he or his family had been maintained by other members of the undivided family. It was only when the learning was acquired from a stranger and while receiving maintenance from strangers, that the gains of science formed the separate property of the acquirer. According to these commentators, whether the learning is ordinary or special, the gains of such learning are devisible if the learning was imparted at the expense of the family or by a member of the family. The Mitakshara does not make any difference between the ordinary and extraordinary gains of learning.

6. The view taken by the Courts with regard to this question has undergone considerable fluctuations. At first it was held that the gains of an ordinary general education, at all events the [illegible]inary gains of such education, were p[illegible] if the education was imparted a[illegible] family expense or was received by a [illegible]son in the enjoyment of a [illegible]mily maintenance. Latterly, however, [illegible] tendency of the Courts has been in favour [illegible]he opposite view, *viz.*, that the gains of [illegible]ducation imparted at the expense of the family are divisible only when the education is in a special branch of science which is the source of acquisition and not the elementary or general education which is the necessary stepping stone to the acquisition of all science. The view taken by the Courts at the present time is opposed to the ancient texts, and is based upon distinctions of an unworkable character which have caused great uncertainty and confusion in their practical application. They place one class of earnings at a great disadvantage. The large majority of people who acquire property by means merely of an ordinary or general education, can treat their gains as their separate property; but the comparatively smaller section of the community, which acquires

* See 1891, Madras Law Journal, p. 139, and 1900, Madras Law Journal, p. 1.

property by means of a special, scientific or extraordinary education, must divide its gains with the other members of the family. There is often great difficulty in working out the distinction drawn between the two classes of cases. What is special or scientific education and what is ordinary or general education is a matter which it is extremely difficult to determine. The standard of education varies in different localities, in different classes and in different families. It is also shifting from time to time. What might at one time have been regarded as extraordinary education becomes ordinary education after the lapse of some years. What might be ordinary education in the case of a wealthy family would be extraordinary education in a family of scanty means. The result is a great uncertainty of the present law. It is impossible for any person who acquires property by his learning to feel any certainty that his earnings will be regarded as his own. The uncertainty is greater if the distinction drawn in some of the texts and decisions between ordinary and extraordinary gains of learning is borne in mind.

7. A state of the law which renders it impossible for the acquirer of property to know whether he can or cannot exercise any control over it, calls for immediate alteration. The desire of a person to keep for himself what he has earned and the disposition to regard such earnings as his exclusive property are so universal that the claim of the acquirer to his acquisitions must be regarded as natural and legitimate. Likewise, the legal recognition of the claim of the acquirer to be master of his own earnings is the strongest impetus to exertion, an incentive to increase his wealth and a means of promoting the progress of the community.

8. The question did not assume any great importance till modern times, for self-acquisitions were comparatively rare. Under the old conditions of life, when the members of a family all lived together in the same place and followed the same occupation, there was seldom any scope for such acquisition. But, under the altered conditions of present-day life, when the joint family is constantly splitting up and the members leave their ancestral home for distant places to seek their living by new pursuits, not merely is the strength of the family tie considerably loosened, but the amount of the acquisitions of the individual members is, in the main, determined by the capacity, character and special aptitude of the individual.

9. It cannot be denied that the consequences of the present law are unfair to the acquirer and his widow and female issue. So long as he remains an undivided member of the family, the other members have an equal share in his earnings during his life time, and the acquirer cannot make a gift, *inter vivos* or after his death, out of his acquisitions even to his own daughter or widow, in order to redress the inequalities of the Hindu Law of Intestate succession. The idle members of his family do not act very hostilely to the earner in his life-time, for he can effect a partition, and thereby deprive them of all opportunity of sharing his subsequent earnings. Troubles generally arise after the death of the acquirer, and they affect persons least able to protect themselves. If the acquirer dies leaving a widow and female children only, the children are entitled to nothing, and the widow has a bare claim to maintenance. A more shocking case of injustice can hardly be imagined. The proposed measure will have the effect of raising in some cases at least, the status of women and uplifting them out of a position of helpless dependence in which they are placed by the present law.

10. By depriving a person of control over his earnings, the present law checks the natural impulses to earn and to save. It has also the effect of compelling the acquirer of property to find a means of circumventing the restrictions of the law. It exercises a demoralizing influence upon his character by inducing him to have recourse to dishonest subterfuges like *binami* transactions.

11. Likewise, the present rule is not favourable to the growth of self-reliance among the dependent members of the family. In a rich family, it offers a premium to extravagance, idleness and perpetual discord. Its injustice is manifestly falling. Take, *e.g.*, a case in which a father has three sons and incurs the same expenditure on their education. He sends them all to England to be educated for the I. C. S. One is successful, the other two fail. Of the two who fail, one takes to trade, the other is unwilling to do any work and remains idle. The trader earns a large fortune, which the present law allows him to keep to himself, because his education in England was for the Civil Service and not for trade. But, out of the earnings of the Civilian, two shares are claimed, one by the trader and the other by the brother who has been idle. The trader keeps his own earnings and also takes a share of the Civilian's earnings. Take again a case in which three brothers are given by their father the same education, for the same profession and at the same cost. Though they have had the same start in life, the degree of success attained by them may vary according to the differences of aptitude, character and other advantages, natural or accidental. Is there any reason in this case why the more successful brother should be compelled to share his earnings with his less able brothers? It is not suggested here that the claim of a brother to support and assistance should not be recognised by his more fortunate brother, but the claim should rest upon purely moral sanctions, and should be invested with any legal recognition. Owing, as we all do, the great intensity of family ties among Hindus, it would be absurd to contend that, if legal obligations were removed, the moral obligation would cease to be recognised even to the extent to which it prevails among non-Hindu races.

12. There is, likewise, ample basis for the view that the ancient Hindu Law did not regard a person who spent money upon the education of a member of his family as having any legal right to reimbursement or return of the outlay. Ages ago, it was laid down by the Smritis, and it is still the law, that an educated member of the family is entitled to demand a partition at any time and his share is not liable to be debited with even a farthing of the cost of his education, however high it may have been. Nor can the member who has made the outlay compel the member, educated at his expense, to earn or to save or

even to postpone his demand for partition, and it is perfectly true to assert that a member of the family who spends money for another's education has no legal right to any return of the outlay. His expectation of benefit, if any, is a mere moral expectation, and it is neither necessary nor feasible to clothe it with legal sanction without violating the most deep-rooted principles of the Hindu Law.

13. If an educated member of a family, unrestrained by feelings of delicacy, forces a partition as soon as he begins to earn, the family has no legal claim upon him for reimbursement of the outlay made on his education, nor any share in his future acquisitions. It is not, therefore, merely anomalous but unjust that, while in such a case the earning member should be able to keep all his earnings to himself, the educated member who, from feelings of generous delicacy, does not wish to enforce a partition against the other members, but confers benefits upon them during the time they are joint, should, in return for his generosity, be subjected to the penalty of a forfeiture of the greater part of his own acquisitions.

14. The Bill will also have the effect of preventing an inquiry into the character of the education and the means by which such education was imparted. The difficulties of such an inquiry in any suit concerning the property of the acquirer are enormous, especially when it takes place after the death of the acquirer and many years after the completion of his education. In most cases, such an inquiry is very harassing, when conducted at the expense of the estate and with a helpless widow or daughter on the defensive.

15. No fear need be entertained that the present Bill, if passed into law, will lead to the violent break-up of the joint family system, for, while the existing law furnishes the strongest inducement to the educated member to separate himself as soon as he begins to make a respectable income, the Bill, on the other hand, would remove this inducement.

16. The Bill is in conformity with the unquestionable working of the 'great law of property' as Ruskin called it, which obtains in all civilised countries and according to which a man who works for a thing shall be allowed to get it, keep it and consume it in peace.

The following Bill was introduced in the Legislative Assembly on the 26th September, 1929:—

L. A. BILL No. 30 OF 1929.

A Bill to regulate the publication of reports of judicial proceedings in such manner as to prevent injury to public morals.

WHEREAS it is expedient to regulate the publication of reports of judicial proceedings in such manner as to prevent injury to public morals; It is hereby enacted as follows:—

Short title, extent and commencement.

1. (*1*) This Act may be called the Judicial Proceedings Regulation Act, 19 .

(*2*) It extends to the whole of British India including British Baluchistan and the Sonthal Parganas.

(*3*) It shall come into force on the 1929.

Publication of judicial proceedings relating to an indecent matter.

2. It shall not be lawful to print or publish or cause or procure to be printed or published in relation to any judicial proceedings any indecent matter or indecent medical, surgical or physiological details, being matter or details the publication of which would be calculated to injure public morals:

Provided that nothing in this section shall apply to the printing of any pleading, transcript of evidence or other document for use in connection with any judicial proceeding or the communication thereof to persons concerned in the proceedings or to the printing or publishing of any notice or report in pursuance of the directions of Court, or the printing or publishing of any matter in any separate volume or part of a *bonâ fide* series of law reports or in any publication of a technical character *bonâ fide* intended for circulation among members of the legal or medical profession.

Punishment.

3. If any person acts in contravention of the provisions of this Act, he shall in respect of each act be liable on summary conviction to imprisonment for a term not exceeding two months or to a fine not exceeding one thousand rupees or to both such imprisonment and fine:

Provided that no person other than a proprietor, editor, master, printer or publisher shall be liable to be convicted under this Act.

STATEMENT OF OBJECTS AND REASONS.

Progressive countries [illegible] realised the necessity of preventing [illegible] publication of indecent details concerning judicial proceedings, the two outstanding examples [illegible] France and Great Britain. The nec[illegible] that arises in this behalf is an urge[illegible] particularly in cases where minor child[illegible] are involved and where sordid details [illegible] domestic life have to be exposed in law-[illegible] courts. This Bill follows generally the lines and language of the British enactment covering the same subject.

The following Bill was introduced in the Legislative Assembly on the 26th September, 1929:—

L. A. BILL No. 31 OF 1929.

A Bill to abolish the punishment of death for offences under the Indian Penal Code.

WHEREAS it is expedient to abolish the punishment of death in British India, which may be inflicted in pursuance of sentences passed under the Indian Penal Code; It is hereby enacted as follows:— XLV of 1860.

Short title, extent, application and commencement.

1. (*1*) This Act may be called the Abolition of Capital Punishment Act, 19 .

(*2*) It extends to the whole of British India, including British Baluchistan, and the Sonthal Parganas.

(*3*) The provisions of this Act shall apply to all persons to whom the provisions of the Indian Penal Code apply.

(*4*) It shall come into force on the 1st January, 1931.

Abolition of capital punishment.

2. Notwithstanding anything contained in the Indian Penal Code whereby Courts are empowered to pass a sentence of death by way of punishment, no Court in British India shall pass such sentence of death for any offence committed in or outside British India, by any person to whom the provisions of this Act apply. XLV of 1860.

Exception.—The provisions of this Act shall not affect the provisions of section 132 of the Indian Penal Code or, of the Indian Army Act, 1911, or any other law or Statute passed either by the Indian Legislature or the British Parliament, under which death penalty can be inflicted, and which affects the discipline or maintenance of His Majesty's military, naval or air forces in India. XLV of 1860. VIII of 1911.

STATEMENT OF OBJECTS AND REASONS.

Capital punishment has been wholly or partly abolished in many of the progressive countries of the world. Australia, Belgium, Denmark, Holland, Italy, Norway, Portugal Sweden, and a few States in America have already done away with death penalty. Public opinion in England, and in many other countries is also coming round to the view that capital punishment is a relic of barbarism, and is not suited to the social needs of the present time. The plea that capital punishment acts as a deterrent, and exercises a restraining influence, is not borne out by the experience of modern States.

The arguments in support of the abolition of the death penalty are shortly as follows:

It demoralises those who inflict it; its harshness has the effect of coarsening the public sentiment. To authorise killing is to tamper with the sanctity of human life; sometimes innocent persons have been sentenced to death, and in such cases no reparation is possible. Science has now proved that murders are often committed under the influence of a frenzy, which is of the nature of a disease, and has to be treated like many other diseases by proper therapeutic means. To end the life of such criminal may seem to be a short cut; but it has the effect of depriving the culprit of all opportunity of improvement under proper remedial conditions. In times when the dignity of human life was not adequately realised, public conscience tolerated this drastic remedy. But with the growth of a larger perception of the economy of human life, and the need of making the best use of the same, it is necessary that means should be adopted to remove this method of punishment. The principle that punishment for offences should be primarily regarded as a means of correction and reformation of criminals and criminally inclined persons, as also as a means of educating the social conscience of the community against crimes of violence or cruelty makes it imperative under modern conditions that the death penalty for offences should be abolished. The provisions of the Bill are accordingly intended to give effect to the above objects.

The Bill is not intended to affect any Statute of the British Parliament applicable to India; nor does it in any way affect discipline in His Majesty's army, navy, or air force.

The following Bill was introduced in the Legislative Assembly on the 26th September, 1929:—

L. A. BILL No. 32 OF 1929.

A Bill further to amend the Court-fees Act, 1870, for a certain purpose.

WHEREAS it is expedient further to amend the Court-fees Act, 1870, for a certain purpose hereinafter appearing; It is hereby enacted as follows:—

Short title, extent and commencement.

1. (*1*) This Act may be called the Court-fees (Amendment) Act, 192 . VII of 1870.

(*2*) It shall apply only to Ajmer-Merwara.

(*3*) It shall come into force at once.

Amendment of section 7, Act VII of 1870.

2. To clause (*ii*) of section 7 of the Court-fees Act, 1870, the following proviso shall be added, namely:— VII of 1870.

"Provided that, in suits for maintenance by widows, the amount of fee payable under this Act shall be computed according to the value of the subject matter of the suit and such value shall be deemed to be the amount claimed to be payable for one year only."

STATEMENT OF OBJECTS AND REASONS.

Under section 7, clause (*ii*), of the Court-fees Act, 1870, the amount of fee payable in suits for maintenance is computed according to the value of the subject matter of the suit which is deemed to be ten times the amount claimed to be payable for one year. This operates with great hardship on poor widows, who have to sue for maintenance. A widow claiming Rs. 10 a month for maintenance has under the present law to pay court-fees on Rs. 10 × 12 × 10 = Rs. 1,200 and then process fees to get witnesses summoned have to be paid in addition, and these fees are also computed on this large sum of Rs. 1,200. Widows who claim maintenance are very poor and they can hardly afford to pay such high court-fee and process fees. They have often, therefore, to forego their right of maintenance and have to live at the mercy of the people, who are under legal obligation to maintain them. In cases, where widows are able to raise money to pay such high fees, they do so on terms which impose very heavy, often unbearable, burdens on them.

Moreover, claims for maintenance by widows are distinguishable from other claims for maintenance and annuities and deserve more considerate treatment.

This Bill proposes to give facilities to widows claiming relief in this respect by reducing the value of the subject matter of the suit from 10 times the amount claimed to be payable for one year, to the amount claimed to be payable for one year only.

Nature of right taken by widow

4. Notwithstanding any rule of the Mitakshara to the contrary, every widow shall have a right to enjoy, during her life-time, or widowhood (in the event of re-marriage) any share of the property, to which her husband would have been entitled, if a partition had been effected just prior to his death:

Provided that where the husband has left male issue, she shall be entitled, during her life, to a share equal to that of a son.

5. Notwithstanding anything to the contrary in the Mitakshara or Dayabhaga schools of Hindu Law, the sister and sister's son shall rank, in the order of succession, next after the brother's grandson.

Women's right to partition.

6. Notwithstanding anything to the contrary in Hindu Law, a woman shall have a right to claim partition of a share, to which she may be entitled and get the same separated.

Rights of alienation in a joint Hindu family.

7. Notwithstanding anything to the contrary in Mitakshara, a member of a joint Hindu family shall be entitled to alienate family property by way of gift, devise, sale, mortgage or the like with respect to the whole or any portion of his share.

STATEMENT OF OBJECTS AND REASONS.

It is intended by this Bill to extend the scope of the Hindu Law of Inheritance, as at present administered, by giving larger rights to women generally and to the members of a Hindu joint family and also to sister's sons and other heirs. As regards the existing rights of inheritance of women under Hindu Law, there is a large body of public opinion which desires that their position should be improved, especially that of daughters and widows. I have thought over the matter and consulted friends on the subject; and I must confess that while the desire to improve the position of daughters, sisters, sister's son and widows, to mention only a few of the heirs under Hindu Law, is strong in them, there is not only no consensus of opinion, as to what should exactly be their position and status, with respect to succession, but there is a great diversity and divergence of opinion. Some say that the giving of a share to women and a right to partition will tend to create disruption of the Hindu joint family system, and therefore suggest that only the value of the share should be given to them. Some are of opinion that, if the value of the share be given to them the husband, the father-in-law, or other male relations, as the case may be, of the daughter, the widow, and other female heirs, will have an incentive to appropriate it to themselves, in times of need. They, therefore, suggest the advisability of giving them an annuity and making it to enure for the benefit, if necessary, of their issue, wholly, or until their education is completed, or their marriage is over, or majority is attained. I had therefore to draft Bills, from time to time, on different considerations. At last, I considered it better to provide a share to these heirs.

One object I kept in view throughout was, not altogether to ignore the claims of reversioners, who seemed to me to be unpopular in the eyes of some of the present-day Hindus, with respect to their rights of succession. They were allowed rights on the ground that it is they who have, in the absence of nearer heirs, to promote the spiritual benefit, by offering oblations and *pinda* to the propositus, in cases where he dies issueless. My chief aim in not ignoring their claim is to give some importance to the offer of *pinda* and oblation, which most of the Hindus believe would tend to the spiritual benefit of the propositus.

NOTES ON CLAUSES.

In clause 2 of the Bill I provide for the daughter a share in the property of the father. The reason for this is, that, I consider, it is just, for she shares, with sons, the same family and has as good a place in her parent's ...tions as the sons.

As the Law at present stands, under the Mitakshara School of Hindu Law, if one of two undivided brothers dies first, leaving a daughter, and afterwards the surviving brother dies childless, the estate will pass to the collateral relations and not to the daughter of the first brother. But, under the Dayabhaga School, which obtains in Bengal the daughter would, at once, take the share of her deceased father. In this case, and circumstances such as these, the administration of Law, so far as the daughters governed by the Mitakshara

School is concerned, is felt to be a great hardship. I have therefore practically suggested that, in this respect, the law under Mitakshara should be brought into line, with that under Dayabhaga, and in those parts of the country where the Mitakshara prevails she should be allowed a definite share. The idea of allowing female issue a share in her father's estate is not altogether foreign to Hindu Law. If I remember aright, Yagyavalkya advocated a share to daughters.

The clause makes it clear that daughters shall have a share, irrespective of any circumstances, in which they may be placed. My reason for this is, there is a great variance in this matter in different parts of the country; and I consider these differences should not be kept up in the present conditions of things. There are certain castes, in certain parts of India, where there are local or family customs, by which a daughter is excluded from succeeding to the widow of her father.

In Bengal, incontinence will prevent a daughter taking the estate of her father. In other parts of India, virtue in the daughter is not considered essential for her to inherit; and it is not enforced in the case of any female heir other than a widow or wife.

Again, in a decision reported in the Bombay High Court Reports, it was stated that a daughter should be excluded from inheritance, in case she suffered from an incurable disease, on the authority of *Smriti Chandrika*, which based its views as to rights of daughters, upon religious principles; but the Madras High Court declined to accept this view. Similarly, with regard to other matters mentioned in the proviso, there is a great divergence of opinion. I consider that, in this matter, she should be given a right, unfettered by any conditions.

Proviso 1 allows daughters no equal share with sons, but only a moiety of their share. The reason for this distinction is that while both the son and daughter share their parent's blood equally and are equally high in the affections of their parents, one continues in the family and perpetuates the lineage of the father, the other passes out of it into a different family. On this account, I considered that a differentiation in the matter of the share was proper.

Proviso 2 deals with the cases of the rights of a widow, mother or father of a person to whose properties daughters succeed along with the sons or by themselves, when the father is devoid of male issue. Considering the father is bound to maintain them irrespective of the possession of assets from their ancestors, it is only right they should not be altogether neglected by their grandsons (so far as the parents of the father are concerned) and by their sons (so far as their own mother or step-mother is concerned). I, therefore, thought it right, they should get a portion of the share provided for the daughters for their lives, with a reversion of the same to the daughters or on their default to their heirs.

Proviso 3 places the eldest daughter in the same position as the eldest son, so far as her right to succession to Impartible Estates, and to estates in which the Law of Primogeniture prevails, or in both; and in all cases where the father leaves no sons, it gives to the other daughters the same rights as to the younger sons left by the father, whose property is taken by the eldest son alone.

Clause 3 gives daughters in the share provided for her, absolute powers, except that in case where she inherits the whole property of her father, it is, in a certain proportion, divided between her sons and daughters as it is considered just, that the daughters also should get a small share in her mother's property, inherited by the latter, from her father, along with her sons. The son is necessarily provided with a larger share, as he gives *pinda* to his maternal grandfather, which daughters cannot do. In case of the failure of issue, or in case of the existence of only daughters, on the principle that those who give *pinda* to the maternal grandfather should be also benefited, I provided reversion of the whole share in the former case, and a half share in the latter case.

In cases where she has brothers and gets a fractional share, I provided that her children, and in their absence, her heirs, shall take her share and not the father's reversioners, as the father has male heirs to attend to his spiritual needs.

Clause 4 deals with the case of the widow's right. Under Dayabhaga school of law, a widow is entitled to the share of her husband for life. This is, of course, due to the fact that the law, as administered under Dayabhaga school, treats each member of an undivided family as a tenant in common and not as a joint tenant. Under Mitakshara school of law, the case is different; and a widow is entitled to maintenance from members of a joint Hindu family, though she succeeds to her husband's share, where he leaves self-acquired or separate property. It is proposed in this clause to follow the provisions of Dayabhaga in all cases. I know that there is a difference of opinion, on this matter, among those, who follow the rules of the Mitakshara. Whatever be the view taken the maintenance now allowed to the widows under Hindu Law as administered in parts other than Bengal, where Dayabhaga law prevails, varies from the full income of the share of the husband to a trifle, at the discretion of Courts. In order to give effect to her right to the full share of her husband's income, I provided that the share of the husband should be given to her for life, as in Bengal.

Proviso to clause 4 gives a widow, in cases where the husband leaves male issue, a share equal to that of a son for her life. I think it is only reasonable that the mother who was the mistress of the house before her husband's death, should be treated equally with a son in the matter of a share, though such share be limited for her life.

Clause 5 deals with the cases of sister, and sister's son. Both these are very hard cases deserving of great consideration.

In the case of a sister and her position as heir under Hindu Law, it has a chequered career. Mayne in his Hindu Law stated as follows: "She is said to have no religious efficacy whatever, as she cannot offer any oblations to her brother. Benares writers, while accepting her as a *sapinda*, by reason of

affinity, do not make her a *gotrasapinda*, as she passes into a strange *gotra* immediately on her marriage. A passage in *Sancha* and *Lachita* seems to affirm the right of a sister to succeed to her brother. Nandapandita and Balambhatta interpret the text of the Mitakshara, which gives inheritance to brethren, as including sisters, so that brothers take first and then sisters. The Bombay High Court, though it accepted this interpretation, does not fix her position in the line of heirs. But this is said to be opposed to the spirit of the Benares Law. Her position now stands as follows. In Bombay her right to succeed to the brother is beyond dispute. In Bengal and Benares, she has no right. In Madras, her right was recognised a few years ago and she is placed, even where she is recognised as heir, very far away from daughters and brothers." This, I consider, is very unjust.

Similarly with regard to sister's son, the same high authority says that "he has suffered and been suffering grave injustice in the matter of his right of inheritance. Among the *Bandhus* who are omitted by the Mitakshara, the sister's son has had the severest struggle for existence, having even run the gauntlet of an adverse decision from the Privy Council. His right has always been recognised under Bengal Law. She is expressly named by the Dayabhaga. In the provinces governed by Mitakshara (not including Western India) it was supposed that she had no claim and this view was put forward almost unanimously by Text writers, Pandits, and Judges. The decision of the Bengal High Court was afterwards followed by the Madras High Court and in the High Court of the North-Western Province." In the circumstances I thought it would be only right to advance their ranks in the order of succession.

Clause 6 deals with the right of women to claim partition. "In former times," according to Mayne, again "when partitions were made, interests of women were much better provided for, than at present. When partition took place at father's death, the mother and the grandmother were each entitled to a share equal to the sons and the unmarried daughters each to a fourth share. If sons chose to remain undivided, they had a right to do so. Women could never compel a division. This still obtains where the father leaves male issue." To me it looks unreasonable and unjust to give woman a right to division and yet place restrictions thereon. I therefore provided for this right.

In spite of all this, the sister and sister's son were recognised by decisions to be *mere* heirs. This is hardly fair. They deserve to be brought much nearer than they are at present in the matter of their rank in the order of succession. What is after all the difference between a brother and sister, except it be their sex? While one continues in the *gotra*, the other goes out of it. The same thing may be stated with regard to the brother's son and sister's son. So far as the blood relationship is concerned, one is as near to the propositus as the other. In the case of the sister's son he is in a position to attend to the spiritual necessities of his maternal uncle. I therefore think it is only right that these two heirs, the sister and her son should be promoted and allowed to rank at least after the brother's grandson. I, therefore, suggest that these be ranked as provided for in the order of succession.

Clause 7 deals with the right of alienation by a member of a joint Hindu family to dispose of his share of property as he likes. At present, an alienation by him is invalid, unless he was divided or had declared, in an unequivocal manner, his intention to divide or separate (*vide* 31 M. L. J. 55 P. C.; 43 I. A. 15). If he so likes, just before he devised his property, he could make this declaration and then his disposition is held to be valid. In these circumstances, there is no meaning in saying that a coparcener has no right to devise property, when he can do it by means or merely making an unequivocal declaration.

The following Bill was introduced in the Legislative Assembly on the 26th September 1929:—

L. A. BILL No. 36 OF 1929.

A Bill further to amend the Indian Penal Code.

WHEREAS it is expedient further to amend the Indian Penal Code; It is hereby enacted as follows:— XLV of 1860.

Short title, extent and commencement.

1. (*1*) This Act may be called the Indian Penal Code (Amendment) Act, 192 .

(*2*) It extends to the whole of British India.

(*3*) It shall come into force on the first day of April, 192 .

Insertion of new section 317A in Act XLV of 1860.

2. After section 317 of the Indian Penal Code the following section shall be inserted, namely:— XLV of 1860.

Punishment of putative father as abettor of offence by mother under section 317.

"317A. Whenever the mother of an illegitimate child, below the age of twelve years, shall expose or leave such child in any place with the intention of wholly abandoning such child and is convicted under section 317 of this Act, or of murder or culpable homicide, as the case may be, if the child dies in consequence of the exposure, the putative father of the child shall be charged with abetment of the offence for which the mother has been accused or convicted, and shall be presumed to be guilty until the contrary is proved, and he shall be punished with imprisonment of either description for a term which may extend to seven years, or with fine, or with both."

STATEMENT OF OBJECTS AND REASONS.

Man-made laws have at times been extremely harsh on women folk. A woman often suffers special obloquy and even gets outcasted if she becomes a mother through free love while in unmarried or widowed state. To save herself from social ostracism often she has recourse to exposure of the child of the illicit love on the roadside. At times the poor mother has not the where-withal to support the child and social ostracism forces her to abandon the child. The law—man-made law it is in every case—provides for exemplary punishment to the unfortunate woman, but the real culprit—man who seduced and abandoned the helpless girl and the innocent child in their deplorable state—goes unpunished. The present Bill, if passed into law, will hold the putative father equally guilty for the murder of the innocent child, and he shall be liable to receive equal punishment with the mother. Incidentally such a deterrent law will minimise seduction of helpless widows and maidens, and illicit love will be a forbidden fruit.

GOVERNMENT OF INDIA.

The following Bill was introduced in the Legislative Assembly on the 26th September, 1929 :—

L. A. BILL No. 39 OF 1929.

A Bill further to amend the Indian Electricity Act, 1910, for certain purposes.

WHEREAS it is expedient further to amend the Indian Electricity Act, 1910, for certain purposes hereinafter appearing; It is hereby enacted as follows :— IX of 1910.

Short title, extent and commencement.

1. (*1*) This Act may be called the Indian Electricity (Amendment) Act, 192 .

(*2*) It extends to the whole of British India.

(*3*) It shall come into force on the 1st day of January, 1929.

Amendment of section 37, Act IX of 1910.

2. In clause (*b*) of sub-section (*2*) of section 37 of the Indian Electricity Act, 1910, after the words "regulate the publication of notices" the words "in any newspaper published in the area of supply, or, in absence of the same, in a newspaper published in the province," shall be inserted. IX of 1910.

STATEMENT OF OBJECTS AND REASONS.

Section 37 of the Indian Electricity Act, 1910, empowers the Governor General in Council to make rules to regulate generation, transmission, supply and use of energy, and, generally, to carry out the purposes and objects of the Act, and the Indian Electricity Rules of 1922 were framed for that purpose.

Applicants for an electric licence to supply in any area of supply are required to advertise the draft licence in three successive issues of the same newspaper published or circulated in the proposed area of supply. This loophole "circulated in the proposed area of supply" leads to many abuses. Advertisements have appeared in newspapers published outside the province even. That was not the purpose of the Act or Rules. With the attainment of provincial autonomy, it should be only natural to expect that such notices should be advertised in newspapers published in the town or in the province. The provision in the rule "or in such newspapers as the Local Government may approve" covers the second alternative.

I may add here that the Bill, if passed into law, will necessitate an amendment of Rule 13, clause 3, to the following effect:—

In Rule 13, clause 3, omit "circulated" after the words "in at least three successive issues of same newspapers published."

In addition to the details required on the reverse, clear information should be given below under the following heads:—

(*a*) If the ordinary surplus is insufficient to meet the charges of the proposed loan, the particular steps which the municipality has taken, or has agreed to take, in order to make good the deficiency.

(*b*) The reserve of taxation or other possible means of increase in the revenues of the municipality. The rates at which each of the taxes mentioned in column 12 on the reverse are levied, other than tax on persons, should be stated here.

(*c*) A statement of all outstanding loans specifying in respect of each loan, the date when taken, the purpose (very briefly), the amount, the annual charges involved, and the amount still payable.

(*d*) Any explanations in regard to receipts and expenditure to show the true financial position of the municipality when such position is otherwise than the ordinary surplus would indicate.

(*a*) The ordinary surplus is not quite sufficient to meet the charges of the proposed loan but the interest with the capital would be met from the water-rate.

(*b*) The municipality expects a substantial increase to its income by the imposition of water-rate and the Municipal Commissioners expect to introduce holding tax in place of personal tax if possible.

(*c*) A loan of Rs. 3,667 was taken from Government on the 5th February 1923 to meet the cost of constructing methers' sheds for thirty years re-payable in thirty equal annual instalments of Rs. 295-8-2, and out of it six instalments have already been paid. The loan was sanctioned by Government of Bengal, Local Self-Government Department, Local Self-Government Branch, No. 208L.S.-G., dated the 30th January 1923.

(*d*) From the informations supplied in paragraphs (*a*) and (*b*) above it is evident that there would be no difficulty for the repayment of loan with interest in future.

II. The draft will be taken into consideration on or after the 28th November **1929**, and any objections or suggestions received before that date will be considered.

Draft Rules and Schedule of Rates of Tolls.

1. Every vessel on entering the channel and before passing the gate at either end or even when entering the channel from a side khal between the gates shall be liable to measurement for the purpose of ascertaining the tolls payable; in case of any reasonable doubt arising, a vessel may be measured again by any person appointed by the District Bo[illegible]on this behalf.

[illegible] for the purpose of the determination [illegible] maundage shall be divided into two classes as below:—

Class I.—To include all vessels of the types of country boats, including saltees and hapors (fish cages), house boats, kosh boats, green boats, etc.

Class II.—To include steam boats, motor boats, flats and barges and other square built vessels.

3. The maundage of every vessel, whether laden or empty, shall, for the purpose of Act V (B. C.) of 1864 and of these rules, be determined by the following measurements:—

CLASS I.

A. The product of one quarter the length of the vessel from stem to stern, measured along the water line, multiplied by the

interior greatest breadth of the vessel, multiplied by the depth from the water-line to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

B. The measurement of the length is to be made in feet, rejecting inches; the measurement of breadth and depth is to be made in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

C. The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of 12½ maunds, any remainder of less than 12½ maunds being rejected. In the case of vessels exceeding 500 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 50 maunds, rejecting any remainder of less than 50 maunds.

D. **Saltees.**—The product of one quarter of the inside length of the vessel, measured along the centre line from stem to stern, multiplied by the interior greatest breadth of the vessel, multiplied by the greatest depth measured from the top to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

CLASS II.

For vessel of class II the number of maunds obtained by the system of measurement prescribed for vessels of class I shall be increased by one-half. For vessels of this class above 5,000 maunds measurement, the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting any remainder of less than 500 maunds. In the case of steamers and motor boats the maundage determined as above shall be reduced by one-third as an allowance for engine space.

For vessels of class II which are furnished with reliable way bills, the gross maundage of cargo shown by the way bills or in the case of steamers, the maundage obtained from multiplying the registered tonnage of the steamer by 27, may, at the option of the employer of the vessel or the steamer (as the case may be), be taken as the maundage on which tolls will be charged [illegible]

4. (*b*) after clause (*i*) the following clause shall be inserted, namely :—

Repeal of section 8.

3. Section 8 of the said Act is hereby repealed.

Amendment of section 20.

4. After clause (*b*) of sub-section (*2*) of section 20 of the said Act, the following clause shall be inserted, namely :—

The Bengal Food Adulteration (Amendment) Bill, 1929.

(*Clause 5.*)

Amendment of section 21.

5. In the table in section 21 of the said Act,—

(*1*) to the entry relating to sub-section (*1*) of section 6 the following shall be added in the second column, namely :—

" or is not labelled or marked in the prescribed manner "

(*2*) after the entry relating to sub-section (*2*) of section 6, the following shall be inserted, namely :—

" Section 6, sub-section (*2a*).	Sale, etc., of food containing any article which is not of the prescribed quality.	Two hundred rupees.	One thousand rupees or imprisonment for three months or both ;"

(*3*) the entry relating to section 8 shall be omitted.

STATEMENT OF OBJECTS AND REASONS.

In the United Kingdom the sale or exposure for sale of condensed milk is prohibited unless the receptacle containing the milk bears a label to show to what extent dilution is necessary and whether the milk when so diluted will contain sufficient butter fat to be fit for babies. A great deal of condensed milk of various brands is imported into this country ; some kinds are full of cream and some are skimmed. The label generally contains a description, but it is rarely prominent. Illiterate purchasers can seldom distinguish between the different brands ; and as the skimmed variety is injurious to bottle-fed infants brought up on it, legislation is necessary to control the sale of such milk. Section 6 of the Bengal Food Adulteration Act, 1919 (Bengal Act VI of 1919) which deals with constituents of food in the mufassal, excludes condensed, sterilized and desiccated milk from its operation. It is therefore proposed to amend section 6 of the said Act so as to bring condensed, sterilized, and desiccated milk within its purview and to forbid the sale or exposure for sale of such milk if it contains a less proportion of non-fatty solids and of fat than such as may be prescribed by the Local Government. Power has also been taken to make rules specifying the manner in which each receptacle containing condensed, sterilized, or desiccated milk is to be labelled and marked.

It has been held that section 6 of the Bengal Food Adulteration Act, 1919, does not apply to the sale of sweetmeats containing adulterated ingredients, the sale of which by themselves would be punishable under that section. It is therefore also proposed to amend section 6 of the Act, so as to bring within its purview the sale of sweetmeats or other articles containing such adulterated ingredients.

NOTIFICATION.

No. 2885L., dated Calcutta, the 15th November, 1929.—His Excellency the Governor having been pleased to order, under rule 18 of the Bengal Legislative Council Rules, 1920, the publication of the following Bill, together with the Statement of Objects and Reasons, which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information.—

THE BENGAL MUNICIPAL (AMENDMENT) BILL, 1929.

A

BILL

further to amend the provisions of section 85 of the Bengal Municipal Act, 1884.

WHEREAS it is expedient further to amend the provisions of section 85 of the Bengal Municipal Act, 1884, so as to authorise the levying of an increased rate on the annual value of holdings in the Kurseong Municipality.

It is hereby enacted as follows:—

Short title. **1.** This Act may be called the Bengal Municipal (Amendment) Act, 1929.

Amendment of section 85 of Bengal Act III of 1884. **2.** In the first proviso to clause (*b*) of section 85 of the Bengal Municipal Act, 1884, after the word "Dacca" the word "Kurseong" shall be inserted.

STATEMENT OF OBJECTS AND REASONS.

The income of the Kurseong Municipality from sources other than water-rate and latrine fees is insufficient to cover the municipal expenditure on general purposes. Consequently the municipal commissioners have had to borrow from the Water Fund and the Latrine Fund in order to find money for outlay on general administration. As this procedure is quite irregular it is necessary to increase the income of the municipality from sources not earmarked for expenditure on particular objects. It is accordingly proposed to empower the municipal commissioners to assess the rate on holdings at 10 per cent of the annual value as in Howrah, Darjeeling and Dacca, instead of the normal maximum of 7½ per cent. It is at the same time proposed to reduce the water-rate from [illegible] 3¾ per cent. to 5 and 2½ per cent.

STATEMENT OF OBJECTS AND REASONS.

It is proposed to amend the Bengal Food Adulteration Act, 1919, so as to bring under regulation condensed sterilised and desiccated milk which at present is excluded from the provisions of section 5 of the Act. In order to make the practice in Calcutta and the mufassal uniform it is desirable that the corresponding provisions of the Calcutta Municipal Act, 1923, *viz.*, section 407 should also be amended. The present Bill provides for this. Opportunity has been taken to make a further amendment desired by the Corporation forbidding the use in butter of any preservative but salt.

2. Opportunity has also been taken to make the following amendments in the Act. These are all in the nature of drafting amendments and as such are non-controversial:—

(*a*) sub-section (*1*) with the proviso, of section 45 of the Act, which is meaningless, has been expunged and a new sub-section has been inserted to make the intention clear; consequential amendments have been made in section 49 and the heading to Schedule III;

(*b*) the mistake whereby section 26 instead of section 11 of the Land Acquisition Act, 1894, [illegible]tioned in proviso (*i*) to section 475 has been corrected:

(*c*) the omission [illegible] 3[illegible] ord " Ditto " from column 3 against entry No. 56 in Schedul[illegible] Act has been rectified;

(*d*) the clerical m[illegible]ading of Schedule XVIII has been corrected.

The according and withdrawal of recognition.

58B. (1) The Commissioner of Income-tax may accord recognition to any provident fund which, in his opinion, satisfies the conditions prescribed in section 58C and the rules made thereunder, and may, at any time, withdraw such recognition if, in his opinion, the provident fund contravenes any of those conditions.

(2) The Governor General in Council may, at his discretion, direct the Commissioner of Income-tax to refuse to accord recognition to any provident fund, or may, at any time, withdraw recognition from any recognised provident fund.

(3) An order according recognition shall take effect on such date as the Commissioner may fix in accordance with any rules the Central Board of Revenue may make in this behalf, such date not being later than the last day of the financial year in which the order is made.

The appeal shall be in the form and shall be verified in the manner prescribed by the Central Board of Revenue.

Conditions to be satisfied by a recognised provident fund.

58C. (1) In order that a provident fund may receive and retain recognition, it shall satisfy the conditions set out below and any other conditions which the Governor General in Council may, by rule, prescribe—

(a) All employees shall be employed in India, or shall be employed by an employer whose principal place of business is in British [illegible] Act, 1908,

(b) The contributions of an employee in any year shall be a definite proportion of his salary for that year, and shall be deducted by the employer from the employee's salary in that proportion, at each periodical payment of such salary in that year, and credited to the employee's individual account in the fund.

(c) Subject to the provisions of section 58D, the contributions of an employer to the individual account of an employee in any year shall not exceed the amount of the contributions of the employee in that year, and shall be credited to the employee's individual account at intervals not exceeding one year.

(2) Where there is a repugnance between any regulation of a recognised provident fund and any provision of this Chapter or of the rules made thereunder, the regulation shall, to the extent of the repugnance, be of no effect.

The Commissioner may, at any time, require that such repugnance shall be removed from the regulations of the fund.

Power to relax restrictions of employer's contributions in certain cases.

58D. Subject to any rules which the Governor General in Council may make in this behalf, the Commissioner may, in respect of any particular fund, relax the provisions of condition (c) of sub-section (1) of section 58C—

58E. The annual accretion in any year to the balance at the credit of an employee participating in a recognised provident fund shall be deemed to have been received by him in that year and shall be included in his total income for that year, and, subject to the exemptions specified in section 58F, shall be liable to income-tax and super-tax:

Provided that, for the purpose of sub-section (2) of section 15, out of such annual accretion only the employee's own contributions shall be included in his total income.

Exemption of annual accretion from income-tax.

58F. (1) An employee shall not be liable to pay income-tax on contributions to his individual account in a recognised provident fund, in so far as the aggregate of such contributions in any year does not exceed one-sixth of his salary in that year.

(2) In the accounts of a recognised provident fund, the contributions exempted from income-tax under sub-section (1) and accumulations thereof shall be shown separately, and interest thereon shall be calculated and shown separately. Such interest shall be exempt from payment of income-tax, in so far as it is allowed at a rate not exceeding such rate as the Governor General in Council may by notification in the Gazette of India, fix in this behalf.

Exemption of accumulated balance from income-tax and super-tax.

58G. Where an employee participating in a recognised provident fund has rendered continuous service with his employers for a period of not less than five years, and the accumulated balance due to him becomes payable, such accumulated balance shall be exempt from payment of income-tax and super-tax, and shall be excluded from the computation of his total income:

Provided that the Commissioner of Income-tax may allow such exemption and exclusion where the employee has rendered continuous service with the employer for a period of less than five years, if, in his opinion, the service has been terminated by reason of the employee's ill-health, or by the contraction or discontinuance of the employer's business, or other cause beyond the control of the employee.

(2) Where exemption from payment of income-tax is not allowed under the provisions of sub-section (1), the Income-tax Officer shall calculate the total of the various sums of income-tax from the payment of which the contributions and interest credited to the employee's individual account have been exempted under the provisions of sub-sections (1) and (2) of section 58F, and such total shall be payable by the employee, in addition to any other income-tax for which he may be liable for the year in which the accumulated balance due to him becomes payable.

Deduction at source of income-tax payable on accumulated balances due.

58H. The trustees of a recognised provident fund or other person authorised by the regulations of the fund to make payment of accumulated balances due to employees, shall, at the time an accumulated balance due to an employee is paid, deduct therefrom any income-tax payable under sub-section (2) of section 58G and any income-tax and super-tax payable on an employee's total income as determined under sub-section (3) of section 58J, and sub-section (4) to (9) of section 18 shall apply as if the sum to be deducted were income-tax payable under the head ' Salaries.'

Treatment of balances in newly recognised provident funds.

58J. (1) Where recognition is accorded to a provident fund with existing balances, an account shall be made of the fund up to the day before the day on which the recognition takes effect, showing the balance to the credit of each employee on such day, and containing such further particulars as the Central Board of Revenue may perscribe.

(2) The account shall also show in respect of the balance to the credit of each employee the amount thereof which is to be transferred to that employee's account in the recognised provident fund, and such amount (hereinafter called his transferred balance) shall be shown as the balance to his credit in the recognised provident fund on the date on which the recognition of the fund takes effect, and sub-sections (3) and (4) shall apply thereto.

Any portion of the balance to the credit of an employee in the existing fund which is not transferred to the recognised fund shall be excluded from the accounts of the recognised fund and shall be liable to income-tax and super-tax in accordance with the provisions of this Act other than this Chapter.

(3) Subject to such rules as the Central Board of Revenue may make in this behalf, the Income-tax Officer shall make a calculation of the aggregate of all sums comprised in a transferred balance which would have been liable to income-tax if this Chapter had been in force from the date of the institution of the fund, without regard to any tax which may have been paid on any such sum, and such aggregate (if any) shall be deemed to be income received by the employee in the year in which the recognition of the fund takes effect, and shall be included in the employee's total income for that year; and, for the purposes of assessment, the remainder of the transferred balance shall be disregarded, but no other exemption or relief, by way of refund or otherwise, shall be granted in respect of any sum comprised in such transferred balance:

Provided that, in cases of serious accounting difficulty, the Commissioner shall have power subject to the said rules, to make a summary calculation of such aggregate.

(*4*) Notwithstanding anything contained in condition (*h*) of sub-section (*1*) of section 58C, an employee, in order to enable him to pay the amount of tax assessed on his total income as determined under sub-section (*3*), shall be entitled to withdraw from the balance to his credit in the recognised provident fund a sum not exceeding the difference between such amount and the amount to which he would have been assessed if the transferred balance had not been included in his total income.

(*5*) Nothing in this section shall effect the rights of the persons administering an unrecognised provident fund or dealing with it, or with the balance to the credit of any individual employee, before recognition is accorded, in any manner which may be lawful.

Treatment of fund transferred by employer to trustee.

58K. (*1*) Where an employer who maintains a provident fund (whether recognised or not) for the benefit of his employees and has not transferred the fund or any portion of it, transfers such fund or portion to trustees in trust for the employees participating in the fund, the amount so transferred shall be deemed to be of the nature of capital expenditure.

(*2*) When an employee participating in such fund is paid the accumulated balance due to him therefrom, any portion of such balance as represents his share in the amount so transferred to the trustee (without addition of interest, and exclusive of the employee's contributions [illegible]d interest thereon) shall be deemed to be an expenditure by the [illegible]ployer within the meaning of clause (*ix*) of sub-section (*2*) of sect[illegible] 10, incurred in the year in which the accumulated balance due to the employee is paid.

Provisions relating to rules.

58L. (*1*) All rules made under this Chapter shall be subject to the provisions of sub-sections (*4*) and (*5*) of section 59.

(*2*) In addition to any power conferred by this Chapter, the Governor General in Council may make rules—

The Calcutta Gazette

THURSDAY, NOVEMBER 21, 1929.

Part VI

Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 26th September, 1929:—

L. A. BILL NO. 24 OF 1929.

A Bill to finally recognize and place beyond doubt the validation of inter-marriage of Arya Samajists.

WHEREAS it is expedient to finally recognize and place beyond doubt the validation of inter-marriage of Arya Samajists; It is hereby enacted as follows:—

Short title and extent.

1. (*1*) This Act may be called the Arya Marriage Validation Act, 192 .

(*2*) It shall apply to the whole of British India and shall apply to all cases that may come up for decision after the passing of the Act whether the marriage in question has taken place before or after the passing of this Act.

Definition.

2. For the purpose of this Act "Arya Samajist" shall mean a person who—

(*a*) is a member of any Arya Samaj; or

(*b*) is a member of the family of, or a relative dependent on, or a person under the guardianship of, any person mentioned in clause (*a*);

(*c*) within five years of the passing of this Act or within one year of his marriage (whichever period expires last) executes a written document expressing himself to be an Arya Samajist or in terms equivalent thereto; and includes the members of the family of, relatives dependent on, and persons under the guardianship of, such a person.

Explanation.—Where the document mentioned in clause (*c*) is registered under the Indian Registration Act, 1908, it shall be conclusive and no evidence shall be admissible to prove that any person mentioned in clause (*c*) is not an Arya Samajist. XVI of 1908.

Validation of inter-marriage of Arya Samajists.

3. No marriage of an Arya Samajist shall be invalid by reason of the couple having belonged to different castes or sub-castes of Hindus or to different religions, any law or usage or custom to the contrary notwithstanding.

STATEMENT OF OBJECTS AND REASONS.

As the Arya Samajists who form quite an appreciable number of the Indian population conscientiously believe that the present caste system is not in accordance with their scriptures, the Vedas, and as according to the law as administered at present marriages among couples belonging to different castes or sub-castes are considered invalid and there is a fear of the issue of such marriages being declared illegitimate and as quite a large number of such marriages have taken place and more would have taken place had there been no such obstacles, it is necessary to have a law which would give relief to the Arya Samajists. Hence the above short law is proposed.

MUKHTAR SINGH.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 26th September, 1929:—

L. A. BILL NO. 37 OF 1929.

A Bill further to amend the Special Marriage Act, 1872.

WHEREAS it is expedient further to amend the Special Marriage Act, 1872; It is hereby enacted as follows:— III of 1872.

Short title.

1. This Act may be called the Special Marriage (Amendment) Act, 192 .

Amendment of preamble to Act III of 1872.

2. In the preamble to the Special Marriage Act, 1872 (hereinafter referred to as the said Act),— III of 1872.

(*i*) after the words "a form of" the word "civil" shall be inserted;

(*ii*) after the words "for persons" the words "domiciled in British India" shall be inserted; and

(*iii*) the words "who do not profess the Christian, Jewish, Hindu, Muhammadan, Parsi, Buddhist, Sikh or Jaina religion" shall be omitted.

Amendment of section 2, Act III of 1872.

3. In section 2 of the said Act,—

(*i*) the words "neither of whom professes the Christian or the Jewish, or the Hindu or the Muhammadan, or the Parsi or the Buddhist, or the Sikh or the Jaina religion" shall be omitted; and

(*ii*) after the words "between persons" the words "domiciled in British India" shall be inserted.

Amendment of clause 2, Second Schedule to Act III of 1872.

4. In the Second Schedule to the said Act, for clause 2 in the Declarations to be made by the bridegroom and the bride, respectively, the following shall be substituted, namely:—"I am domiciled in British India".

STATEMENT OF OBJECTS AND REASONS.

The laws of all civilised countries provide for the contract of civil marriage by persons who may so desire. The disability to contract such marriages in India is merely territorial and there is no reason why a similar law should not be enacted for this country. The enactment, if passed, would be merely optional and leaves intact the existing personal laws which control the performance of marriages.

The reasons which have induced me to draft this Bill are as follows:—

Sir Henry Maine as Law Member of the Governor General's Council had introduced a Civil Marriage Bill; but, as the Government were then immediately concerned with an enactment to prescribe a civil form of marriage applicable only to Brahmos by whom they were moved for the enactment of a secular law to enable them to contract marriages, its provisions were so limited in the Bill which became Act III of 1872.

In 1909, [illegible]e Mr. Bhupendra Nath Basu and later o[illegible] S. Gour had also introduced a similar Bi[illegible]t its provisions were eventually transfor[illegible]d into those of Act XXX of 1923.

The Baroda State have recently introduced a Civil Marriage Bill; while the Laws of other Indian States are understood to provide for the performance of such marriages. The advantages of the measure, if enacted, are obvious. The Bill would enable persons subject to polygamous marriage laws to contract monogamous marriages and removed the inequality in the matter of divorce. It would elevate the status of women. These benefits have already been assured to the Hindus, Buddhists, Sikhs and Jains by Act XXX of 1923, and there is no reason why the benefit that that Act confers upon the communities named should not be extended to other communities who might as regards succession be equally brought under the law enacted in the Indian Succession Act. A provision to this effect has not been inserted in the Bill, but it can be added at a later stage if public opinion favours it. The absence of a civil marriage law lends itself to perjury and

artificial conversions which it is the policy of the State to prevent. It was so observed by Sir Henry Maine who advocated the establishment of a non-sectarian marriage law in order to prevent the abuse resulting from such conversions (Proceedings Imperial Council, dated 27th November, 1868, pp. 498, 499).

To sum up then the advantages of such marriages are as follows:—

1. Such marriages are recognised and provided for by the laws of all civilised countries, and it is possible to contract such marriages outside the territorial limits of India. The disability is, therefore, purely territorial, and patriotic Indians are naturally anxious to remove all such disabilities from their way.

2. The Bill is monogamous in its policy and would result in introducing monogamy where polygamous marriages alone are at present possible.

3. It would prevent artificial conversions resulting from the exigency of marriages.

4. It would give a wider field for selection and thus ensure a happier domestic life.

5. It would introduce a greater sincerity in marriages by dispensing with the subscription of a declaration which many desiring to marry under the existing Act have to subscribe to not without considerable mental reserve.

6. It would tend to the unification of the Indian races without at the same time interfering with their personal religion.

7. It would give the wife a more assured position and entitle her to exercise her right of divorce which may not be possible if married under her personal law.

8. And being merely optional it trenches upon no one's rights, but merely prescribes a form to those who, while desiring to escape from the thraldom of their religious ritual, do not wish to renounce it.

It is believed that, with the growing strength of the national sentiment, such a Bill has become a public desideratum, and it has therefore been decided to re-introduce it in the Central Legislature.

REPORT.

With reference to notification No. 16416A., of the Government of Bengal, dated the 31st August 1929, we have the honour to submit the following report in respect of the petition made by Babu Gangadhar Haldar with regard to the election of Mr. P. Banerji by the 24-Parganas Rural South (Non-Muhammadan) constituency as a member of the Bengal Legislative Council.

On 18th September 1929 Mr. Garlick, the then President of the Commission, called upon the petitioner to deposit further security of Rs. 2,000 and on 26th September 1929 on a prayer by the petitioner for time to give security November 4th was fixed as the date for doing so, and it was further ordered that the additional security must be given before issues were framed. It should be mentioned that before making this order the President enquired of the petitioner how long he expected the enquiry to last and the petitioner's advocate replied in a letter, dated 7th September 1929, estimating that it would take about ten days.

On November 4th the Commission sat for the first time and the petitioner raised objections to this order. Although in our opinion there were ample reasons on the record for the President's order we postponed consideration of this until the issues were framed, when we should be in a better position to estimate the probable duration of the enquiry.

On November 7th the issues were framed and the petitioner was directed to execute a bond for Rs. 2,000 with sureties as security for further costs in modification of Mr. Garlick's order to deposit the amount. We pointed out in making this order that from the issues framed it was evident that there would be a protracted hearing.

November 14th was the date fixed for executing this bond and for examination of witnesses.

On November 14th the petitioner prayed for stay of the proceedings on the ground that he had applied to His Excellency the Governor for changing the personnel of the Commission. We rejected this petition and called upon the petitioner to execute a bond as ordered. On this he put in a further petition and stating that he could not submit to the humiliation of furnishing security and was unwilling to do so, and prayed that the order might be revoked. This prayer also we rejected.

The petitioner having refused to comply with our order, in our humble opinion the petition ought to be dismissed, as it was in the case of Narayan Laxman *versus* Atmaram Mahadeo Atavne, Vol. III, Madras Election Petitions, page 173. We therefore recommend that the petition be dismissed with costs, and that the petitioner should pay to respondent No. 1 Rs. 200 towards the costs of this petition.

ADDENDA AND CORRIGENDA.

No. 5271F.—23rd November 1929.—The following corrections have been authorised and are published for information:—

The Bengal Financial Rules, 1st Edition.

Pages 135-36—T.O. 16, S.R. 35, clause (l).—Substitute the following for this rule and all notes except Note I under the rule:—

10A. The following transactions of the Provincial Government will be taken to the nearest anna, six pies and over being treated as one whole anna and amounts less than six pies being omitted:—

(1) Payments to or recoveries from Government servants and pensioners, except as specified below:—

(*a*) In the case of emoluments fixed by statute, the payment may be to the next higher anna.

(*b*) In the case of pies occurring in life insurance premia under the Postal Life Insurance scheme, and in subscriptions to uncovenanted pension funds, such as the Bengal and Madras Service Family Pension Fund, the Bombay and the Bengal Uncovenanted Family Pension Funds, which are deducted from pay bills, the total sum for twelve months is bound to be an even sum of annas, and every subscriber should be asked to pay to the nearest anna eleven months in the year, the necessary adjustment being made in the last month; thus, a man who has to pay Rs. 3-5-7 per month may pay Rs. 3-6-0 per month for eleven months and Rs. 3-1-0 in the twelfth month. In the case of the General Provident Fund and the Indian Civil Service Pension Fund deductions will, however, be made in whole rupees.

(*c*) As regards recoveries of amounts under objection, when all amounts of bills are calculated in annas, there cannot be any pies in objection books, except in the case of recoveries of advances in instalments. These instalments need not be exactly equal and the recoveries should be so fixed as to be always in annas, the last instalment being adjusted as necessary; thus a motor car advance of Rs. 5,000 to be repaid in 36 instalments, should be recovered as follows:—35 instalments of Rs. 138-14-0 and a last instalment of the balance Rs. 139-6-0.

(2) Accounts rendered by one Government or Department to another—

NOTE.—Pies need not be eliminated in exchange accounts between one Government or Department and another if it is not possible to remove them from the original transactions.

(3) Amounts converted into Indian currency from sterling. The same rule should be applied ordinarily to receipts on account of remittance transfer receipts, deposits, and to all receipts other than receipts of revenue which are fixed by or under any law.

Page 184—F. R. Appendix 3, rule 12, II, clause (g).—Substitute the following for the last sentence:—

"See the note under article 151, Account Code."

Page 68—Rule 218.—Under clause (*a*) of this rule *insert* the following as a note:—

NOTE.—As an exception to this rule, the details need not be reproduced in a subsequent bill if the details of all the items of that bill are contained in a single previous bill.
